# Introduction to the Post-Secondary Central Data Warehouse, June 2017

**The Post-Secondary Central Data Warehouse reflects student-level data submitted by 21 of B.C.'s public post-secondary institutions, including colleges, institutes and seven universities. University of British Columbia, University of Victoria, Simon Fraser University and University of Northern British Columbia are not included in these reports.**

**The following 5 institutions were granted university status as of September 1, 2008, and their names changed at that time:**
-Capilano College became **Capilano University**
-Emily Carr Institute of Art + Design became **Emily Carr University of Art and Design**
-Kwantlen University College became **Kwantlen Polytechnic University**
-Malaspina University-College became **Vancouver Island University**
-University College of the Fraser Valley became **University of the Fraser Valley**.

**Quality Control**

Since June 2002, a data quality management plan has been in place to measure and improve the overall quality of data in the Central Data Warehouse. This plan was revised in 2013. The ministry acknowledges the effort and co-operation of the public post-secondary institutions for ongoing improvement in the quality of post-secondary enrolment and credential data.

**Time Periods**
The standard reports present information for the following time periods:
**Academic Year**: September 1 to August 31.
**Fiscal Year:** April 1 to March 31.
**Calendar Year:** January 1 to December 31 (used in Credentials reporting only at this time).
**November 1st:** A count of all students enrolled as of November 1st each year.

A student headcount at Nov. 1 reports the number of students at a single point in time, whereas the other time periods report the number of students over an entire year. As a result, institutions that offer more frequent short-term courses (e.g. the Justice Institute of British Columbia) will have a low headcount as at Nov. 1 and much higher numbers over a year.

**Offshore Students**
Some BC institutions deliver programs in other countries. Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in headcount or credential reports.

**Unique Headcount**
In any given year, some students attend more than one institution. Since these students are included in the headcount of each institution they attend, the sum of all institutions' headcounts will include some students more than once, producing an over-stated total headcount. In the unique headcount, students who are identified as attending more than one institution are only counted once. This number represents the number of students served by the participating institutions as a whole.

**Masking**
Each number or total greater than 0 but less than five has been masked with an *; all other numbers have been rounded to the nearest 5; all values of 0 are represented by blank cells. The effects of rounding may result in totals in different reports not matching exactly when they would be expected to match.

For more information about the standard reports, please contact Dean Klompas, Team Lead, Central Data Warehouse at Dean.Klompas@gov.bc.ca.

# Definition of  Program Area

The Student Headcount by Program Area table groups programs by first coding each program according to the national Classification of Instructional Programs (CIP) taxonomy and then categorizing the 2-digit CIP codes.  The Program Area calculation has been modified since the October 2012 submission to re-assign the instructional activity of programs reported with a CIP code of 89.9992 or 99.9999 using information on course content. For example, a student with no declared program (CIP 99.9999) taking a business course will be reported under the Business and Management program area. This results in a redistribution of headcount from the Personal Improvement and Leisure (89.9992) and Other (99.9999) program areas to other program areas. This modification relies on correct CIP coding of courses and is a work in progress for some institutions, so future reports will continue to show a further redistribution.
The resulting Program Area Categories (CIP Clusters) include the following fields of study:

**Program Area Categories (CIP Clusters)**

Arts and Sciences: liberal arts, humanities, and social and physical sciences

Business and Management: business, management, marketing, office administration and related. Does not include computer and information sciences

Education: education, including preschool and aides, and library services programs

Engineering and Applied Sciences: agriculture, natural resources and conservation, architecture, computing, engineering and science technologies

Health: health professions and related clinical sciences as well as residency programs

Human and Social Services: legal professions, family and consumer sciences, parks, recreation and fitness, security services, public administration and social services

Trades: apprenticeship programs and other trades training, also transportation

Visual and Performing Arts: visual art, music, drama, and other fine arts

Personal Improvement and Leisure: primarily leisure and recreational courses, interpersonal and social skills courses, personal awareness and self-improvement courses, and some health-related courses such as First Aid

Developmental programs: Adult Basic Education, Adult Special Education, English as a Second Language training, and other pre-postsecondary level education

Other programs: not associated with a specific program; sometimes general studies

**Student Program Headcount**

Students enrolled in more than one program area in a given year are counted each time, resulting in higher totals than in the (unduplicated) Student Headcount by Institution table. For example, if a student took both an ESL program and a Physics program in the same year, this student would be counted once in each of the Developmental and Arts and Sciences program areas.

Program CIP codes have been reported using Statistics Canada's CIP 2011 guide.  For more information on the Classification of Instructional Programs (CIP), please see http://www.statcan.gc.ca/daily-quotidien/120405/dq120405e-eng.htm

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 International students are those students who pay an international fee for at least one course in the period.

3 In the unique headcount, students who are identified as attending more than one institution are only counted once. This number represents the number of students served by the participating institutions as a whole.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 International students are those students who pay an international fee for at least one course in the period.

3 In the unique headcount, students who are identified as attending more than one institution are only counted once. This number represents the number of students served by the participating institutions as a whole.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.
2 Aboriginal learners are students with Aboriginal ancestry who self-identified in the BC K-12 education system or who self-identify as Aboriginal at a BC public post-secondary institution. The Non-Aboriginal category may include Aboriginal learners who have not self-identified.

Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 Where age information is not available, age is catagorized as 'unknown'.

3 International students are those students who pay an international fee for at least one course in the period.

4 In the unique headcount, students who are identified as attending more than one institution are only counted once. This number represents the number of students served by the participating institutions as a whole.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 Where age information is not available, age is catagorized as 'unknown'.

3 International students are those students who pay an international fee for at least one course in the period.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 Where age information is not available, age is catagorized as 'unknown'.

3 International students are those students who pay an international fee for at least one course in the period.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 Where age information is not available, age is catagorized as 'unknown'.

3 International students are those students who pay an international fee for at least one course in the period.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 Where gender information is not available, gender is catagorized as 'unknown'.

3 International students are those students who pay an international fee for at least one course in the period.

4 In the unique headcount, students who are identified as attending more than one institution are only counted once. This number represents the number of students served by the participating institutions as a whole.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 Where gender information is not available, gender is catagorized as 'unknown'.

3 International students are those students who pay an international fee for at least one course in the period.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 Where gender information is not available, gender is catagorized as 'unknown'.

3 International students are those students who pay an international fee for at least one course in the period.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 Where gender information is not available, gender is catagorized as 'unknown'.

3 International students are those students who pay an international fee for at least one course in the period.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 International students are those students who pay an international fee for at least one course in the period.

3 Students enrolled in more than one program area in a given year are counted each time, resulting in higher totals than in the unduplicated Student Headcount by Institution table.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 International students are those students who pay an international fee for at least one course in the period.

3 Students enrolled in more than one program area in a given year are counted each time, resulting in higher totals than in the unduplicated Student Headcount by Institution table.

1 Student headcount represents the number of students registered in all reported instructional activity, including skills courses (e.g. community education) and developmental activity (e.g. qualifying/remedial). Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports.

2 International students are those students who pay an international fee for at least one course in the period.

3 Students enrolled in more than one program area in a given year are counted each time, resulting in higher totals than in the unduplicated Student Headcount by Institution table.

1 Non-Canadians with no visa status studying outside Canada at offshore campuses or via the Internet are not included in these reports. Credentials in short certificate programs are not included at this time. Credential numbers presented represent an undercount of the total credentials earned since students often must make an application to have their credentials awarded. Credential types listed are defined by the ministry as part of the Central Data Warehouse submission process and may not match the naming used at individual institutions.
