

Direct Deposit

The ministry uses direct deposit to issue income and disability assistance payments to clients

Have your BC Employment and Assistance deposited electronically

Direct Deposit is:

- » **Safe** – a bank or credit union is a safe place to keep your money
- » **Convenient** – no more lineups, access to funds 24 hours a day
- » **Dependable** – the money is put into your account automatically

For more information on direct deposit of income assistance or disability assistance payments, contact your Employment and Income Assistance office
