The Board of Education encourages and adopts practices that enable the district to attract, retain, and reward qualified, high-performing employees who are critical to the delivery of quality public education programs to students in School District No. 83 (North Okanagan-Shuswap).

A key component of this approach is the development and maintenance of a framework for executive and exempt staff compensation that is rational, defensible, competitive and able to be effectively administered. The framework includes a point based job evaluation plan.

Compensation Philosophy:

The Board's compensation philosophy is based upon a set of principles that guide development, maintenance, and decision-making. At its core is an integrated view of compensation and rewards – not only traditional, quantifiable elements such as salary and benefits (compensation), but also more intangible elements such as career opportunities, learning and career development, work challenge, and supportive culture (rewards). This total rewards model further integrates with plans that establish the Board's overall education, business, and human resources strategies and objectives.

Inherent in the Board's compensation philosophy are the following objectives:

- To attract and retain qualified, experienced, motivated and high-potential employees who are committed to the Board's goal of delivering a high-quality public education experience to our students.
- To support employees through the provision of meaningful career growth and development opportunities, and a performance-based organizational culture.

The Superintendent is entitled to 40 days vacation per year, and up to 10 days of professional development.
