Compensation Discussion and Analysis

Providence Health Care is a member employer of the Health Employers Association of BC and is governed by the HEABC Compensation Reference Plan. This plan has been developed pursuant to the statutory requirements of the Public Sector Employers Act and is applied across the employer members of HEABC for non-union, management and executive roles within healthcare.

Since September 13, 2012, management and executive salaries have been frozen by government directive. Providence Health Care has honored this directive.

To ensure consistency and equity, in January 2015, a harmonized benefit plan for all non-union staff and executive staff was implemented at all health authorities and Providence Health Care. At the same time, consistent terms and conditions of employment were also implemented across all health authorities and Providence Health Care.
