2. Please give a brief description of new initiatives implemented by school districts for French second language programs.

School District 54 has invested in digital display technology to aid in French  
language instruction throughout the district. Core French programs benefit as non  
native speakers can access and display resources on-line which demonstrate  
correct pronunciation and flow of language. Native speakers can access a wide  
variety of cultural content which demonstrates the French language in a dynamic  
fashion. Importantly teachers can display resources which show the variety of  
French speaking cultures from around the world.
