BC Corporation Registration Details

BC Corporations are companies that are incorporated in BC according to the provisions of the Business Corporations Act and are registered with the B.C. Corporate Registry. When a company is incorporated, it acquires all of the powers of an individual, as well as an independent existence - separate and distinct from its shareholders - and an unlimited life expectancy. In other words, the act of incorporation gives life to a legal entity known as the corporation, commonly referred to as a "company." A company can acquire assets, go into debt, enter into contracts, sue or be sued.

BC Corporations must have the corporate designation “Limited”, “Limitee”, “Incorporated”, “Incorporee”, “Corporation” or “Unlimited Liability Company” as the last word in the name. Abbreviations of these words (e.g. “Ltd.”, “Ltee.”, “Inc.”, “Corp.” or “ULC”) are acceptable.

You will register as a BC Corporation if you’re attempting to register a limited or incorporated company.
