**POLLUTION PREVENTION ORDER CANCELLATION**

Take notice that the Pollution Prevention Order 108608, dated October 12, 2016, issued to Cobble Hill Holdings Ltd. (the "PPO"), is hereby cancelled effective March 17, 2017.

While the requirement in section 1 a. of the PPO to cover the landfill areas remains outstanding because full documentation to the satisfaction of the Director has not been provided, this requirement has been included in the Amended Spill Prevention Order, MO1701, dated March 15, 2017. As this requirement is now duplicative, the PPO is no longer necessary.

Please note that the cancellation of the PPO does not affect any other action that the Ministry of Environment may take under the *Environmental Management Act*.

Sincerely,

A.J. Downie, M.Sc., P.Ag.  
For Director, *Environmental Management Act*
