

# CARBON NEUTRAL ACTION REPORT 2012 "SHORT FORM" v 2.

This form is for the use of BC Public Sector Organizations that had total GHG emissions of less than 100 Tonnes CO2E in the 2011 reporting year.

**Organization Name**

*Wrinch Memorial Hospital*

**Contact name:**

*Edward David*

**2012 Total Emissions**

59 Tonnes

**2012 Total Emissions for Offsets**

59 Tonnes

**Changes to previous years emissions (if applicable)**

Not applicable – no change

**Over or Underpayments held by PCT (if applicable)**

Not applicable

**Total Offsets Purchased for 2012**

59 Tonnes

List the top three actions taken by your organization in 2012 to reduce GHG emissions and/or improve sustainability

Action	Start date	End date
1.DDC System Upgrades – info pending		
2. Lighting Retrofits – info pending		
3. Emergency Area renovation – This project made the building more energy efficient by secluding the emergency patient traffic in a triage area. This buffer area is sealed from the rest of the building by an electronic sealed sliding door and a locked access door. Prior to this renovation any traffic coming through the busy Emergency entrance would allow cold outside air into the main building area.		

**Describe Plans your organization has for continuing to minimize your GHG emissions**

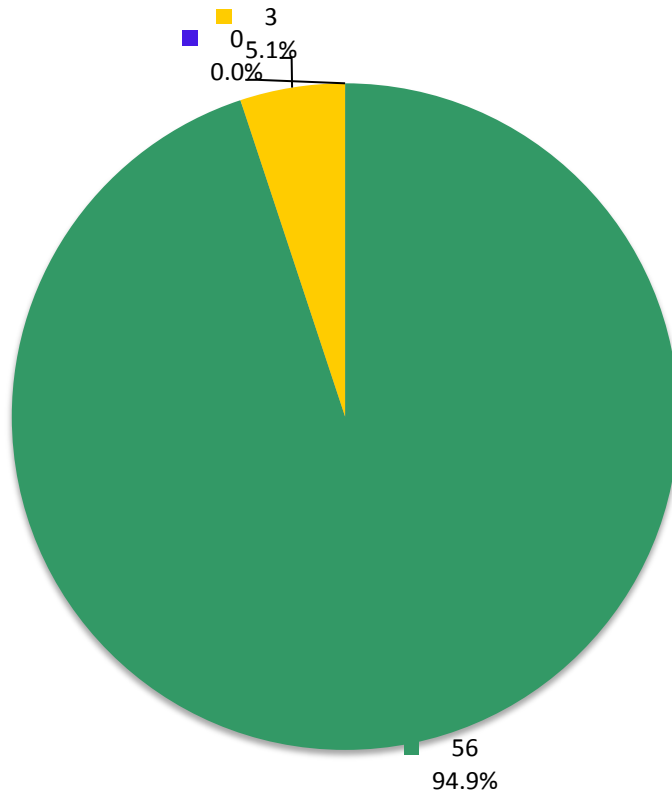

We will continue to monitor building energy performance and consider additional means to conserving energy in 2013, be they operational, or those which may benefit from small mechanical upgrades. As new advancements are made in lighting, and as prices and reliability improve, additional retrofits may become possible.

**Executive Sign-off**

**Wrinch Memorial Hospital  
Greenhouse Gas Emissions by Source  
for the 2012 Calendar Year (tCO<sub>2</sub>e\*)**

**Total Emissions: 59**

- Stationary Fuel Combustion (Building Heating and Generators) and Electricity
- Supplies (Paper)
- Fugitive Sources

**Offsets Applied to Become Carbon Neutral in 2012 (Generated May 27, 2013 11:18 AM)**

Total offsets required: **59**. Total offset investment: **\$1,475**. Emissions which do not require offsets: **0** \*\*

\*Tonnes of carbon dioxide equivalent (tCO<sub>2</sub>e) is a standard unit of measure in which all types of greenhouse gases are expressed based on their global warming potential relative to carbon dioxide.

\*\* Under the *Carbon Neutral Government Regulation of the Greenhouse Gas Reduction Targets Act*, all emissions from the sources listed above must be reported. As outlined in the regulation, some emissions do not require offsets.
