List the top three actions taken by your organization in 2016 to reduce GHG emissions and/or improve sustainability:

Action
Promoted less printing by utilizing our meeting room digital display more instead of printing paper copies for attendees.
The facilities area that were not in use had temperature setting turn off to save energy.
Promoted double sided printing for most documents, to save quantity of prints per document.

Describe plans your organization has for continuing to minimize your GHG emissions:

- Continue to promote digital over physical viewing of documents.
- Promote car pooling
- Bike to work week (twice per year)
- Sponsor HUB (Bike to work)

Describe any actions your organization took during 2016 to strengthen its ability to manage the likely effects of climate change in the coming years and decades (e.g., have assessed whether increased frequency of extreme weather events and/or long term changes in climate will affect your organization's infrastructure, its employees and/or its clients.)

- Continue to work towards full implementation of the IMA
- Promote Bike to work programs
- Continue to encourage car pooling among co-workers.

Retirement of Offsets:

In accordance with the requirements of the Greenhouse Gas Reduction Targets Act and Carbon Neutral Government Regulation, **[Organization Name]** (the Organization) is responsible for arranging for the retirement of the offsets obligation reported above for the 2016 calendar year, together with any adjustments reported for past calendar years. The Organization hereby agrees that, in exchange for the Ministry of Environment ensuring that these offsets are retired on the Organization's behalf, the Organization will pay the associated invoice to be issued by the Ministry in an amount equal to \$25 per tonne of offsets retired on its behalf plus GST.
