Offset payments—EFTs

On May 15, 2015 an Offset Invoice will be sent to all public sector organizations, except Core Government. Payment will now be made to the “Minister of Finance”. The invoice will contain all the details for payment including both mailing and courier addresses.

We will be able to accept electronic funds transfers (EFTs) as well. **Attached to the email with this newsletter is a document that needs to be sent to your financial department** as it contains all the account details to enable EFTs.

Once EFT payments are made, it is critical that you send an email to climateactionsecretariat@gov.bc.ca to let us know the payment has been sent. Many payments come in with no documentation which makes it impossible for us to track.

THANK YOU!

For helping us reach the first milestone by uploading your data into SMARTTool. Your hard work is greatly appreciated.
