**Order to Establish Visual Quality Objectives for Tree Farm Licence 6 and
Block 7 of the Pacific TSA within the North Island Central Coast Forest District**

Pursuant to Section 7 (2) of the Government Actions Regulation (GAR) I, Andrew Ashford, District Manager for the North Island - Central Coast Forest District, cancel the Visual Quality Objectives (VQOs) from the previous visual landscape inventory (1995) for Tree Farm Licence 6 (Quatsino Sound area) and Block 7 of the Pacific Timber Supply Area (Holberg area) that were grand-parented in December 2004 under section 17 of GAR.

Within the existing known scenic area, I now establish updated Visual Quality Objectives for Tree Farm Licence 6 and Block 7 of the Pacific TSA in the North Island - Central Coast Forest District. Apart from specific revisions discussed in the determination rationale, the VQOs are based on the recommended Visual Quality Classes from the most recent Visual Landscape Inventory, approved by MFR in June 2010, and are shown on the signed and dated map attached to this Order titled : "*TFL 6 and Block 7, Pacific TSA Visual Quality Objectives*".
