## **Appendix B Consultation Framework**

The following consultation framework will be applied to the extent possible to decisions and processes that were initiated prior to, and are underway at the time of, signing this agreement.

The Parties will establish a Joint Consultation Committee (the "Committee") which will be comprised of representatives of Simpcw First Nation and a matching number of representatives from the Ministry of Forests and Range, including representatives from both the Headwaters and Kamloops Forest Districts as well as the Southern Interior Forest Region, depending on the nature of the issues to be addressed at any given meeting. The purpose of the Committee is to improve understanding on the part of both Simpcw First Nation and British Columbia as to the nature of Simpcw First Nation's concerns with respect to impacts of forestry and range decisions and operations on Simpcw First Nation Aboriginal Interests and the opportunities for British Columbia to address these concerns.

**The duties of the Committee shall be:**

- 1) To develop, update and amend as needed, mutually agreed, detailed consultation processes for specific categories of decisions.**
  - a) As part of developing and maintaining detailed consultation processes, British Columbia will provide to Simpcw First Nation a draft consultation matrix on an annual basis listing all proposed Administrative and Operations Decisions and who the decision makers are for each forestry and/or range decision that will have an effect in Simpcw First Nation's Area of Interest and/or Shared Area.
  - b) With the understanding that it is important for Simpcw First Nation to be aware of and have an opportunity to participate in all decisions, but that different decisions may require different consultation approaches, on an annual basis the Committee will jointly review the list of decisions and agree on consultation approaches, including the level of consultation, for each decision. The table below is a starting point for defining the necessary details for each type of decision and identifying special cases which need specific consultation approaches.
  - c) The Committee will explore opportunities to include The Simpcw Accommodation and Consultation Policy and the Simpcw Cultural Heritage Policy, or portions thereof, provided by Simpcw First Nation in specific consultation approaches to the extent that doing so is consistent with the Ministry of Forests and Range's statutory jurisdiction, authorities, responsibilities and legal advice.

- d) The Committee will extend an invitation to the other Governmental land use agencies to sit on the Committee where and when appropriate, as the Parties agree.
- d) To address unforeseen and emergent issues, either upon the request of Simpcw First Nation or when British Columbia becomes aware of other proposed Decisions, British Columbia will provide to Simpcw First Nation an updated list of decisions and the parties will discuss how to adapt an existing consultation approach to the new situation and/or develop a new consultation approach appropriate to the new situation.

1. Planning- FN involvement      2. Available on Request      3. Notification      4. Expedited process      5. Normal Consultation:      6. Deep consultation

Description and intent of consultation spectrum levels

Level	Description	Comment on Intent
1) <b>Planning referral:</b> prior to formal consultation process	Referral to Simpcw First Nation during planning to provide opportunity to incorporate aboriginal interests <i>prior</i> to submitting plan/request to Statutory Decision Maker	3 <sup>rd</sup> party volunteer effort
2) <b>Available on request</b> (low level notification)	Type of notification whereby British Columbia notifies Simpcw First Nation they will not be sending out information about very low impact decisions.	Intent is to notify (or negotiate) on an annual basis which decisions fall in this category. Simpcw First Nation can request more detail if they wish
3) <b>Notification</b>	Notify Simpcw First Nation in writing about an upcoming decision and provide overview information. Would be an opportunity for comment	Intent is to provide base level information and time to comment. Limited follow-up.
4) <b>Expedited Consultation</b> process.	Where there is an imminent threat to the public (i.e. wild fire) or a resource value (mountain pine beetle) an expedited consultation process is undertaken. Full process on a short timeline (e.g. 10 days for suppression harvesting of beetle attacked trees)	A justification for shortening the period would be given by describing the imminent threat.
5) <b>Normal course</b> Consultation (standard response period)	Follow policy on "normal" track for consultation. Resolve issues where possible and make decision in a timely manner	Intent to follow this course in most circumstances of low to medium probability of impact.
6) <b>Deep Consultation</b>	Use reasonable effort to inform in an accessible manner and to	Follow provincial guidelines on consultation and accommodation.

	<b>engage in full discussions around the proposed decision. Make reasonable efforts to accommodate where appropriate.</b>	<b>Would involve meaningful discussion in respect of appropriate accommodation. Probably undertake a strength of claim analysis.</b>
