

PESTICIDE CERTIFICATION STUDY MATERIALS ORDER FORM

Pesticide Certification study materials are for home study or for use in classroom training to prepare candidates for Ministry of Environment pesticide applicator and dispenser certification examinations.

Please select the study materials for the category of certification that you require. Applicators may use and dispensers may sell pesticides only in the category for which they are certified.

An application with instructions for writing the pesticide certification examination will be enclosed with each study kit. The fee is \$90.00 per exam, to be submitted with the exam application. DO NOT SEND THE FEE FOR THE EXAM WITH THIS ORDER FOR STUDY MATERIALS. Please allow at least two weeks for exam marking and notification of your marks after you write the exam.

You can place an order for study materials by completing this order form and mailing it to the address at the bottom of the page. You can also fax or telephone your order to the telephone numbers below.

NOTES FOR ORDERING STUDY MATERIALS

- ◆ The study materials for many certification categories include a core manual which is the same for several categories, plus category specific booklets. The booklets contain pest management information, plus a study guide and practice exam for the category. Make sure that you obtain all the items listed for a category.
- ◆ If you require certification in more than one category, you do not need to order duplicate materials. You only need one copy of an item used for several categories, unless you are ordering for several people.
- ◆ If you already have some of the study materials, check that they are current editions at <http://www2.gov.bc.ca/gov/content/environment/pesticides-pest-management/pesticide-use/pesticide-certification/certificate-categories>. If they are current, you can order just the items that you are missing.
- ◆ Applications to write the certification examinations are enclosed with every order.
- ◆ Any item may be ordered for purposes other than certification.
