

QUARTERLY ENVIRONMENTAL ENFORCEMENT SUMMARY

2nd Quarter 2012
(April 1 - June 30)

Protecting the Splendor of our Natural Places

Highlights

The Quarterly Environmental Enforcement Summary for Q2 2012 outlines 8 Orders, 25 Administrative Sanctions, 398 Tickets, and 3 Court Convictions for a combined total of over \$200,000 in penalties.

Notable Highlights this Quarter:

The Barnhartvale Landfill was found guilty under the Environmental Management Act for accepting construction waste contrary to its permits. While the landfill was permitted to accept specific kinds of waste, including asphalt, cement, concrete, veneer and wood ends, a ministry-led investigation found that many truckloads of construction and demolition waste – everything from insulation to wiring – had been accepted. Additionally, the operator had never submitted annual reports of the quantity of waste accepted at the landfill as required by the permit. The Courts fined the landfill operator Edward Blackwell and his company **E. J. Blackwell Holdings Ltd** a total of \$3,000 and ordered them to pay an additional \$10,000 to the Habitat Conservation Trust Foundation (HCTF).

Allan Piche of Christina Lake was fined \$6,900 in Grand Forks Provincial Court on two charges under the *Wildlife Act* for feeding dangerous wildlife. More than two dozen black bears were habituated to humans due to Piche's actions, which the judge considered "foolish", putting the safety of area residents in jeopardy. Piche admitted to feeding the bears approximately \$200 worth of dog food each week for more than a decade. RCMP officers alleged he was using the bears to guard a marijuana growing operation on the property.

The Conservation Officer Service (COS) initiated an investigation into a Guide Outfitting operation after receiving information from a First Nations group north of Mackenzie. The investigation involved 18 COS staff and 2 US Fish and Wildlife Agents taking 23 statements from 13 different individuals, resulting in the seizure of 20 animals including stone sheep, mountain goats, caribou, moose, grizzly bear and wolf. Gerry Geraci and Upper Stikine River Adventures entered guilty pleas to four and seventeen charges respectively. Geraci received a \$5,750 fine and an additional penalty of \$4,000 to be paid to the HCTF. **Upper Stikine River Adventures** received a \$27,600 fine and an additional penalty of \$12,000 to be paid to the HCTF. The remaining Guide Outfitters are scheduled to appear in court in the spring of 2013.

Highlights

Donald Peter Mowatt of Hazelton was fined \$4,600 in Smithers Provincial Court after pleading guilty to three charges under the *Wildlife Act* connected to the illegal killing of a black bear. Conservation Officers used forensic evidence in an investigation which began with a tip from the public about the shooting of a bear near highway 37, north of Kitwanga. The Conservation Officer Service collected DNA samples from the kill site and matched them to a bear hide that was seized in the investigation. Mowatt was charged in court a year earlier for his role in a Grizzly Bear trafficking ring out of Hazelton and fined \$4,200.

East Point Resort Ocean Cottages Ltd. and **Geord Holland** were issued a third order under the *Water Act* to address water quality issues. Non-compliance caused by excessive pumping from two wells caused saltwater intrusion into the sensitive bedrock aquifer supplying the resort. The resort operation must cease using one well and use the second well under strictly controlled conditions and monitoring. The resort operator has worked cooperatively with ministry staff to rectify this situation and has complied with all of the ministry's requirements to date. The situation on Saturna Island is not uncommon in coastal aquifers, and highlights the vulnerability to irreparable damage from improperly managed wells. The ministry is working with colleagues across government and academia to develop better science and policy to protect ground water resources.

The public plays an important role in keeping our province safe, clean and beautiful. The **Report All Poachers and Polluters (RAPP)** program is a toll free tip-line and web-based service for reporting known or suspected violations of fisheries, wildlife, or environmental protection laws. Calling the RAPP line ensures the crime can be reported anonymously and without risk of confronting the offender. Available 24/7, RAPP is simple, safe and effective. With accurate reporting, RAPP Call Centre staff relay the information to the Conservation Officer Service. Contact RAPP at **1-877-952-7277 (RAPP)** or **#7277** on the TELUS Mobility Network or at <http://www.env.gov.bc.ca/cos/rapp/rapp.html>
