

Stikine River Schedule

That portion of Stikine River Recreation Area located within Cassiar Land District:

Commencing at the southeast corner of Indian Reserve #8, Classy Creek; thence Southwesterly in a straight line to the southeast corner of Hiusta's Meadow, IR #2;

thence East along the south boundary of Said IR #2 to the southwest corner thereof;

thence due West a distance of 3 km, more or less, to the right bank natural boundary of Tahltan River;

thence Southwesterly in a straight line a distance of 9.5 km, more or less, to a point on the right bank natural boundary of 8 Mile Creek, said point lying 3 km perpendicularly north of the point of intersection of the right bank natural boundary of Stikine River and the right bank natural boundary of 8 Mile Creek;

thence Southerly along said right bank natural boundary to the point of intersection with the southerly boundary of the Highway R/W, as shown on NTS Topo Map 104G 14/E;

X. thence Southerly along said highway right-of-way lying due north of the point of intersection of the left bank natural boundary of Stikine River and the right bank natural boundary of Line Creek;

thence due South to the left bank natural boundary of Stikine River; thence in a general Northeasterly direction along said left bank natural boundary to the point of intersection with the left bank natural boundary of Klaxtline River;

thence in a general Southeasterly direction along Klaxtline River left bank natural boundary to a point thereon, said point lying 3 km south of the left bank natural boundary of Stikine River;

thence East in a straight line a distance of 10 km, more or less, to the summit of Mount Mehaux;

thence Northeasterly in a straight line a distance of 9 km, more or less, to elevation 3885 ±, lying south of Grand Canyon, as shown on NTS Topo Map 104J 1/W;

thence Northeasterly in a straight line a distance of 5.8 km, more or less, to elevation 3535 ±, lying south of Grand Canyon, as shown on NTS Topo Map 104J 1/W;

OIC/MIN/PA/STIKINE.1

thence Southeasterly in a straight line, a distance of 25 km, more or less, to a point on the west boundary of Highway #27 (Shown as Highway #31 on M15 Topo Maps 104J 1/E and 104I 4/W), said point lying 3 km due south of the right bank natural boundary of Stikine River;

thence Northeast in a straight line a distance of 4 km, more or less, to elevation 3444 m, lying on Klattline Plateau, as shown on M15 Topo Map 104I 4/W;

thence Southeast in a straight line a distance of 9 km, more or less, to the summit of Tsaybaha Mountain;

thence South in a straight line to Tsaybaha Pass;

thence in a general Easterly direction to the headwaters of Istogamus Creek;

thence Southeasterly along the right bank natural boundary of said creek to the point of intersection with the left bank natural boundary of Klappan River;

thence East in a straight line to a point, said point lying 1 km east of the center line of the B.C. Railway right-of-way and also due east of the point of intersection of the right bank natural boundary of Istogamus Creek and the left bank natural boundary of Klappan River;

thence in a general Southerly direction along a line east of, parallel to and 1 km perpendicularly distant from said center line to the point of intersection with the right bank natural boundary of Isnedio Creek;

thence in a general Easterly direction along said right bank natural boundary to the point of intersection with the 1066.60 metre contour;

thence in a general Northwesterly, Northerly, and Easterly direction along the said 1066.60 m contour to the point of intersection with the right bank of McEwan Creek;

thence Easterly along the said bank to a point due south of the summit of Tsanaglode Mountain;

thence due North to said summit;

thence due East 15.5 km;

thence due North 8 km, more or less, to a point on the right bank of Cullivan Creek;

thence Northerly along the right bank of Cullivan Creek to a point lying three kilometres due south of the left bank of the Stikine River;

OIC/MIN/RA/STIKINE.2

thence easterly along a line parallel to and 3 km perpendicularly distant from the left bank of said Stikine River to an unnamed creek which flows easterly into Stikine River at a point 13.2 km north and .8 km west, more or less, of the northeast corner of lot 5974, Cassiar District;

thence northeasterly along the left bank of said creek to the left bank natural boundary of the Stikine River;

thence southeasterly along the said left bank natural boundary to the right bank natural boundary of Sanabar Creek;

thence S 55° E a distance of 16 km, more or less, to a point which lies east of and 1 km perpendicularly distant, from the right bank natural boundary of Stikine River;

thence in a general northerly direction along a line parallel to and 1 km perpendicularly distant from the right bank natural boundary of Stikine River and then the left bank natural boundary of Chookachida River to a point thereon, said point lying due north of the northwest corner of D.L. 5975;

thence due north 4 km, more or less, to a point lying 3 km perpendicularly distant from the right bank natural boundary of Chookachida River;

thence in a general westerly direction along a line north of, parallel to and 3 km perpendicularly distant from said natural boundary and the right bank natural boundary of Stikine River to a point thereon, said point lying due north of the point of intersection of the left bank natural boundary of Cullivan Creek and the right bank natural boundary of Stikine River;

thence northwesterly in a straight line, a distance of 7.5 km, more or less, to the summit of Mt. Sister Mary, as shown on NIS Topo Map 104H;

thence northwesterly in a straight line, a distance of 25 km, more or less, to the summit of an unnamed mountain lying west of Bergerlay Creek and shown as elevation 6159 ± on NIS Topo Map 104H/11;

thence northwesterly in a straight line a distance of 10 km, more or less, to elevation 4155 ±, lying east of Tees Creek, as shown on NIS Topo Map 104I-4/W;

thence northwesterly in a straight line a distance of 6 km, more or less, to elevation 3250 ±, lying east of Tees Creek, as shown on NIS Topo Map 104I-4/W;

DIC/MIN/RA/STIKINE.3

thence westerly in a straight line a distance of 9 km, more or less, to elevation 3425 ±, lying west of Texas Creek, as shown on NTS Topo Map 1041.4/W;

thence northwesterly in a straight line a distance of 6.1 km, more or less, to elevation 3218 ±, lying south of Latham Creek, as shown on NTS Topo Map 1043 1/E1

thence northwesterly in a straight line a distance of 6.5 km, more or less, to elevation 3655 ±, lying west of Blaney Creek, as shown on NTS Topo Map 1043 1/E1

thence northwesterly in a straight line a distance of 7 km, more or less, to a point on the left bank natural boundary of Pallen Creek, said point lying 3 km perpendicularly distant from the right bank natural boundary of Stikine River;

thence northwesterly in a straight line to the southeast corner of IR #8, Classy Creek being the point of commencement.

Except:

All Indian Reserves;

All land covered by water located within the Recreation Area known as Tahltan River, Tuya River, Yanzilla River, and a 500 metre strip measured from the natural boundary of said rivers on either side thereof; and

All land covered by water located within the Recreation Area known as Stikine River described as lying east of the point of intersection of the right bank natural boundary of Line Creek with the right bank natural boundary of Stikine River and lying west of the point of intersection of Highway #37 and Stikine River, and a 500 meter strip measured from the natural boundary of the Stikine River on either side thereof.

OIC/MIR/RA/STIKINE.4
