NON-CONFIDENTIAL
GEOLOGICAL AND GEOPHYSICAL REPORTS
RELEASED TO OCTOBER 2012

The attached list is updated annually in October. The list is comprised of petroleum exploration reports released in accordance with Section 57 (3) (a) & (b) of the Drilling & Production Regulations.

The reports are available for viewing at the Information Resource Centre in Victoria for a fee of \$50 per day. **VIEWING IS BY APPOINTMENT ONLY.** The Resource Centre is located in downtown Victoria on the 1st floor of the Jack Davis Building, 1810 Blanshard Street. All-day parking is available at the City parkade on Fisgard Street. The hours of the Resource Centre are 8 am to 4.30 pm, Monday to Friday. The Information Resource Centre is the depository for all oil & gas technical records in British Columbia.

The Resource Centre maintains a card index of each report, which list all the maps & enclosures in each report. For information about these reports, how to view them, obtain copies, or information about other British Columbia oil & gas records, please contact:
