

Services to Victims of Crime

Phase 3 Survey on the Draft Procurement Plan

Welcome to the Services to Victims of Crime Initiative Phase Three Survey on the Draft Procurement Plan.

Thank you for taking the time to complete this survey. Your feedback is very important and will assist us as we continue to prepare for the process of open procurement.

While the survey will take some time to complete, the information gathered is important to finalizing the Procurement Plan for Contracted Services to Victims of Crime.

The survey is designed so that your answers will be anonymous and at no time will we attribute comments to a specific organization or individual.

Instructions for Completing the Contracted Service Providers Survey

We request that only one survey be completed for each contracted agency irrespective of the number of contracts you hold with Victim Services and Crime Prevention. In order to enable discussion within your organization about the survey, we are including a link to the PDF of all of the survey questions (available on our [website](#)). Feel free to share this with key program staff as you work to develop responses to the survey questions so that they are representative of your organization's perspective.

The survey is designed so that you do not have to complete it in one sitting. You will be able to save your progress as you move through the survey. You will also be able to go back and change answers that you have provided for previous questions. The survey will be considered finalized and complete once you click the **SUBMIT** button at the end of the survey.

If you have any questions about the survey, please contact your Program Manager or Jamie Lipp, Director, Community Programs, at jamie.lipp@gov.bc.ca or 604-660-1872.
