WEEKLY INCIDENT REPORT 13 – 19 Mar 2017

DGIR CODE 2

On 13 Mar 17, a motor vehicle incident involving several semi's near the west gate of Glacier Park was upgraded to Code 2 (Urgent Status) by the Ministry of Environment Response Officer. The highway was closed after it was reported that at least one vehicle was on fire and dangerous goods may have been on board.

On 16 Mar 17, a motor vehicle incident involving a semi, 10 km east of the the Mount Robson Visitors Centre, was upgraded to Code 2 (Urgent Status) by the Ministry of Environment Response Officer. The vehicle's saddle tanks ruptured spilling approx. 800 litres of diesel to the head waters of the Fraser River.

MISCELLANEOUS

On 14 Mar 17, Juan De Fuca SAR rope team was issued a task in order to assist in the lowering of officers down to a crime scene so that they could conduct an evidence search in the Port Renfrew area.

On 14 Mar 17, North Vancouver ESS activated their EOC in response to assist with evacuee's displaced from their residence due to a gas leak.

On 16 Mar 17, Chilliwack SAR was requested to provide safety on the river while RCMP/FLNRO personnel removed some squatters and their personal effects from an island in the Vedder River.

FLOODING

On 13 Mar 17, a task was issued for the SEA Region for Spring Freshet preparations.

On 13 Mar 17, Hawes Creek in the Bulkley Valley Regional District froze and ice backed right up to a couple of homes. MOTI and their contractors will be doing some work in the stream to re-establish the creek channel.

On 15 Mar 17, the Central Kootenay Regional District provided sand for flooding at a home in Nelson.

On 16 Mar 17, the Shuswap Emergency Program received a task number to provide sand for a flooding home on Salmon River Road.

ENVIRONMENTAL

On 14 Mar 17, a landslide occurred in the Fraser Valley Regional District. The landslide did not impact any roadways or access; however a nearby trailer park, home to 60 trailers, made a geotechnical engineer's assessment required.

On 15 Mar 17, a landslide occurred in the Nelson area. The landslide did not impact any roadways or access; a bank slid into a creek and caused a debris flow. A geotechnical engineer's assessment is required.

On 19 Mar 17, a landslide occurred in the Central Kootenay Regional District which impacted Highway 6 near the New Denver hospital, the highway remains open and Ministry of Transportation is bringing in a geotechnical engineer to assess the situation. There is possibly a residence impacted but this has not been confirmed.

On 19 Mar 17, a landslide occurred in the Central Kootenay Regional District which entered into Smallwood creek. Highway 3A and the CP rail tracks are in the near vicinity of the incident.

On 19 Mar 17, a landslide occurred outside of Creston which has blocked Duck Creek Rd. A residence was at risk and was evacuated due to safety concerns. MoTi and the Highways Contractor have investigated and believe more slides are likely in the area and will be re-assessing later in the week.
