

# Overview: BC's approach to Cannabis Legalization & Regulation

Ministry of Jobs, Trade and Technology: Economic Development Series: Insights on Small-Scale Licensed Cannabis Production in B.C.

**November 7, 2019** 

## **Provincial Priorities**

Prioritize public health and safety

Protect children and youth

Reduce crime and the illegal market

Address cannabis –affected driving

Support economic development

# Health Canada Responsibilities

#### Cannabis Act (Bill C-45)

Licenses and regulates cannabis growing and processing (medical and non-medical) including:

- Cultivation (including micro and standard cultivation or nursery)
- Processing (including micro or standard processing)
- Sale for medical purposes
- Analytical testing
- Research

#### Regulates:

- All cannabis products including which products are legal for sale
- Product safety and quality requirements
- Product standards including labelling and packaging
- Promotion and display

Authorizes access to medical cannabis including:

Personal and designated growers

# **Provincial Legislation**

### **Cannabis Control & Licensing Act**

 Minimum age, limits on personal possession and cultivation, places of use, retail licensing regime, enforcement authority, offences

#### **Cannabis Distribution Act**

- Public wholesale distribution model
- Government-run BC Cannabis Stores and online store
