Executive Directors/General Managers, All Boards and Commissions

Dear Sirs and Mesdames:

PUBLIC ACCOUNTABILITY AND REPORTING PROJECT (PARP) – BOARD REPRESENTATIVES

In follow-up to the first PARP reports, and as per its May 31, 2019 letter, the BC Farm Industry Review Board (BCFIRB) would like to plan a meeting with commodity board and commission PARP representatives to review the requirements and measures (Industry Performance Targets, Governance, Quota Management and Movement), any issues that arose within these first reports and the reporting process, and identify any adjustments as appropriate for the next reporting cycle.

In March 2018, each board and commission was asked to identify PARP project representatives to work with BCFIRB, consisting of one board or commission member and one staff member. The representatives that were identified by each board at that time are attached.

BCFIRB staff will be in touch shortly to set up the PARP meeting in November or December 2019.

To best facilitate meeting planning, I am asking each board and commission to please confirm their current representatives. These representatives are intended to be the primary contacts for meetings in 2019/20 and carry out follow-up work with both BCFIRB members and staff.
