The Disaster Financial Assistance (DFA) Program operates under provincial legislation: Emergency Program Act and the Compensation and Disaster Financial Assistance Regulation. Emergency Management BC is obliged to provide DFA in accordance with this legislation. Section 8(1) of the Regulation states: “*“eligible costs” does not include costs of expenses (a) recoverable at law or for which insurance was reasonably and readily available.*”

A DFA applicant who could reasonably and readily have purchased overland flood, water damage or water seepage insurance is NOT eligible to receive DFA.

“Readily available” means that a person could obtain this insurance from a local agent or broker. Also, we should not confuse reasonably available with affordable. What a person can afford is subjective and specific to that person. What is important is that the price of the insurance was reasonable considering the risk.

Over the next several years, as additional insurance options roll out across the province, EMBC will be applying some discretion in how we determine eligibility. For example, EMBC would not expect a homeowner or tenant to amend their existing policy as soon as overland flood, water damage or water seepage insurance becomes available. But, EMBC will deny DFA if overland flood, water damage or water seepage insurance was available to them on renewal and they chose not to purchase it.
