MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

MANAGEMENT REPORT

Version: 9473-8727-6744

Management's Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of School District No. 63 (Saanich) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the consolidated financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the consolidated financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 63 (Saanich) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements regularly throughout the year and externally audited consolidated financial statements yearly.

The external auditors, Office of the Auditor General of British Columbia, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the consolidated financial statements. The external auditors have full and free access to financial management of School District No. 63 (Saanich) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's consolidated financial statements.

Independent Auditor's Report

To the Board of Education of School District No. 63 (Saanich), and To the Minister of Education, Province of British Columbia

Qualified Opinion

I have audited the accompanying consolidated financial statements of School District No. 63 Saanich ("the entity"), which comprise the consolidated statement of financial position as at June 30, 2022, and the consolidated statements of operations, changes in net debt, and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the consolidated financial statements present fairly, in all material respects, the financial position of the entity as at June 30, 2022, and the results of its operations, change in its net debt, and its cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards (PSAS).

Basis for Qualified Opinion

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

As described in Note 2 to the consolidated Financial Statements, the entity's accounting treatment for contributions received from governments and for externally restricted contributions received from non-government sources is to initially record them as deferred revenue (a liability) and then recognize revenue in the statement of operations either on the same basis as the related expenditures occur or, in the case of funds for the purchase or construction of capital assets, to recognize revenue on the same basis as the related assets are amortized. The entity was required to adopt this accounting policy as prescribed by Province of British Columbia Treasury Board Regulation 198/2011.

Under Canadian Public Sector Accounting Standards, the entity's method of accounting for contributions is only appropriate in circumstances where the funding meets the definition of a liability. Otherwise, the appropriate accounting treatment is to record contributions as revenue when they are received or receivable. In my opinion, certain contributions of the entity do not meet the definition of a liability, and as such the entity's method of accounting for those contributions represents a departure from Canadian Public Sector Accounting Standards.

This departure has existed since the inception of the standard, which applies to periods beginning on or after April 1, 2012. Had the entity made an adjustment for this departure in the current year, the liability for deferred capital revenue as at June 30, 2022 would have been lower by \$117 million, revenue, annual surplus and accumulated surplus would have been higher by \$117 million and net debt would have been lower by \$117 million.

Independent Auditor's Report

SCHOOL DISTRICT NO. 63 (SAANICH)

I conducted my audit in accordance with Canadian generally accepted auditing standards. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the entity in accordance with the ethical requirements that are relevant to my audit of the entity's financial statements in Canada, and I have fulfilled my other ethical responsibilities in accordance with these requirements.

Other Accompanying Information

Management is responsible for the other information accompanying the financial statements. The other information comprises the information included in the Financial Statement Discussion and Analysis but does not include the consolidated financial statements and my auditor's report thereon.

My opinion on the consolidated financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the consolidated financial statements, my responsibility is to read the other information that I have obtained prior to the date of my auditor's report and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or my knowledge obtained during the audit or otherwise appears to be materially misstated.

Prior to the date of my auditor's report I obtained the Financial Statement Discussion and Analysis. If, based on the work I have performed on this other information, I conclude that there is a material misstatement therein, I am required to report that fact in this auditor's report.

As described in the Basis for Qualified Opinion section above, the entity has inappropriately deferred certain of its revenues from government transfers. I have concluded that the other information is materially misstated for the same reason with respect to the amounts or other items in the Financial Statement Discussion and Analysis affected by this departure from PSAS.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements.

Those charged with governance are responsible for the oversight of the financial reporting process. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditor's Report

SCHOOL DISTRICT NO. 63 (SAANICH)

In preparing the consolidated financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting when the entity will continue its operations for the foreseeable future.

Auditor's Responsibilities for the Audit of Consolidated Financial Statements

My objectives are to obtain reasonable assurance about whether the entity's consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decision of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Independent Auditor's Report

SCHOOL DISTRICT NO. 63 (SAANICH)

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and communicated with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

Stuart Newton, CPA, CA Assistant Auditor General

Victoria, British Columbia, Canada September 27, 2022

NOTE 1 AUTHORITY AND PURPOSE

The school district operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 63 (Saanich)", and operates as "School District No. 63 (Saanich)". A board of education ("Board") is elected for a four-year term and governs the school district. The school district provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education and Child Care. School District No. 63 (Saanich) is exempt from federal and provincial corporate income taxes.

The COVID 19 outbreak was declared a pandemic by the World Health Organization in March 2020 and has had a significant financial, market and social dislocating impact worldwide. Under direction of the Provincial Health Officer, all schools suspended in-class instruction in March 2020 and the school district remained open to continue to support students and families in a variety of ways. Parents were given the choice to send their children back to school on a gradual and part-time basis beginning June 1, 2020 and full-time beginning September 1, 2020 with new health and safety guidelines. The ongoing impact of the pandemic presents uncertainty over future cash flows, may have a significant impact on future operations including decreases in revenue, impairment of receivables, reduction in investment income and delays in completing capital project work. As the situation is dynamic and the ultimate duration and magnitude of the impact are not known, an estimate of the future financial effect on the school district is not practicable at this time.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the school district are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the school district are as follows:

a) Basis of Accounting

These consolidated financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act* of the Province of British Columbia. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except in regard to the accounting for government transfers as set out in Notes 2(g) and 2(m).

In November, 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the school district before or after this regulation was in effect.

As noted in notes 2(g) and 2(m), Section 23.1 of the *Budget Transparency and Accountability Act* and its related regulations require the school district to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense.

As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized as
 revenue by the recipient when approved by the transferor and the eligibility criteria have been
 met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources
 are used for the purpose or purposes specified in accordance with public sector accounting
 standard PS3100.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

a) Basis of Accounting (continued)

As a result, revenue recognized in the statement of operations and certain related deferred capital revenue would be recorded differently under Canadian Public Sector Accounting Standards.

b) Basis of Consolidation

These consolidated financial statements reflect the assets, liabilities, revenues, and expenses of the reporting entity, which is comprised of all controlled entities. The transactions of the Business Company are accounted for using the consolidation method. Inter-departmental transactions and organizational transactions have been eliminated.

School District No. 63 Business Company was 100 percent owned by the school district and was dissolved on March 24, 2022.

c) Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid securities that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

d) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

e) Portfolio Investments

The school district has investments in Guaranteed Investment Certificates (GICs) with terms to maturity of greater than one year. GICs are reported at cost.

f) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

g) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2 (m).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

g) <u>Deferred Revenue and Deferred Capital Revenue (continued)</u>

This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards, which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished.

h) Employee Future Benefits

The school district provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The school district accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method prorated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2022 and projected to March 31, 2025. The next valuation will be performed at March 31, 2025 for use at June 30, 2025. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The school district and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

i) Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- o the school district:
 - is directly responsible; or
 - accepts responsibility;

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

i) Liability for Contaminated Sites (continued)

- o it is expected that future economic benefits will be given up; and
- o a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

j) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts
 that are directly related to the acquisition, design, construction, development, improvement
 or betterment of the assets. Cost also includes overhead directly attributable to construction
 as well as interest costs that are directly attributable to the acquisition or construction of the
 asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no
 longer contribute to the ability of the school district to provide services or when the value of
 future economic benefits associated with the sites and buildings are less than their net book
 value. The write-downs are accounted for as expenses in the Consolidated Statement of
 Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these consolidated financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. Work in progress is not amortized until available for productive use. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

k) Prepaid Expenses

Amounts for insurance and other services are included as a prepaid expense and stated at acquisition cost and are charged to expense over the periods expected to benefit from it.

I) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved (see Note 12 – Accumulated Surplus).

m) Revenue Recognition

Revenues are recognized on an accrual basis in the period in which the transactions or events occurred that gave rise to the revenues, the amounts are considered to be collectible and can be reasonably estimated.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the school district has to meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions that are government transfers is not consistent with the requirements of Canadian public sector accounting standards, which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

n) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

Categories of Salaries

- Principals and Vice-Principals employed under an administrative officer contract are categorized as Principals and Vice-Principals.
- Superintendents, Assistant Superintendents, Secretary-Treasurers, Directors of Instruction, Trustees and other employees excluded from union contracts are categorized as Other Professionals.

Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and indigenous education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

o) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The school district recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, portfolio investments, and accounts payable and accrued liabilities. All financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

All financial assets are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the consolidated statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

p) Measurement Uncertainty

Preparation of consolidated financial statements in accordance with the basis of accounting described in Note 2(a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the consolidated financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contaminated sites, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

q) Future Changes in Accounting Policies

PS 3280 Asset Retirement Obligations issued August 2018 establishes standards for recognition, measurement, presentation and disclosure of legal obligations associated with the retirement of tangible capital assets and is effective July 1, 2022. A liability will be recognized when, as at the financial reporting date:

- (a) there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- (b) the past transaction or event giving rise to the liability has occurred;
- (c) it is expected that future economic benefits will be given up; and
- (d) a reasonable estimate of the amount can be made.

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the Consolidated Statement of Operations.

A modified retroactive application has been recommended by Government. Management is in the process of assessing the impact of adopting this standard on the school district's financial results.

PS 3400 Revenue issued November 2018 establishes standards on how to account for and report on revenue and is effective July 1, 2023. Specifically, it differentiates between revenue arising from transactions that include performance obligations, referred to as "exchange transactions", and transactions that do not have performance obligations, referred to as "non-exchange transactions.

Revenue from transactions with performance obligations should be recognized when (or as) the school district satisfies a performance obligation by providing the promised goods or services to a payor.

Revenue from transactions with no performance obligations should be recognized when a school district:

- (a) has the authority to claim or retain an inflow of economic resources; and
- (b) identifies a past transaction or event that gives rise to an asset.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

q) Future Changes in Accounting Policies (continued)

This standard may be applied retroactively or prospectively. Management is in the process of assessing the impact of adopting this standard on the school district's financial results.

r) Comparative Figures

Certain comparative figures presented in the financial statements have been reclassified to conform to the financial statement presentation adopted in the current year.

NOTE 10 EMPLOYEE FUTURE BENEFITS

Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the school district has provided for the payment of these benefits.

NOTE 10 EMPLOYEE FUTURE BENEFITS (continued)

The significant actuarial assumptions adopted for measuring the school district's accrued benefit obligations are:

	June 30, 2022	June 30, 2021
Discount Rate – April 1	2.50%	2.25%
Discount Rate – March 31	3.25%	2.50%
Long Torm Salary Growth April 1	2.50% +	2.50% +
Long Term Salary Growth – April 1	seniority	seniority
Long Torm Salary Crowth March 21	2.50% +	2.50% +
Long Term Salary Growth – March 31	seniority	seniority
EARSL – March 31	11.1 years	10.5 years

Our actuary, Mercer, calculated the Accrued Benefit Obligation at March 31 (early measurement date) to determine the Employee Future Benefit Liability as at June 30 for financial statement reporting. The impact of changes in assumptions between the March 31, 2022 measurement date and June 30, 2022 reporting date have been reviewed and considered and the rising discount rate has a significant impact on reported results.

Mercer calculated a discount rate based on the provincial government cost of borrowing for various durations as at June 30, 2022. The discount rate derived from these borrowing costs is 4.25%, an increase of 1.0% from the rate of 3.25% used at March 31, 2022. Mercer estimates that using this discount rate would produce a decrease in the Accrued Benefit Obligation of between 3% to 12% (\$264,898-\$353,198) and a decrease in 2022/23 service costs of between 6% to 16%.

Total	89,061,695	6,301,670	(745,330)	3,359,032	97,977,067

NOTE 12 ACCUMULATED SURPLUS

Accumulated surplus consists of individual fund surplus and reserves and reserve funds as follows:

	June 30, 2022	June 30, 2021 (restated – Note 22)
	\$	\$
Invested in tangible capital assets	26,041,596	26,730,544
Local capital surplus	356,905	244,837
Operating surplus	3,994,957	6,916,708
	30,393,458	33,892,089

Inter-fund transfers between the operating, special purpose and capital funds for the year ended June 30, 2022, were as follows:

- \$1,035,089 was transferred from the operating fund to the capital fund for the purchase of capital assets.
- \$109,982 was transferred from the operating fund to the local capital fund for future purchases of capital assets.

The operating surplus has been internally restricted (appropriated) by the Board for the 2022/2023 budget.

		June 30, 2022
	-	\$
School Activities	403,932	
District Activities	592,584	
Appropriated for 2022/23 Budget	2,530,968	
Subtotal Internally Restricted		3,527,484
Unrestricted Operating Surplus		467,473
		_
Total Available for Future Operations	<u>-</u>	3,994,957

NOTE 13 CONTRACTUAL OBLIGATIONS

The school district has entered into contracts related to capital projects with a remaining cost of approximately \$3,319,084.

The following table summarizes other contractual obligations of the school district:

		\$				
Contractual Obligations	2023	2024	2025	2026	2027	Thereafter
Various purchase contracts	228,155	263,866	272,389	279,200	1	-

NOTE 14 CONTRACTUAL RIGHTS

Contractual rights are rights to economic resources arising from contracts or agreements that will result in revenues and assets in the future. The school district's contractual rights arise because of contracts entered into for lease of surplus district properties. The following table summarizes the contractual rights of the school district for future assets:

		\$				
Contractual Rights	2023	2024	2025	2026	2027	Thereafter
Leases of Property	241,248	239,908	231,582	227,015	171,347	709,749

NOTE 15 CONTINGENT LIABILITIES

The school district, in conducting its usual business activities, is involved in various legal claims and litigation. In the event any unsettled claims are successful, management believes that such claims are not expected to have a material effect on the school district's financial position, and accordingly, no provision has been made in these financial statements for any liability that may result. Any losses arising from these actions will be recorded in the year in which the related litigation is settled.

Certain schools in the school district contain asbestos. No amount has been recorded in these financial statements with regard to this potential liability since the fair value of future removal costs cannot be reasonably estimated due to unknown timelines.

NOTE 16 BUDGET FIGURES

Budget figures included in the consolidated financial statements were approved by the Board through the adoption of an amended annual budget bylaw on February 16, 2022. The original annual budget was adopted on May 19, 2021. The original and amended budgets are presented below.

	2022 Amended Annual Budget	2022 Annual Budget
Revenues	/illiaal baaget	Dauget
	\$	\$
Provincial Grants	84,735,242	80,447,220

	100,044,733	101,247,333

NOTE 18 EMPLOYEE PENSION PLANS

The school district and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trusteed pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at December 31, 2021, the Teachers' Pension Plan has about 50,000 active members and approximately 40,000 retired members. As of December 31, 2021, the Municipal Pension Plan has about 227,000 active members, including approximately 29,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2020, indicated a \$1.584 million surplus for basic pension benefits on a going concern basis.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2.866 million funding surplus for basic pension benefits on a going concern basis.

The school district paid \$7,130,907 for employer contributions to the plans for the year ended June 30, 2022 (2021: \$7,000,030).

The next valuation for the Teachers' Pension Plan will be as at December 31, 2023. The next valuation for the Municipal Pension Plan will be as at December 31, 2021, with results available in 2022.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

SCHOOL DISTRICT No. 63 (SAANICH) NOTES TO CONSOLIDATED FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2022

NOTE 19 RELATED PARTY TRANSACTIONS

The school district is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Related parties also include key management personnel and close family members. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

NOTE 20 ECONOMIC DEPENDENCE

The operations of the school district are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These consolidated financial statements have been prepared on a going concern basis.

NOTE 21 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk. The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit Risk

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash and cash equivalents, amounts receivable and investments.

The school district is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the school district is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions and the school district invests solely in guaranteed investment certificates.

b) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the school district is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The school district is exposed to interest rate risk through its investments. It is management's opinion that the school district is not exposed to significant interest rate risk as they invest solely in guaranteed investment certificates that have a maturity date of no more than 3 years.

SCHOOL DISTRICT No. 63 (SAANICH) NOTES TO CONSOLIDATED FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2022

NOTE 21 RISK MANAGEMENT (continued)

c) Liquidity Risk

Liquidity risk is the risk that the school district will not be able to meet its financial obligations as they become due.

The school district manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the school district's reputation.

Risk Management and insurance services for all school districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance. There have been no changes to risk exposure from 2020 related to credit, market or liquidity risks.

NOTE 22 PRIOR PERIOD ADJUSTMENT

On May 28, 2021, the Office of the Comptroller General directed all school districts to apply the half-year rule method of amortization beginning in the fiscal year an asset is placed into service. This directive applies to both past and future purchases. Prior to this directive, the district did not recognize amortization in the first partial service year. The School District has made a retroactive adjustment to recognize amortization of all assets and deferred capital contributions beginning in the first service year. The impact of the prior period adjustment on the June 30, 2021 comparative amounts is as follows:

	<u>Increase (Decrease)</u>
	\$
Tangible Capital Assets (Note 11)	(3,359,032)
Deferred Capital Revenue (Note 9)	(2,441,708)

Prepared under the Financial Information Regulation, Schedule 1, subsection 6(2)(a).

DEFINITIONS

The *Financial Information Regulation*, Schedule 1, subsection 6(1) provides the following definitions in relation to remuneration and expenses paid in respect of employees.

Remuneration

- (a) includes any form of salary, wages, bonuses, gratuities, taxable benefits, payment into trust or any form of income deferral paid by the corporation to the employee of on behalf of the employee during the fiscal year being reported upon, whether or not such remuneration is reported under the *Income Tax Act* (Canada), and
- (b) does not include anything payable under a severance agreement.

Expenses

- (a) includes travel expenses, memberships, tuition, relocation, vehicle leases, extraordinary hiring expenses, registration fees and similar amounts paid directly to an employee, or to a third party on behalf of the employee, and which has not been included in "remuneration",
- (b) is not limited to expenses that are generally perceived as perquisites, or bestowing personal benefit, and may include expenditures required for employees to perform their job functions, and
- (c) excludes benefits of a general nature applicable to all employees pursuant to an agreement such as medical, dental, counselling, insurance and similar plans.
