Remnant Old Ecosystems

- Rare within a BEC variant
- Rare within a landscape unit within a BEC variant
- Harvest prohibited or generally prohibited
- BEC “woodland” and sparsely treed
- Forest assessment land base
- Forested land not assessed

This map reflects analysis performed by the Old Growth Technical Advisory Panel (Daust, D., Price, K., Holt, R., Matthaus, L. and Merkel, G.) utilizing Province of British Columbia data. Version 2, October 24, 2021.

Harvest prohibited or generally prohibited are forested areas already covered by an existing conservation designation. Some remnant old ecosystems shown are already covered by an existing conservation designation.

Forest assessment land base is forested land excluding areas with a crown closure less than 10%, private, municipal and first nation reserve lands. Forested land not assessed is land within private, municipal and first nation reserve lands.

For further information, see the Old Growth Technical Advisory Panel’s October 2021 report, "Priority Deferrals: An Ecological Approach".
