Subject: CFC Operating Agreement

February 17, 2016

Mr. J. Collins, Executive Director, BCFIRB
Sent by email:

Jim

With regard to the attached letter, please be advised that on February 3, 2016 the CFC board of directors voted unanimously to accept BC's request for recognition of BC's 2000 bird per year exemption level. As stated in our letter, the BCCMB is now of the view that the final hurdle has been dealt with that had prevented our board from being willing to sign the amended operating agreement. Our board is pleased with the timeline for resolution of the processors appeal as presented by BCFIRB and look forward to participating in the process with a view to the completion of this process by June of this years.

Regards,

B. Vanderspek
Executive Director
BC Chicken Marketing Board
