

2022 PUBLIC SECTOR ORGANIZATION CLIMATE CHANGE ACCOUNTABILITY REPORT (PSO CCAR)

- Timelines, Instructions & Template -

This document provides guidance to provincial public sector organizations (PSOs) in preparing their 2022 Climate Change Accountability Report (PSO CCAR) in accordance with the [Climate Change Accountability Act \(CCAA\), section 8.1](#) and the [Carbon Neutral Government Regulation \(CNGR\)](#). The information provided by PSOs through this reporting process also supports continued work to advance climate leadership in B.C.'s public sector.

This guidance document includes three sections:

- 1) **Timelines** for the 2022 Reporting Year;
- 2) **Instructions** for completing the 2022 PSO CCAR; and the
- 3) **Template** for the 2022 PSO CCAR.

Questions?

Please contact the Clean Government team at the Climate Action Secretariat (CAS) with any questions related to the PSO CCAR by emailing us at Carbon.Neutral@gov.bc.ca. Kindly use the subject line: "CCAR – [PSO name] – [nature of question]"

For Reference - CNG webpages

- [Public sector organizations and climate action](#) - High-level summary of public sector climate action, including CNG program reports
- [Carbon Neutral Government program requirements](#) - CNG program timelines and requirements, including guidance and templates (see right-hand side)
- [Public sector Climate Change Accountability Reports](#) - Highlights from 2021 reporting year and link to all PSO CCARs from past years

1) TIMELINES FOR THE 2022 REPORTING YEAR

The following timelines are applicable to all PSOs under the Carbon Neutral Government (CNG) program, including **Small Emitters***.

Due Date	Description
April 28, 2023	<ul style="list-style-type: none"> ✓ PSOs must enter all of their 2022 consumption data in the Clean Government Reporting Tool (CGRT). ✓ PSOs must complete the Self-Certification Checklist questionnaire in CGRT. ✓ CGRT closes to data entry.
Mid-to-late May 2023	<ul style="list-style-type: none"> ✓ PSOs receive an invoice from CAS with the number of offsets to be paid for the 2022 reporting year.
May 31, 2023	<ul style="list-style-type: none"> ✓ PSOs must submit their signed PSO CCAR by email to: Carbon.Neutral@gov.bc.ca. ✓ PSOs complete and submit the Public Sector Climate Leadership Survey (PSCL Survey) through SimpleSurvey.
June 30, 2023	<ul style="list-style-type: none"> ✓ The Ministry of Environment and Climate Change Strategy must: <ul style="list-style-type: none"> ○ Post all PSO CCARs on the Carbon Neutral Government website; and ○ Retire sufficient carbon offsets on behalf of PSOs to achieve public sector carbon neutrality for the 2022 reporting year. ✓ PSOs must complete payment on their 2022 offset invoice and provide confirmation of payment by email to Carbon.Neutral@gov.bc.ca. ✓ PSOs are encouraged to post their PSO CCAR to their own website.

***Small Emitters:** PSOs that reported less than 600 tonnes CO₂e during the 2021 reporting year received a confirmation email from Carbon.Neutral@gov.bc.ca in early 2023, confirming their status as a Small Emitter for the 2022 reporting year. Small Emitters are required to follow the timelines and legislated reporting requirements as outlined above, but may complete simplified versions of the PSO CCAR template and PSCL Survey as follows:

- **PSO CCAR template:** Small Emitters must complete Part 1 Legislative Reporting Requirements and the Executive Signature section of the template; completion of other sections is encouraged, but not required.
- **PSCL Survey:** Small Emitters may skip the questions or sections in the survey identified as “Optional for Small Emitters”, as these questions are less material for Small Emitters.

2) INSTRUCTIONS FOR COMPLETING THE PSO CCAR

CONTEXT

The CCAA and CNGR require that all PSOs prepare and make public an annual Climate Change Accountability Report, documenting their organization's emissions and offsets, the actions they have taken to reduce emissions, and their plans to reduce future emissions.

The PSO CCAR template below sets out the required content to:

- 1) Achieve the legislated requirements; and
- 2) Support public sector climate leadership.

REPORT FORMAT

The PSO CCAR should be written with a public audience in mind. PSOs have full ownership over the look and formatting of the PSO CCAR, as well as any additional information they wish to include. PSOs are encouraged to include a cover page, photos, graphics, etc. although this is optional. PSOs may use the Carbon Neutral logo ([available for download](#)) in their report. The PSO CCAR template provided below includes instructions and guidance in grey italics; please ensure to delete these instructions and guidance before finalizing your report.

REPORT CONTENT - MINIMUM REPORT REQUIREMENTS

The PSO CCAR must include the following minimum components as set out in the template:

- i. Title
- ii. Organization name
- iii. Legislative Reporting Requirements:
 - i. Declaration Statement
 - ii. Actions taken to minimize emissions
 - iii. Plans to continue reducing emissions
 - iv. Emissions and Offsets Summary Table
 - v. Retirement of Offsets Statement
- iv. Signature by a senior official such as CEO, COO or Superintendent

SMALL EMITTERS

Small Emitters must complete, at minimum, the following sections of the PSO CCAR template:

- Title and Organization Name;
- Part 1 Legislative Reporting Requirements; and
- Executive Sign-off.

REPORT SUBMISSION - BY MAY 31, 2023

PSOs are required to submit their signed PSO CCAR by email to Carbon.Neutral@gov.bc.ca by no later than May 31, 2023.

CAS will post all PSO CCARs to the BC Government's CNG website by June 30, 2023 to meet legislative requirements. PSOs are encouraged to post their CCAR to their own website by the same date.

3) PSO CCAR TEMPLATE

[Below is the 2022 PSO CCAR template. All text in grey italics is provided for the information/guidance of PSOs and should be deleted or replaced with information specific to your organization.]

PSOs have full ownership over the look and formatting of the PSO CCAR; you may adjust the template below to meet your organization's specific needs, so long as your PSO CCAR includes the Minimum Report Requirements noted above.]

SCHOOL DISTRICT NO. 50 – HAIDA GWAI 2022 PSO CLIMATE CHANGE ACCOUNTABILITY REPORT

Title: 2022 PSO Climate Change Accountability Report

Organization: School District No. 50 – Haida Gwaii

PART 1. Legislative Reporting Requirements

*[Information provided in this section will complete PSOs' legislative reporting requirements under the [Climate Change Accountability Act \(section 8.1\)](#) and the [Carbon Neutral Government \(CNG\) Regulation](#). **Part 1 must be completed in full by all PSOs, including Small Emitters.**]*

Declaration statement: This PSO Climate Change Accountability Report for the period January 1, 2022 to December 31, 2022 summarizes our greenhouse gas (GHG) emissions profile, the total offsets to reach net-zero emissions, the actions we have taken in 2022 to minimize our GHG emissions, and our plans to continue reducing emissions in 2023 and beyond.

Emission Reductions: Actions & Plans

Our district has been working towards minimizing emissions by working on the following projects over the year:

Continuing the transition towards more efficient LED Lights in all buildings.

Working towards installing more efficient boilers.

Installation of more HVAC units.

Continuing the work on the Amalgamation project which will close one school completely.

A. Stationary Sources (e.g. buildings, power generation)

We have been working towards upgrading boiler systems to be more efficient. In addition to that we have been retrofitting all lighting to more efficient LED lighting systems. Some buildings have also had HVAC units installed and we look to continue to the implementation of these steps on all buildings.

B. Mobile Sources (e.g. fleet vehicles, off-road/portable equipment)

Given our location, it is difficult to move to zero emission vehicles as we don't have the necessary specialized services for maintenance and repairs. As a district we do our best to reduce the fuel

consumption where we can. We have looked into some Hybrid and Electronic Vehicles but at this time our fleet is still relatively new, when the time comes to replace we will be considering this move.

C. Paper Consumption

We continue to use the electronic timesheets and promote the use of electronic mail to cut down on the print material that comes out of our office. In 2022 we have not implemented the recycled paper but is something that we will look at moving forward in 2023.

2022 GHG Emissions and Offsets Summary Table

School District No. 50 – Haida Gwaii 2022 GHG Emissions and Offsets Summary	
GHG emissions for the period January 1 - December 31, 2022	
Total BioCO ₂	7.79
Total Emissions (tCO ₂ e)	857
Total Offsets (tCO ₂ e)	794
Adjustments to Offset Required GHG Emissions Reported in Prior Years	
Total Offsets Adjustment (tCO ₂ e)	0
Grand Total Offsets for the 2022 Reporting Year	
Grand Total Offsets to be Retired for 2022 Reporting Year (tCO ₂ e)	794
Offset Investment (\$)	794 x \$25=\$19,850

- i. [Note, BioCO₂ is included in Total Emissions but not Total Offsets. For K-12 and Post-Secondary organizations, and BC Transit, Total Offsets might not equal Total Emissions minus Total BioCO₂ because offset exempt emissions for buses are included within Total Emissions.]
- ii. Emissions and offset investment amounts will be validated by CAS prior to distributing invoices.
- iii. You must round "Grand Total Offsets to be Retired" to a whole number (no decimal places) before multiplying by \$25 (e.g., 43.2 is rounded to 43, while 43.5 is rounded 44).]

Retirement of Offsets:

In accordance with the requirements of the *Climate Change Accountability Act* and Carbon Neutral Government Regulation, **School District No. 50 – Haida Gwaii (the Organization)** is responsible for arranging for the retirement of the offsets obligation reported above for the 2022 calendar year, together with any adjustments reported for past calendar years (if applicable). The Organization hereby agrees that, in exchange for the Ministry of Environment and Climate Change Strategy (**the Ministry**) ensuring that these offsets are retired on the Organization's behalf, the Organization will pay within 30 days, the associated invoice to be issued by the Ministry in an amount equal to \$25 per tonne of offsets retired on its behalf plus GST.

PART 2. Public Sector Climate Leadership

2A. Climate Risk Management

Our district has begun the work of building a Tsunami Tower at one of the school sites to help protect students from the threat of a Tsunami.

2B. Other Sustainability Initiatives

We have a number of schools who operate greenhouses which help to support the school food programs. All school sites recycle as much material as possible.

2C. Success Stories

95% of all lighting in our schools have been updated to LED lighting.

[Please email your signed report to Carbon.Neutral@gov.bc.ca by no later than May 31, 2023.]

APPENDIX 1

Below are instructions to populate your organization's **2022 GHG Emissions and Offsets Summary** table in the PSO CCAR template above.

- a. Access the Clean Government Reporting Tool (CGRT) at <https://gov-bc.mythinkstep.com/login>. **Note, you must be a registered Site Administrator or Data Collector for your organization to access CGRT.** Contact the Clean Government team at CAS at Carbon.Neutral@gov.bc.ca if you require assistance.
- b. Once successfully logged into the CGRT homepage, follow these steps to access the "CCAR 2022 report":

1		Click on the 'Analytics' menu tab and select 'Intelligence Center' from the drop-down menu.
2		Within the Intelligence Center, search for, then click on , the report titled "CCAR 2022 report". Note: This report will have an orange Published tag applied.
3		In the top right corner of the window, click the icon containing three horizontal dots to expand the selections.
4		Click the computer monitor icon to view the report. The report will open in a new window.
5		Click the icon containing two circular arrows at the very top left of the window to "refresh" the report. The report will generate key analytics (see Figures 1 & 2 below for examples) that are used to populate your 2022 GHG Emissions and Offsets Summary table. Note: If your analytics are large, it may take some time to complete; it will process in the background and appear in the job tray. If you log out of CGRT before the report is complete, CGRT will automatically email it to you when complete.
Optional		Optional: If you want to save a copy of your "CCAR 2022 report", export it to Excel as follows: <ul style="list-style-type: none"> Click the download button at the top right of the report and save the report to Excel at any time (e.g. you can save to Excel while the analytics are calculating).

- c. Using the results of your "CCAR 2022 report" populate your **2022 GHG Emissions and Offsets Summary table** by referring to the cells identified in Figures 1 and 2 below. You will obtain the values for cells A through D through your "CCAR 2022 report".

- d. Lastly, complete the Offset Investment (\$25 per tCO₂e) line of the table by manually multiplying your Grand Total Offsets to be Retired for 2022 Reporting Year (tCO₂e) by \$25. You **must** round your “Grand Total Offsets to be Retired” to a whole number (i.e. no decimal places) **before** multiplying by \$25 (e.g., 43.2 is rounded to 43, while 43.5 is rounded 44).
- e. Your 2022 GHG Emissions and Offsets Summary table is now complete. Proceed with completing the remaining sections of your 2022 PSO CCAR, including executive sign-off, and submit your final CCAR to carbon.neutral@gov.bc.ca by no later than May 31, 2023.
