GAR openings in RESULTS as of May 27th, 2013 by...

| Properties  | Description | Comments |
|---|-------------|----------|
| <p>This map shows all openings in RESULTS with spatial data and the following comment "Caribou GAR 2012 FPPR S.91 exemption" as of the middle of May 2013. The openings are grouped by district due to maximum file size issues in ARCGIS online.</p> |             |          |

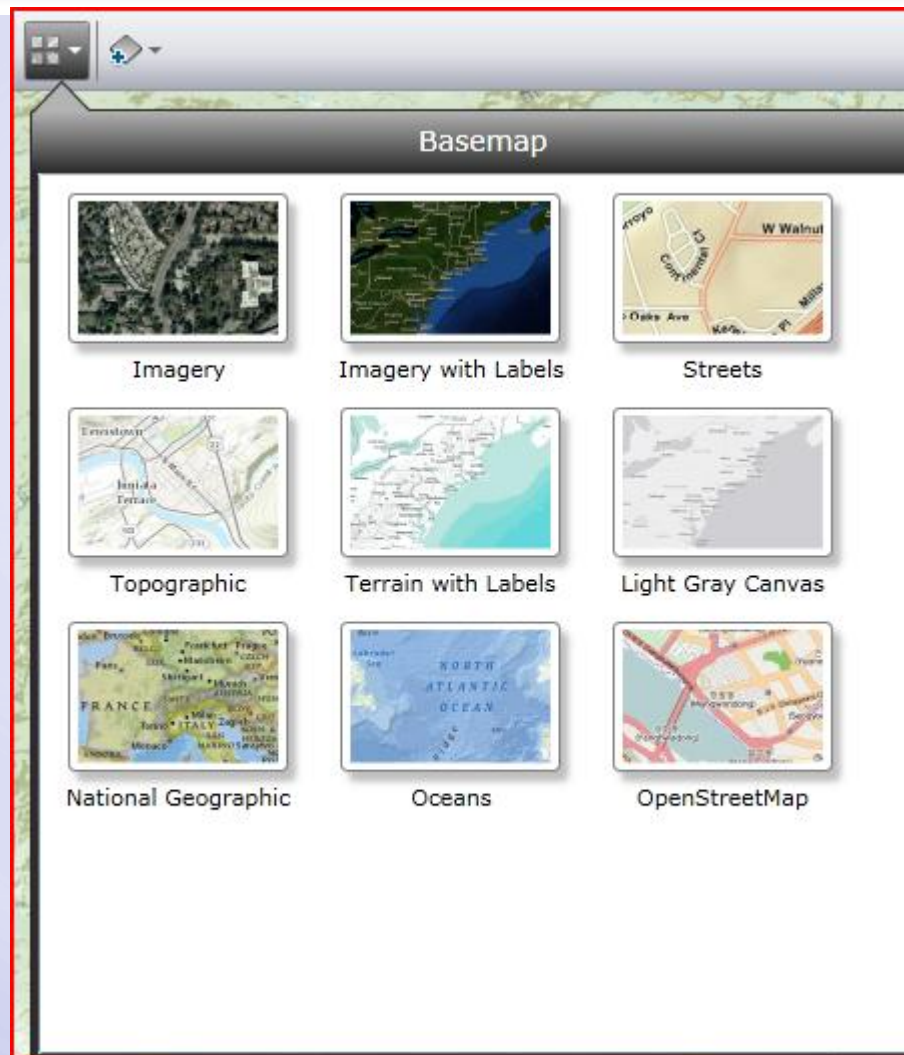

# Ministry of Forests, Lands and Natural Resource Operations

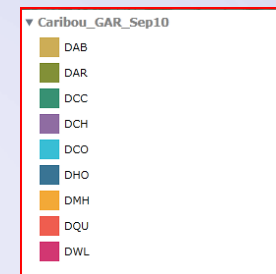

- Popups – you can configure your own, you could have attachments in popups too, ie. photos
- You can change the opacity of a given layer
- You can change outline colours and fill colours
- You can add bookmark locations
- You can print maps, measure distances
- You can add your own shapefiles
- We can embed a map in a website, easy as pie

- You can symbolize as unique symbols
- You can carry out specific queries

Query Definition

Name: TFL 55 Query

Query | Display Fields | Data

Specify your query criteria

Field: FID Integer Operator: Equal Value: Field:

☐ Prompt for value. Prompt: Hint:

MGMT\_UNIT Contains TFL 55

- Queries can be saved as layers for future reference

- You can add a map service (direct from BCGW)
- You can add dashboard stats, to track things like:
  - Total area by management unit
  - Total costs by management unit
- You can embed maps in presentations
- We can create our own apps....
  - ipads or iphones?
