APPENDIX B

Consultation Process for Administrative and/or Operational and Operational Plans within First Nation Traditional Territory

- 1.1 British Columbia will consult with Tlatlasikwala First Nation on proposed Administrative and/or Operational Decisions and Operational Plans that may potentially adversely impact Tlatlasikwala First Nation's Aboriginal Interests within the Traditional Territory, in accordance with this Appendix B.
- 1.2 Tlatlasikwala First Nation will fully participate in information sharing and/or consultation with British Columbia, Licensees or proponents regarding proposed Administrative and/or Operational Decisions or Operational Plans within the Traditional Territory in accordance with this Appendix B.
- 1.3 In order to facilitate consultation, the Parties will use the Matrix set out in section 1.10 of this Appendix to determine which proposed Administrative and/or Operational Decisions and Operational Plans will require consultation, as well as the appropriate level of consultation for those decisions and plans.
- 1.4 The level of consultation required for the types of Administrative and/or Operational Decisions and Operational Plans listed in Schedule 1 (the "List of Decisions") will be the level indicated in the column of Schedule 1 headed "Consultation Level", unless the Parties agree to a different consultation level under section 1.11 of this Appendix.
- 1.5 If on or before January 31st a Party requests that the List of Decisions or the consultation level for a type of decision or plan set out in it be revised for a subsequent BC Fiscal Year, the Parties will discuss that request and if the Parties agree to a revision, update the List of Decisions on or before March 31st of the current fiscal year.
- 1.6 If British Columbia becomes aware of proposed Administrative and/or Operational Decisions or Operational Plans not contained in the List of Decisions that will have effect within the Traditional Territory of Tlatlasikwala First Nation during the current fiscal year, British Columbia will notify the Tlatlasikwala First Nation of those decisions or plans and the Parties will, with reference to the criteria set out in the Matrix, seek to agree on the consultation levels that will be applicable to those decisions or plans.
- 1.7 If the Parties cannot agree upon which consultation level in section 1.10 of this Appendix should apply to a particular or any Operational or Administrative Decision or Operational Plan, then British Columbia will consult with Tlatlasikwala First Nation on the basis of British Columbia's consultation procedures in effect at the time as well as the applicable case law respecting consultation obligations.
- 1.8 In reviewing and responding to a proposed Administrative and/or Operational Decision or Operational Plan submitted to them, Tlatlasikwala First Nation will, unless otherwise agreed by the Parties, provide the party (i.e. British Columbia, Licensee or proponent) that supplied the proposed decision or plan to them, with all reasonably available information that will identify any potential adverse

impacts to their Aboriginal Interests that may occur as a result of the proposed Administrative and/or Operational Decision or Operational Plan within the Traditional Territory or forest or range resource development practices that may be carried out pursuant to that decision or plan.

1.9 If a proposed Administrative and/or Operational Decision or Operational Plan is submitted to Tlatlasikwala First Nation and no response is received within the consultation period set out in section 1.10 of this Appendix for the consultation level applicable to the proposed Administrative and/or Operational Decision or Operational Plan, then British Columbia may proceed to make a decision regarding the decision or plan.

1.10 The Parties agree that:

- (a) as set out in the table below (the "Matrix") there will be six (6) potential levels of consultation for a proposed Administrative and/or Operational Decision or Operational Plan;
- (b) subject to the List of Decisions, the appropriate consultation level for a proposed Administrative and/or Operational Decision or Operational Plan will be determined by reference to the criteria set out in the Matrix; and
- (c) the consultation period applicable to a consultation level is the period referred to in the Matrix, the List of Decisions or as otherwise agreed to by the Parties, whichever period is the longest.

Level	Description	Intent
1. Information Sharing: prior to formal consultation process	Proponent or tenure holder engages Tlatlasikwala First Nation during planning to provide opportunity to incorporate Aboriginal Interests prior to submitting plan/request to Decision Maker.	Proponent or tenure holder engages directly with Tlatlasikwala First Nation and provides summary of communications to British Columbia.
2. Available on Request	Type of notification whereby British Columbia informs Tlatlasikwala First Nation they will not be sending out information.	Tlatlasikwala First Nation can request from British Columbia more detailed information about decisions made at this level.
3. Notification	Notify in writing Tlatlasikwala First Nation about an upcoming decision and provide overview information. Would be an opportunity for comment.	British Columbia provides Tlatlasikwala First Nation base level information and a short reasonable time (21-30 calendar day consultation period determined by the Parties) to comment. Limited follow-up.

Level	Description	Intent
4. Expedited Consultation Process	Where there is an imminent threat to a resource value (e.g. mountain pine beetle spread control) an expedited consultation process is undertaken.	Intense but short timeline (about 10 calendar days). A justification for shortening the period would be given by describing the imminent threat. May require a meeting.
5. Normal Consultation	Follow on "normal" track for consultation guided by up-to-date consultation policy. Meetings to resolve issues where possible and make decision in a timely manner.	Intent to follow this course in most circumstances. Usually a 30 – 60 calendar day consultation period. May involve meaningful discussion of accommodation options where appropriate. British Columbia will notify Tlatlasikwala First Nation of the final decision where requested by the Tlatlasikwala First Nation.
6. Deep Consultation	Use reasonable effort to inform in an accessible manner and to engage in full discussions around the proposed decision. Make reasonable efforts to accommodate where necessary. Preliminary assessments may indicate a significant Aboriginal Interest and a significant impact to that interest.	Would involve meaningful discussion of suitable accommodation options and interim solutions where appropriate. May require extended timelines. British Columbia will provide the Tlatlasikwala First Nation with the final decision and rationale in writing.

- 1.11 The Parties may agree to increase or decrease the consultation level for a specific proposed Administrative and/or Operational Decision or Operational Plan where detailed Aboriginal Interest information is provided that indicates a different consultation level is appropriate.

Revenue Sharing Contribution Methodology

Traditional Territory Forest Revenue Sharing Component

- 1.0 In each BC Fiscal Year that this Agreement is in effect, and subsequent to the release by the Minister of Finance of the previous BC Fiscal Year's public accounts, a summary document will be prepared of the North Island District's forest revenue, defined as the total of stumpage, waste and annual rent payments received by the Crown for the previous 2 BC Fiscal Years. An average amount over 2 years will be calculated for the North Island District.
- 1.1 For the purposes of the summary document in section 1.0 of this Appendix, the stumpage payments from Eligible Volume in Tlatlasikwala First Nation's Forest License (N/A) will not be included in the calculations of forest revenue.
- 1.2 The amount of the forest revenue attributed to the Tlatlasikwala First Nation's Traditional Territory will be calculated by determining the percent of Tlatlasikwala First Nation's Traditional Territory that falls within the Timber Harvesting Land Base in the North Island District, applied against the forest revenue described in section 1.0 of this Appendix. This calculation will prorate for overlapping territories of other First Nations.
- 1.3 The Traditional Territory Forest Revenue Sharing Component will be calculated by multiplying three (3) percent of the forest revenue attributed to the Tlatlasikwala First Nation as described in section 1.2 of this Appendix.
- 1.4 If Tlatlasikwala First Nation is not receiving capacity funding for forestry consultation through a SEA or RA, then it will receive \$35,000 or the amount calculated in accordance with section 1.3, whichever is greater, which may be used by Tlatlasikwala First Nation as capacity funding to participate in the consultation process in accordance with section 6.0 of this Agreement.
- 1.5 For each BC Fiscal Year that this Agreement is in effect, the calculations outlined in sections 1.0 to 1.4 of this Appendix will be performed.

Direct Award Tenure Forest Revenue Sharing Component

- 2.0 Subsequent to the release by the Minister of Finance of the previous BC Fiscal Year's public accounts, a summary document will be prepared of Tlatlasikwala First Nation's Forest License (N/A) forest revenue, defined as the total of stumpage payments received by the Crown for the previous BC Fiscal Year from Eligible Volume within Tlatlasikwala First Nation's Forest License
- 2.1 The Direct Award Forest Tenure Revenue Sharing Component will be calculated by multiplying thirty-five (35) percent of the forest revenue as described in section 2.0 of this Appendix.

2.2 For each Fiscal Year that this Agreement is in effect, the calculations outlined in sections 2.0 and 2.1 of this Appendix will be performed.
