# CANADIAN CENTRE FOR **CYBER SECURITY** | CENTRE CANADIEN POUR LA **CYBERSÉCURITÉ**

*We are the single unified source of expert advice, guidance, services and support on cyber security for government, critical infrastructure owners and operations, the private sector and the Canadian public.*

National-level outcomes

Information and  
information systems of  
importance

Complement public &  
commercial capability

## Government of Canada - COVID-19 Impact's

- Cyber threat actors are attempting to take advantage of Canadians' heightened levels of concern and fears around COVID-19
- COVID-19 has presented cybercriminals and fraudsters with an effective lure to encourage victims to visit fake web sites, open e-mail attachments, and click on text message links
- These web sites, e-mails and links typically impersonate health organizations, and can pretend to be from the Government of Canada

# Staying Cyber-Healthy During COVID-19

- Collaborating with our government and industry partners
- Offering tailored advice and guidance to government partners, Canadian organizations and Canadians
- GetCyberSafe Public Awareness Campaign
- Canadian Shield – Sharing the Cyber Centre's Threat Intelligence to Protect Canadians During the COVID-19 Pandemic
