(with amendment #2)

Stericycle ULC

CSA #CS-000909

An "X" in a cell indicates the available frequency of service to a location within that community (i.e. to empty Containers or to collect boxes).

A community whose row is shaded is a mandatory location; the scheduled Container Services must be provided in these communities as a condition of retaining a CSA. Other communities are optional.

For the columns labeled "other" refer to the legend to determine the frequency offered for that community and service.
