3.All small appliances, coffee pot, toaster, electric water pot, electric heaters are all turned off every night

Describe plans your organization has for continuing to minimize your GHG emissions:

**Continue to carry out actions as listed above**

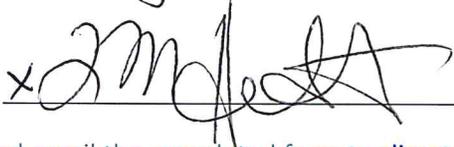

Describe any actions your organization took during 2015 to strengthen its ability to manage the likely effects of climate change in the coming years and decades (e.g., have assessed whether increased frequency of extreme weather events and/or long term changes in climate will affect your organization's infrastructure, its employees and/or its clients.)

**We have amped up our safety committee and made sure we all had a safety kit and plan (both office and home). We enlisted a leader to tell us what to do if our building were to topple. If the climate changed to extreme, we have an emergency call list that gives everyone notice not to go to the office. We park our cars in different places during windy weather.**

**Retirement of Offsets:**

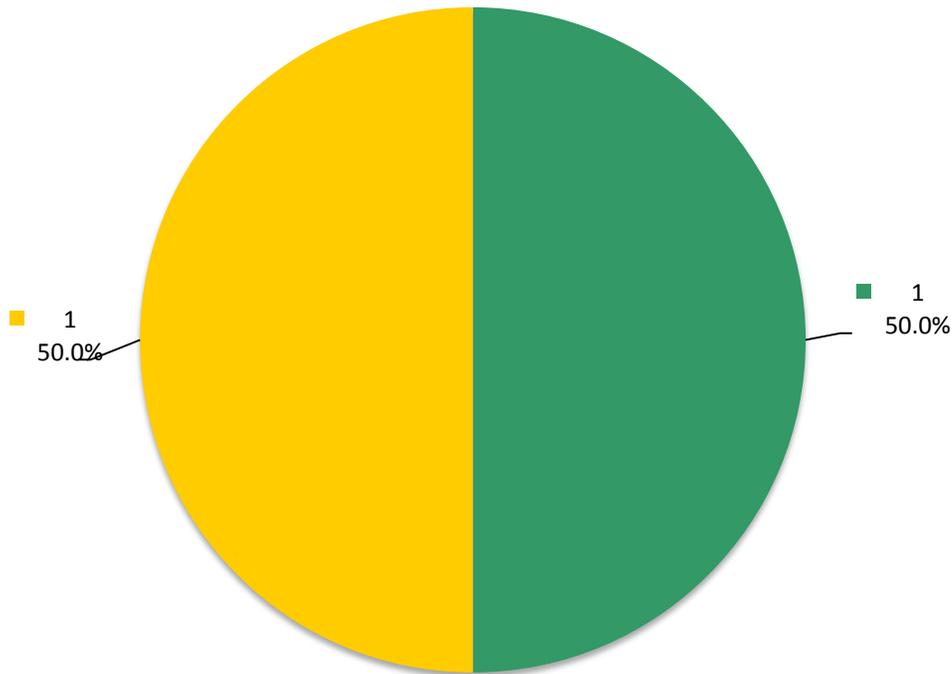

In accordance with the requirements of the Greenhouse Gas Reduction Targets Act and Carbon Neutral Government Regulation, [Organization Name] (the Organization) is responsible for arranging for the retirement of the offsets obligation reported above for the 2015 calendar year, together with any adjustments reported for past calendar years. The Organization hereby agrees that, in exchange for the Ministry of Environment ensuring that these offsets are retired on the Organization's behalf, the Organization will pay the associated invoice to be issued by the Ministry in an amount equal to \$25 per tonne of offsets retired on its behalf plus GST.
