### Welcome to the RESULTS System

2014-03-28

RESULTS(Reporting Silviculture Updates and Landstatus Tracking System) is a web-based application that provides clients and government staff direct on-line access to Provincial spatially enabled silviculture information. RESULTS will track and report silviculture accomplishments, administer approved stocking standards and evaluate free-growing progress on obligations.

# Housekeeping

---

Ask questions using CHAT

Ensure that you direct to Entire Audience – so everyone can read the question

If there is some else that is sitting in the session but no registered, please add their Name and email on the Evaluation form

Please complete the Evaluation Form – automatically available appears Immediately after session

You will receive email confirmation to a RESULTS Testing website.

If you are a new user or require access renewal, you must pass the test in order to obtain your RESULTS access. Please only complete the test after you completed all required modules for your required authority.

## Submission Specifications

- [CF Memo \(RISS-Is\)](#) – Provincial memo from Jim Snetsinger, announcing RESULTS Information Submission Specifications: Licensee Submissions, a document that outlines the form and manner of reporting data to RESULTS.
- **NEW RESULTS Information Submission Specifications: Licensee Submissions (Edition 4)** – Edition 4 of the Silviculture Information Submission Guidebook describes submission specifications for electronic submissions to RESULTS via the Electronic Submission Framework;

Revisions to Edition 4 in response to input received by the Coastal Region Implementation Team (CRIT) and by users via the NRS Service Desk and Resource Practices Branch. **As per direction from the Deputy Minister to make basal area a mandatory requirement, Section 5.7.2.2. has been amended.** Other minor revisions have been implemented in order to increase clarity.

- **NEW RESULTS Information Submission Specifications: Licensee Submissions (Edition 4 - Memo)**
- [RESULTS Information Submission Specification - gf - Edition 4](#) - May 2014  
**NEW** – Requirements for preparing and submitting information pertaining to government funded silviculture activities (treatments and surveys) to RESULTS.
- [Electronic submissions required](#) – Deputy minister letter notifying licensees that all silviculture reports and amendments are to be electronically submitted to the ministry as of June 1, 2005.

# Online or ESF Matrix

Submission Component	ESF	Online
Opening Definition Tenure & Site Plan Information	Yes	No Opening and Standards Unit Spatial required
SU Modifications*	Yes	Conditional Must use ESF where there is changes to Standards Unit (additions, deletions) or changes in spatial.
Disturbance	Yes	Yes
Silviculture Activity	Yes	Yes Mandatory ESF for government funded activities (FE, JS)
Forest Cover *	Yes	No Forest Cover Spatial required
Milestone	Yes	Yes
s.108 Application	No	Yes

\* Any spatial requirements must be submitted by ESF

Reference by Screen Number.

## RESULTS301 - Opening Inquiry

(Last Updated 2007-07-26, 3.1)

- Description
- Screen Layout
- Package Name
- Business Rules
- Field Descriptions
- Processing
- Database Transactions
- Controls
- Change History

### Description

An opening defines an area of land on which harvesting or a disturbance has occurred or is planned and on which one or more silviculture activities are planned or completed. RESULTS301 Opening Inquiry screen displays administrative information about the opening in relation to the opening category. From this screen you can create, find, update, and delete openings. To inquire, select the GO button in the header area. To update, select the Save button at the bottom of the screen. To create a new opening select the 'Add' button at the bottom of the screen. To delete, select the 'Delete' button. To view the associated map, select the MapView link located on the right of the header area.

### Screen Layout

Change the zoom factor of the Screen Shot: 50%

A screenshot of the RESULTS301 Opening Inquiry screen. The screen has a green header bar with the title 'RESULTS' and a navigation menu with links: 'Search', 'Inbox', 'Openings', 'Data Submission', 'Admin', 'Event Tracking', and 'Reports'. Below the header, there is a sub-header 'Opening Inquiry' and a list of tabs: 'Multi-Tenure', 'Stocking Standards', 'Activities', 'Forest Cover', 'Disturbance', 'Land Status', and 'Silviculture'. The main content area contains a form with the following fields: 'Org Unit' (DVA - Vancouver Forest District), 'Client' (PLATEAU 01), 'Name' (PLATEAU FOREST PROJECTS LTD), 'Opening' (SF 006 00 04), 'Opening Id' (00000000), 'License' (A19157), 'CP' (42), 'Cut Block' (3004), 'Timber Mark' (B-0421), 'Disturbance Gross Area (ha)' (6.6), and 'Forest Cover Area (ha)' (6.6). At the bottom, there are buttons for 'Go', 'Clear', 'SF Map', 'Map View', 'History', and 'FTA'.

# RESULTS – SU Modifications

---

Walkthrough Individual  
SU Modification Actions

# RESULTS – Corrections

---

## Business

- Intended to correct opening SUs entered during paper-based data entry (records pre-mandatory ESF prior to June 1, 2005)
- Corrections are to reflect legal approved documents that exists.
- Older records do not have online SP Maps (unless converted through RESULTS Opening Spatial Conversion process) and therefore making changes not require spatial; but you can always include (but then must be via ESF)

# RESULTS – Corrections

---

## Online function

- Save as you go – SU is separated into sections:

- SU identification with BEC & Offsets
- Density information
- Preferred species & Ht
- Acceptable species & Ht
- Rationale

Any changes to any of these section must be saved.

Saving is accepting the data as entered.

- SS ID is not updatable
- Toggle to any of the SU for changes as required.
- System **does not** highlight changed items– **upon Save, data will be modified.** “Back” out of the S311. Repeat steps for other SUs, if required.
- All changes are audited via SU History and History

Correction

Minor Amendment

Amendment

I wish to change information in a RESULTS opening record.  
These updates will conform:

- for silviculture prescriptions and site plans previously approved under the Forest Practices Code of British Columbia Act, to the requirements of the Forest Practices Code of British Columbia Act section 42.1 and Operational and Site Planning Regulation sections 7.1 and 7.3; and/or the Forest and Range Practices Act sections 189, 191, 192, and/or 197; or,
- for site plans developed under the Forest and Range Practices Act, to the requirements of the Forest and Range Practices Act sections 5, 8, 16 and 20, and Forest Planning and Practices Regulation sections 22.1, 29, and 30.

Where discrepancies are identified between RESULTS data and an approved paper document, the approved paper document will be deemed to be the official document.

I attest that the changes I am about to make were prepared by a qualified professional who is fully conversant with the legislative requirements for making amendments, and wish to proceed.

Minor Amendment

Amendment

I wish to change information in a RESULTS opening record.  
These updates will conform:

- for silviculture prescriptions and site plans previously approved under the Forest Practices Code of British Columbia Act, to the requirements of the Forest Practices Code of British Columbia Act section 42.1 and Operational and Site Planning Regulation sections 7.1 and 7.3; and/or the Forest and Range Practices Act sections 189, 191, 192, and/or 197; or,
- for site plans developed under the Forest and Range Practices Act, to the requirements of the Forest and Range Practices Act sections 5, 8, 16 and 20, and Forest Planning and Practices Regulation sections 22.1, 29, and 30.

Where discrepancies are identified between RESULTS data and an approved paper document, the approved paper document will be deemed to be the official document.

I attest that the changes I am about to make were prepared by a qualified professional who is fully conversant with the legislative requirements for making amendments, and wish to proceed.

Site Plan Amendment

Amendment

I wish to change information in a RESULTS opening record.  
These updates will conform:

- for silviculture prescriptions and site plans previously approved under the Forest Practices Code of British Columbia Act, to the requirements of the Forest Practices Code of British Columbia Act section 42.1 and Operational and Site Planning Regulation sections 7.1 and 7.3; and/or the Forest and Range Practices Act sections 189, 191, 192, and/or 197; or,
- for site plans developed under the Forest and Range Practices Act, to the requirements of the Forest and Range Practices Act sections 5, 8, 16 and 20, and Forest Planning and Practices Regulation sections 22.1, 29, and 30.

Where discrepancies are identified between RESULTS data and an approved paper document, the approved paper document will be deemed to be the official document.

I attest that the changes I am about to make were prepared by a qualified professional who is fully conversant with the legislative requirements for making amendments, and wish to proceed.

Correction

Minor Amendment

Amendment

I wish to change information in a RESULTS opening record.  
These updates will conform:

- for silviculture prescriptions and site plans previously approved under the Forest Practices Code of British Columbia Act, to the requirements of the Forest Practices Code of British Columbia Act section 42.1 and Operational and Site Planning Regulation sections 7.1 and 7.3; and/or the Forest and Range Practices Act sections 189, 191, 192, and/or 197; or,
- for site plans developed under the Forest and Range Practices Act, to the requirements of the Forest and Range Practices Act sections 5, 8, 16 and 20, and Forest Planning and Practices Regulation sections 22.1, 29, and 30.

Where discrepancies are identified between RESULTS data and an approved paper document, the approved paper document will be deemed to be the official document.

I attest that the changes I am about to make were prepared by a qualified professional who is fully conversant with the legislative requirements for making amendments, and wish to proceed.

### S201 – Inbox Search

Ministry personnel must have “Approver” role to action.

**Details**

Take to S310 – to enable review of Submitted Proposal.

**Approve**

Will approve Submitted Amendment –  
Opening will change from “SUB” to “APP” status

**Not Approve**      **Approver:**

Requires mandatory reason to explain reason for not approval.  
Opening change from “SUB” to “AMD”

**Submitter:**

Make decision for next step:  
Delete Amendment – change from “AMD” status to “APP” to start over  
Modify existing Proposed Amendment to resubmit – change from “AMD” to “SUB”

# Help Resources

<http://www.for.gov.bc.ca/his/results/support.htm>

<http://www.for.gov.bc.ca/his/results/training/index.htm>

## Application Support

Please follow the steps below when you encounter a problem with RESULTS.

1. Review the [RESULTS Questions & Answers](#) web page to determine if your question has already been answered.
2. Check with your district resource clerk/LIM staff, if appropriate.
3. Contact your regional RESULTS contact if one exists. See the list of [Region and Districts RESULTS contacts](#) and [BCTS TSO RESULTS contacts](#).
4. Contact the Business Application Service Section (BASS). Please include the application name somewhere in the subject line so it will be sorted into the appropriate help folder.

Phone: (250) 952-6801

Email: [nrsenquiries@gov.bc.ca](mailto:nrsenquiries@gov.bc.ca)

## Training & Resources

Work is underway to transition to new training format.

Only the pre-recorded Live Meeting Woodlot modules will be available for viewing and can be via Windows Media Player. Please contact Application support to acquire download of the recording.

[Online training](#) is available for Core RESULTS Modules. Please refer to the link on any upcoming course offerings. Online training link for your reference:  
<https://attendee.gototraining.com/49x65/catalog/3931598846459390464>

[Face-to-face sessions](#) are offered periodically, based on major application developments and/or special needs identified by operational, regional and/or headquarters level. *There are currently no plans for face-to-face sessions.*

An [online reference](#) also provides a high level overview for those who are new to RESULTS and need a general overview of the application components.
