Why do we support local?

- To reduce our negative impact on the environment
- To support local farmers and food companies
- To support local jobs in our economy
- To meet growing demand from our customers
- To reduce distance travelled which reduces greenhouse gas emissions.

EVERGREEN

Herbs

Surrey B.C.

Evergreen Herbs is a family run farm that started growing onions, carrots and lettuce. In 1996, the two Brar brothers diversified the farm by adding fresh herbs, vegetables and specialty items.

Let's support BC together!

Sysco is committed to supporting our local economy. We are doing our part reducing the impact we have on the environment by supporting locally grown, raised and processed foods to supply to our customers.

In this local guide we have showcased both producer partners and processing partners that we support in B.C. In some cases product is grown in B.C. and in other cases product is processed only.
