Financial Statements of

# **COLLEGE OF NEW CALEDONIA**

Year ended March 31, 2018

#### MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The financial statements have been prepared by management in accordance with Section 23.1 of the *Budget Transparency and Accountability Act* of the Province of British Columbia. The integrity and objectivity of these statements is management's responsibility. Management is also responsible for all of the notes to the financial statements, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements. The significant accounting policies are summarized in Note 2 to the financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced. The internal controls are designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the financial statements.

The College of New Caledonia Board is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Finance and Audit Committee. The Finance and Audit Committee reviews the external audited financial statements yearly and the internal financial reports on a regular basis. The external auditor has full access to the Finance and Audit Committee, with and without management present.

KPMG conducts an independent examination, in accordance with Canadian auditing standards, and expresses an opinion on the financial statements. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of the examination and their opinion on the financial statements.

Tara Szerencsi

Vice President, Finance & Corporate Services

KPMG LLP 400 – 177 Victoria Street Prince George, BC V2L 5R8 Telephone (250) 563-7151 Fax (250) 563-5693 www.kpmg.ca

#### INDEPENDENT AUDITORS' REPORT

To the Board of the College of New Caledonia, and To the Minister of Advanced Education, Skills & Training, Province of British Columbia

We have audited the accompanying financial statements of the College of New Caledonia (the "College"), which comprise the statement of financial position as at March 31, 2018, the statements of operations and accumulated surplus, changes in net debt, and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements in accordance with the financial reporting provisions of Section 23.1 of the *Budget Transparency and Accountability Act* of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the College's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements of the College of New Caledonia, as at March 31, 2018 and for the year then ended are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the *Budget Transparency and Accountability Act* of the Province of British Columbia.

## Emphasis of Matter

Without modifying our opinion, we draw attention to Note 2(a) to the financial statements, which describes the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

See accompanying notes to financial statements.

Notes to Financial Statements (\$ in thousands)

Year ended March 31, 2018

#### 1. Nature of operations:

The College of New Caledonia (the "College") is a post-secondary educational institution funded by the Province of British Columbia (the "Province") and incorporated under *the College and Institute Act* of British Columbia. The British Columbia Ministry of Advanced Education, Skills & Training (the "Ministry") provides the principal source of funding. The College is governed by a Board of Governors, the majority of which are appointed by the Province. The College is a registered charity and is therefore exempt from income taxes under section 149 of the *Income Tax Act*.

### 2. Significant accounting policies:

The financial statements of the College are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the College are as follows:

#### (a) Basis of accounting:

The financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act* of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board.

The Budget Transparency and Accountability Act requires that the financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires all tax-payer supported organizations in the Schools, Universities, Colleges and Hospitals sectors to adopt Canadian public sector accounting standards without any PS4200 elections.

Regulation 198/2011 requires that restricted contributions received or receivable for acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are to be deferred and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded.

For British Columbia tax-payer supported organizations, these contributions include government transfers and externally restricted contributions.

Notes to Financial Statements (\$ in thousands)

Year ended March 31, 2018

#### 2. Significant accounting policies:

#### (a) Basis of accounting (continued):

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which requires that:

- government transfers, which do not contain a stipulation that creates a liability, be
  recognized as revenue by the recipient when approved by the transferor and the eligibility
  criteria have been met in accordance with public sector accounting standard PS3410
  Government Transfers; and
- externally restricted contributions be recognized as revenue in the period in which the
  resources are used for the purpose or purposes specified in accordance with public
  sector accounting standard PS3100 Restricted Assets and Revenues; and
- deferred contributions met the liability criteria in accordance with PS3200 Liabilities.

As a result, revenue recognized in the statement of operations and accumulated surplus and certain related deferred capital contributions would be recorded differently under Canadian Public Sector Accounting Standards.

#### (b) Inventories for resale:

Inventories held for resale, comprised of bookstore inventory, is recorded at the lower of average cost or net realizable value. Cost includes the original purchase cost, plus shipping and applicable duties. Net realizable value is the estimated selling price less any costs to sell.

## (c) Tangible capital assets:

Tangible capital assets are recorded at cost, which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset.

The cost, less residual value, of the tangible capital assets, excluding land, is amortized on a straight-line basis over their estimated useful lives as follows:

Category	Period
Buildings	5 - 70 years
Furniture, fixtures and equipment	5 - 30 years

Assets under construction are not amortized until the asset is available for productive use.

Tangible capital assets are written down when conditions indicate that they no longer contribute to the College's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the statement of operations.

Notes to Financial Statements (\$ in thousands)

Year ended March 31, 2018

### 2. Significant accounting policies (continued):

(c) Tangible capital assets (continued):

Contributed tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of tangible capital assets from related parties are recorded at carrying value.

#### (d) Employee future benefits:

- (i) The College and its employees contribute to the College Pension Plan and the Municipal Pension Plan, which are multi-employer joint trustee plans. The plans are defined benefit plans providing a pension on retirement based on the member's age at retirement, length of service and earnings. As the assets and liabilities of the plans are not segregated by institution, the plans are accounted for as defined contribution plans and any contributions of the College to the plans are expensed as incurred.
- (ii) Sick leave benefits are also available to certain College employees. The costs of these benefits is actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The obligations under these benefit plans are accrued based on projected benefits as the employees render services necessary to earn the future benefits. Actuarial gains and losses are amortized over the expected average remaining service life of the employees. Similarly, the cost and obligation of non-vesting sick leave benefits is actuarially determined using management's best estimate of salary escalation, accumulated sick days at retirement, long-term inflation rates and discount rates.
- (iii) Certain College employees are entitled to the continuation of health and dental benefits while on disability leave. The accrued benefit obligation for currently disabled employees was estimated by an actuarial valuation for accounting purposes at March 31, 2018.
- (iv) The costs of insured benefits reflected in these financial statements are the employer's portion of the insurance premiums owed for coverage of employees during the period.

#### (e) Prepaid expenses:

Prepaid expenses include lease and contract payments that will be charged to expense over the periods the College is expected to benefit from them.

Notes to Financial Statements (\$ in thousands)

Year ended March 31, 2018

#### 2. Significant accounting policies (continued):

### (f) Revenue recognition:

Tuition and student fees and sales of inventory are reported as revenue at the time the services are provided or the products are delivered, and collection is reasonably assured. Revenue related to fees or services received in advance of the fee being earned or the service performed is deferred and recognized when the fee is earned or service performed.

Fee for services revenues and expenditures are recognized as activities are performed, using the percentage of completion method. Provision for all anticipated losses is made in the period in which they become evident.

Unrestricted contributions, donations and grants are recorded as revenue when receivable if the amounts can be estimated and collection is reasonably assured.

Restricted donations and grants are reported as revenue depending on the nature of the restrictions on the use of the funds by the contributors. Under Restricted Contributions Regulation 198/2011, government transfers are reported as revenue depending on the nature of the restrictions on the use of the funds by the contributors as follows:

- (i) Contributions for the purpose of acquiring or developing a depreciable tangible capital asset or in the form of a depreciable tangible capital asset, in each case for use in providing services are recorded and referred to as deferred capital contributions and recognized in revenue at the same rate that amortization of the tangible capital asset is recorded. The reduction of the deferred capital contributions and the recognition of the revenue are accounted for in the fiscal period during which the tangible capital asset is used to provide services.
- (ii) Contributions restricted for specific purposes other than for those to be held in perpetuity or for the acquisition or development of a depreciable tangible capital asset are recorded as deferred contributions and recognized in revenue in the year in which the stipulation or restriction on the contribution have been met.

Investment income includes interest recorded on an accrual basis, realized gains and losses on the sale of investments, and write-downs on investments where the loss in value is determined to be other-than-temporary.

#### (g) Expenses:

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

Notes to Financial Statements (\$ in thousands)

Year ended March 31, 2018

### 2. Significant accounting policies (continued):

#### (h) Financial instruments:

Financial assets and financial liabilities are measured at cost or amortized cost, less any permanent impairment in value. The College does not hold any derivatives or equity investments that require fair value reporting and has not elected to record any other financial instruments at fair value.

A statement of remeasurement gains and losses is not presented as the College did not have remeasurement transactions to report.

Financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method.

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the statement of operations.

#### (i) Cash and cash equivalents:

Cash and cash equivalents include cash on hand and short term highly liquid investments that are readily convertible to known amounts of cash and are subject to insignificant risk of change in value. These short term investments generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short term cash commitments rather than investing.

#### (j) Measurement uncertainty:

The preparation of the financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Key areas where management has made estimates and assumptions include those related to the determination of the useful lives of tangible capital assets, amortization of related deferred capital contributions, determination of employee future benefits, and provisions for accounts receivable and contingencies. Where actual results differ from these estimates and assumptions, the impact is recorded in future periods when the differences become known.

## 3. Cash and cash equivalents:

Cash and cash equivalents includes cash and cash equivalents on deposit and amounts held under the Province of BC Central Deposit Program which pays interest at prime minus 1.5% and are refundable on 3 days' notice.

Notes to Financial Statements (\$ in thousands)

Year ended March 31, 2018

#### 4. Investments:

Investments consist of GICs which are held at a Canadian chartered bank, earning interest ranging from 1.25% to 2.3% (2017 – 1.71% to 1.96%), and mature in December 2019.

#### 5. Accounts receivable:

	2018	2017
Accruals	\$ 464	\$ 686
General	1,013	820
Students	254	284
Other	542	189
Allowance for doubtful accounts	(149)	(149)
	\$ 2,124	\$ 1,830

#### 6. Accounts payable and accrued liabilities:

	2018	2017
Trade	\$ 3,457	\$ 3,729
Student deposits	3,937	2,318
Payroll	1,252	1,506
Accruals	1,013	734
Other	1,704	1,126
	\$ 11,363	\$ 9,413

## 7. Employee future benefits:

#### (a) Employee future benefits:

Certain employees of the College are entitled to sick leave benefits in accordance with the terms and conditions of their employment contracts. These include post-retirement benefits, benefits that are expected to be provided after employment but prior to retirement and which vest or accumulate during service; and compensated absence benefits, benefits paid during employment, including sick pay benefits that accumulate and are payable upon a future illness or injury-related absence. The benefit expense associated with the covered benefits attributed to the accounting period is included in the College's statement of operations and the accrued benefit liability for the benefits attributed to employee service to the accounting date are included in the College's statement of financial position. The accrued benefit obligation and the net periodic benefit costs were estimated by an actuarial valuation completed in March 2018.

Notes to Financial Statements (\$ in thousands)

Year ended March 31, 2018

### 7. Employee future benefits (continued):

	2018	2017
Accrued benefit obligation:		
Balance, beginning of the year	\$ 1,772	\$ 1,900
Current benefit cost, net	195	7
Benefits paid	(220)	(135)
Accrued benefit liability, end of year	1,747	1,772
Unamortized actuarial gain	372	404
Accrued benefit obligation, end of year	\$ 2,119	\$ 2,176

The components of the net benefit expense for this item are as follows:

	2018	2017
Projected service cost Interest expense Recognition of net actuarial gain	\$ 156 50 (11)	\$ 143 59 (195)
	\$ 195	\$ 7

The significant actuarial assumptions adopted in measuring the College's accrued benefit obligations are as follows:

	2018	2017
Discount rates Expected future inflation rates Expected wage and salary increases	3.00% 2.00% 1.14%	2.75% 2.25% 2.25%

#### (b) Pension plans:

The College and its employees contribute to the College Pension Plan and Municipal Pension Plan, jointly trusteed pension plans. The board of trustees for these plans represent plan members and employers and are responsible for the management of the pension plan including investment of the assets and administration of benefits. The pension plans are multi-employer defined benefit pension plans. Basic pension benefits provided are based on a formula. As at August 31, 2017, the College Pension Plan has about 14,000 active members and approximately 7,500 retired members. As at December 31, 2016, the Municipal Pension Plan has about 193,000 active members, with approximately 5,800 from colleges.

Notes to Financial Statements (\$ in thousands)

Year ended March 31, 2018

### 7. Employee future benefits (continued):

#### (b) Pension plans (continued):

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate is then adjusted to the extent there is amortization of any funding deficit.

The most recent actuarial valuation for the College Pension Plan as at August 31, 2015 indicated a \$67 million surplus for basic pension benefits. The next valuation for the College Pension Plan will be August 31, 2018, with results available in 2019. The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2015 indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis. The next valuation for the Municipal Pension Plan will be December 31, 2018, with results available in 2019.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for the plans in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

The College paid \$2,289 (2017 – \$2,963) for employer contributions and \$2,267 (2017 - \$2,834) in employee contributions to the plans in fiscal 2018.

#### 8. Deferred contributions:

Deferred contributions are comprised of funds restricted by the following sources:

	April 1, 2017	Receipts during year	Recognized to revenue	March 31, 2018
Ministry of Advanced Education Other Provincial ministries and corporations Other	\$ 2,884 1,491 2,474	\$ 2,293 1,182 1,378	\$ 1,193 1,095 957	\$ 3,984 1,578 2,895
	\$ 6,849	\$ 4,853	\$ 3,245	\$ 8,457

Notes to Financial Statements (\$ in thousands)

Year ended March 31, 2018

#### 9. Deferred revenue:

Deferred revenue includes tuition and other fees received in advance of the related activity performed:

	2018	2017
Tuition fees Other	\$ 2,812 814	\$ 2,152 819
	\$ 3,626	\$ 2,971

## 10. Deferred capital contributions:

Continuity of deferred capital contributions is as follows:

	2018	2017
Balance, beginning of year Contributions received during the year Amortization of deferred capital contributions Unspent contributions	\$ 71,398 8,386 (2,628) 2,757	\$ 62,660 6,776 (2,315) 4,277
Balance, end of year	\$ 79,913	\$ 71,398

Interest bearing bank account Accounts receivable less accounts payable Accounts payable and deferred revenue Less: Income available for distribution	245 16 (6) (96)	703 11 (9) (107)
	\$ 4,390	\$ 4,285

1,474

Notes to Financial Statements (\$ in thousands)

Year ended March 31, 2018

### 12. Endowments (continued):

The College has established a permanent endowment fund to provide income from which scholarships and bursaries can be awarded to students at the College. The capital of the fund is provided partly from designated funds, partly through donations from third parties and partly by matching government or other grants; the capital cannot be used for any other purpose.

Long-term securities are composed mainly of GICs and provincial bonds. Effective interest rates are between 1.25% and 4.4% (2017 - 1.25% and 4.4%) with maturities in 2018 and 2019.

Not included elsewhere in these financial statements are investments with the Prince George Community Foundation with an estimated market value of \$568,000 (2017 - \$522,000) and the Vancouver Foundation with a market value of \$493,000 (2017 - \$494,000). These amounts are held in perpetuity by the stated Foundations and because they are not controlled by the College are not included as assets of the College. The College does receive payments from these investments based on investment earnings of the Foundations and reports this as income when declared. During the year, the College received \$18,000 (2017 - \$21,500) in interest income from these investments.

#### 13. Tangible capital assets:

Cost	March 31, 2017	Additions	Transfers/ Disposals	March 31, 2018
Land Buildings Furniture, fixtures and equipment	\$ 3,293 97,440 35,176	\$ - 11,271 1,878	\$ :	\$ 3,293 108,711 37,054
	\$ 135,909	\$ 13,149	\$ -	\$ 149,058

Accumulated amortization	March 31, 2017	Disposals	Amortization Expense	March 31, 2018
Buildings	\$ 30,660	\$ -	\$ 1,980	\$ 32,640
Furniture, fixtures and equipment	27,442	-	1,339	28,781
	\$ 58,102	\$ -	\$ 3,319	\$ 61,421

Year ended March 31, 2018

## 13. Tangible capital assets (continued):

	Net book value March 31, 2017		Net boo March 3		
Land Buildings Furniture, fixtures and equipment	\$	3,293 66,780 7,734	\$	3,293 76,071 8,273	
	\$	77,807	\$	87,637	

## 14. Accumulated Surplus

The components of accumulated surplus are as follows:

	2018	2017
Investment in tangible capital assets Endowment funds Internally restricted and unrestricted amounts	\$ 9,028 4,390 3,463	\$ 9,174 4,285 2,773
	\$ 16,881	\$ 16,232

## 15. Contractual obligations:

## Operating leases:

The College is committed to minimum annual lease payments under various operating leases. The future minimum annual payments over the next three years are as follows:

2019	\$ 130
2019 2020 2021	130
2021	86
	\$ 346

### 16. Contingent liabilities:

The College may, from time to time, be involved in legal proceedings, claims, and litigation that arise in the normal course of business. At March 31, 2018, there are claims outstanding and management has determined the outcome to be undeterminable and thus no accrual has been recorded. It is considered that the potential claims would not materially affect the College's financial statements and any amounts ultimately settled will be recorded in the period in which the claim is resolved.

### 17. Expenses by object:

The following is a summary of expenses by object:

	2018	2017
Salaries and benefits	\$ 44,689	\$ 42,280
Supplies and services	6,939	7,111
Contract and professional services	4,083	3,308
Costs of goods sold	1,797	1,775
Utilities	1,679	1,644
Facility infrastructure maintenance	819	655
Interest	232	232
Scholarships and bursaries	512	620
Amortization	3,325	3,008
	\$ 64,075	\$ 60,633

#### 18. Financial risk management:

It is management's opinion that the College is not exposed to significant interest, currency, liquidity or credit risks arising from its financial instruments. The carrying value of cash and cash equivalents, accounts receivable and accounts payables and accrued liabilities approximate fair value because of the short maturity of these instruments.

The insurance for the College property is the responsibility of the Province, which paid \$30 (2017 - \$37) for premiums and fees on behalf of the College for the coverage. The premiums paid are not recorded in the financial transactions of the College or in these financial statements. All claims for loss are submitted to the Province for consideration for replacement. The College has no direct insurance coverage against loss of any of its tangible capital assets.

### 19. Budget data:

Budget figures have been provided for comparative purposes and have been derived from the budget approved by the Board of the College on April 18, 2017. The budget is reflected in the statement of operations and the statement of changes in net debt.

## 20. Related parties:

The College is related through common ownership to all Province of British Columbia ministries, agencies, crown corporations, school districts, health authorities, universities and colleges that are included in the provincial government reporting entity. Transactions with these entities, unless disclosed otherwise, are recorded at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

#### 21. Contractual rights:

The College has entered into contracts or agreements in the normal course of operations that it expects will result in the realization of assets and revenues in future fiscal years. The College is the recipient of research grants from various federal, provincial, and municipal funding agencies. These funding agreements do not abnormally impact the College's financial position and do not guarantee the College the right to future funding.

#### 22. Comparative figures:

Certain comparative figures have been restated to conform to current year's presentation.
