British Columbia Building Permits by Type

Residential

Permits issued for new dwellings and alterations and improvements to existing dwellings.

Non-Residential Groups

- **Industrial:** Includes buildings used for manufacturing and processing; transportation, communication and other utilities; and agriculture, forestry, mine and mine mill buildings.
Commercial: Includes stores, warehouses, garages, office buildings, theatres, hotels, funeral parlours, beauty salons and miscellaneous commercial installations.
- **Institutional and Government:** Includes expenditures made by the community, public and government for buildings and structures.

Notes

- In some cases, the total value of permits shown in this report is less than actual because of incomplete reporting by municipalities.
Although the results of the Building Permit Survey are often used as a leading indicator of building activity, they do not represent the total construction activity in the province because not all areas report and some large projects do not require a permit.
- An "n/a" indicates that data was not available and/or was not collected.
- A dash indicates either a nil report or a value of less than \$500.
- Figures shown under the Regional District name as RDR apply to unincorporated areas.
- Annual and year-to-date totals are calculated using unrounded values.

Abbreviations

C - City

VL - Village

DM - District Municipality

T - Town

IM - Island Municipality

RDR - Regional District Remainder
