### **Re: Notification of Oversize Permit Restrictions for Travel on Highway 97 between Summerland and Peachland**

Please be advised that effective January 5, 2024, there will be temporary restrictions for travel on Hwy 97 between Callan Rd and N Beach Rd, approximately 2 km north of Summerland.

During this time, Single Trip permits greater than 3.8 m overall width must:

- Travel on Sunday, Monday or Wednesday.
- Travel time is overnight between 9:00 pm and 5:00 am.
- Contact the onsite traffic control at 778-384-3241 a minimum of 24 hours in advance.

Term Oversize permits and Single Trip permits that are under 3.8 m overall width are not impacted at this time. These restrictions are expected to be in place until landslide repair work resumes in late April 2025.

Carriers seeking to travel on days outside of what is authorized above must make the request a minimum of two weeks in advance.

For the most up to date information on highway closures and restrictions, please visit [DriveBC.ca](https://drivebc.ca).

Should you have any questions or concerns, please contact Commercial Transport Program staff at 250 953-4017 or by email at [Commercial.Transport@gov.bc.ca](mailto:Commercial.Transport@gov.bc.ca).

Thank you,

Courtenay Lowther  
Manager, Commercial Transport
