

2018 - ILCR

User Interface - March 2019

ILCR - WHAT CHANGED

SCHEDULE 01 - Silviculture Layout

SCHEDULE 03 - Added Column for CROWN \$

SCHEDULE 03- Beetle Data Entry Gone

SCHEDULE 03 - Enter Volumes Layout and Location Changed

SCHEDULE 05 - Add Camp Size, Remote OR Not

SCHEDULE 06 - RMGs Determined by TSB or TFL (Management Units or MUs)

SCHEDULE 08 - NO Haul, Simplified Entry, NO Cruise Data

SCHEDULE 08 - Expanded Skyline entry points

SCHEDULE 07 - Added Bridges - NOW 7A (bridges) and 7B (culverts)

SCHEDULE 10 - RGs Determined by TSB or TFL (MUs)

SCHEDULE 10 - Soil Moisture Codes Added

SCHEDULE 11 - Added Silviculture Reporting to LCR

- Multiple Year Reports AND Extracts (going forward)
- STATUS - OPEN, DRAFT (Started), SUBMITTED (Finalized) VERIFIED (Audited)
- More Drop Down Selections Through-out (BECs and MUs)
- One user can be associated with numerous mills
- Mills status report available

Interior Logging Cost Report

The Interior Logging Cost Report (ILCR) is a report by licensees which is used to determine the cost of logging operations in the interior of B.C. Licensees use the ILCR to report actual costs from a representative sample of interior logging operations which reflect a range of conditions and operating practices. This data is used to calculate formulae and tables in the [Interior Appraisal Manual](#).

- [Interior Logging Cost Report Tool Application Link](#)
- Supporting information:
 - [Interior Logging Cost Report General Instructions](#) (PDF, 1.5MB)
 - [Data Collection Card](#) (XLSX)
 - [Road Data Sources](#) (XLSX)
 - [Bridge Cost Tracking Worksheet](#) (XLSX)
 - [Instructions for Bridge Cost Tracking Worksheet](#) (PDF)
- Access to the Interior Logging Cost Report system is restricted to authorized submittees only. If you need access, please fill out the [ILCR System Access Request Form](#).

The screenshot shows the ILCR web application interface. At the top left is the British Columbia logo and the text "Ministry of Forests, Lands, Natural Resource Operations and Rural Development". The main title is "INTERIOR LOGGING COST REPORT (ILCR)". A navigation bar contains buttons for "Home", "Schedules", "Check Status", "Generate Reports", "Print Schedules", and "Logout". The user "Tom Casey" is logged in, indicated by a button with a question mark. Below the navigation bar, the breadcrumb "ILCR -> Home" is shown. The main form area is titled "Mill and Reporting Year" and contains two dropdown menus: "Mill:" with the text "Select Mill" and "Reporting Year:" with the text "Select Reporting Year". A "Save" button is located below these menus. Red arrows point from green callout boxes to these elements: "Click to select mill" points to the "Mill:" dropdown, "Click to select year" points to the "Reporting Year:" dropdown, and "You must SAVE" points to the "Save" button. Below the form is a section titled "User Role Specific Message Section:" containing a welcome message for the Licensee role. At the bottom left is the version "ILCR V1.0.0.28" and at the bottom right are links for "COPYRIGHT", "DISCLAIMER", "PRIVACY", and "ACCESSIBILITY".

User may be associated with more than one mill. The select mill list will list mills the user is associated with (authority to access). Going forward, the application will allow users to access previous years. However, data from the old program will not be populated, so only data from 2018 cost year and forward can be accessed

Navigating to schedules - select from Dropdown

The screenshot shows the 'INTERIOR LOGGING COST REPORT (ILCR)' web application. The header includes the British Columbia logo and the Ministry of Forests, Lands, Natural Resource Operations and Rural Development. The main navigation bar has buttons for Home, Schedules (selected), Check Status, Generate Reports, Print Schedules, and Logout. The user is logged in as Tom Casey. The 'Schedules' dropdown menu is open, displaying a list of schedules from 1 to 11. A red arrow points from a green box labeled 'Select schedule' to the dropdown menu. The main content area displays the 'ILCR ->' section with a 'Mill: 999 ISP TEST - Year: 2016' and 'Sch 1-10 - Status: Draft - Date: 2018-03-01' and 'Sch 11 - Status: Draft - Date: 2018-03-01'. Below this is a 'Licensee Welcome Message' section.

Schedule 11 - Silviculture can be submitted on a separate timeline than schedules 1-10

Messages – three kinds - Error, Warning, and Info messages

Error, warning, and info messages will display at the top left of each screen. Multiple messages can be displayed on the screen at once.

Error message will be displayed on a light red background in dark red text following a red 'X'. Error messages are used to describe conditions that will prevent the form submission or action from successfully completing. When an error message is related to a specific field the error message will reference the field and value that is incorrect. It will also provide instructions on how to correct the field.

Warning messages will be displayed on a light yellow background in dark yellow text following a warning symbol. Warning messages are used to describe conditions that are likely incorrect, but will not prevent form submission or action completion.

Info messages will be displayed on a light blue background in dark blue text following an info symbol. Info messages are used to provide assistance or described proper use of the application (e.g. "Data saved successfully"). 9

The screenshot shows the ILCR web application interface. At the top left is the British Columbia logo and the text "Ministry of Forests, Lands, Natural Resource Operations and Rural Development". The main title is "INTERIOR LOGGING COST REPORT (ILCR)". Below the title is a navigation bar with buttons: Home, Schedules, Check Status, Generate Reports, Print Schedules, and Logout. The user name "Tom Casey" and a help icon are on the right. The main content area shows "ILCR -> Schedule 5: Camp and Access Expense" and "Mill: 20174 AO CUSTOM - Year: 2017". It also displays "Sch 1-10 - Status: Draft - Date: Not Initiated" and "Sch 11 - Status: Draft - Date: Not Initiated". A "Check Status" button is present. Below this is a section titled "Existing Camps" with a table. The table has two columns: "Camp Name" and "Action". The table is empty, and the text "No records found." is displayed. A red arrow points from a green box containing the text "No records at this point" to the "No records found." text. Below the table is a button labeled "+ Add New Camp" which is circled in blue. At the bottom left is the version number "ILCR V1.0.1.32" and at the bottom right are links for "COPYRIGHT", "DISCLAIMER", "PRIVACY", and "ACCESSIBILITY".

Schedule 05 – Camps

The screenshot shows the ILCR web application interface. At the top left is the British Columbia logo and the text "Ministry of Forests, Lands, Natural Resource Operations and Rural Development". The main title is "INTERIOR LOGGING COST REPORT (ILCR)". Below the title is a navigation bar with buttons: Home, Schedules, Check Status, Generate Reports, Print Schedules, and Logout. The user name "Tom Casey" is displayed on the right. Below the navigation bar, the current schedule is "ILCR -> Schedule 5: Camp and Access Expense". To the right, it shows "Mill: 727 AAA MILLING - Year: 2017", "Sch 1-10 - Status: Draft - Date: 2018-04-10", and "Sch 11 - Status: Draft - Date: 2018-04-10". A blue message box states "Data deleted successfully". Below this is a "Check Status" button. The main section is titled "Existing Camps" and contains a table with three rows, each representing a camp. The first column is "Camp Name" and the second column is "Action". The camps are "camp 1", "camp 2", and "camp 3". Each camp has "Edit" and "Delete" buttons. A green box highlights the "camp 1", "camp 2", and "camp 3" entries. Below the table is an "Add New Camp" button, which is circled in blue. At the bottom left, it says "ILCR V1.0.1.32". At the bottom right, there are links for "COPYRIGHT", "DISCLAIMER", "PRIVACY", and "ACCESSIBILITY".

The first record

Schedule 09 Add Records

- * When a record is added it remains open (not collapsing like some schedules)
- * Two records to each "page"
- * Drop downs for many categories
- * Some greyed entries where depending of the choices, no entry allowed

Schedule 09 Add Records

- * When a third record is added a new page is created

- * Two records on page 1, 1 record on page 2

- * This continues for all records added, two records per page

- * Navigation toggles to next page, either direction or to first or last

The screenshot shows the 'INTERIOR LOGGING COST REPORT (ILCR)' interface. At the top, there's a header with the British Columbia logo and the Ministry of Forests, Lands, Natural Resource Operations and Rural Development. Below this is a navigation bar with buttons: Home, Schedules, Check Status, Generate Reports, Print Schedules, and Logout. The user 'Tom Casey' is logged in.

The main content area displays 'ILCR -> Schedule 9: Miscellaneous/Unique Logging Costs'. It includes a summary of the current record: 'Mill: 727 AAA MILLING - Year: 2016', 'Sch 1-10 - Status: Draft - Date: 2018-05-22', and 'Sch 11 - Status: Draft - Date: 2018-11-14'. A message states: 'All requirements for this schedule have been met'.

Below the message are buttons for 'Add', 'Save', and 'Check Status'. A navigation bar shows page indicators '1' and '2', with '2' highlighted. Red arrows point from the 'Navigation between pages' label to the navigation buttons, and from the 'Indicating 2 pages' label to the page numbers.

The form contains several fields for adding a record:

- Company ID:** New3
- Contractual Item:** Other
- Item Other Description:** (empty)
- Side Slope (%):** (empty)
- Number of Units:** 5.0
- Unit Type:** Man Days
- Unit Other Description:** (empty)
- Biogeoclimatic Zone:** Coastal Mountain-h
- Cost:** 5,000
- Source:** Separate Contract
- Source Other Description:** (empty)
- \$/Unit:** 1,000.00
- Comments:** new - this now the 3rd sample/added and is on a separate page. New 1 and New 2 are on the first page

A 'Delete' button is located next to the form fields. At the bottom, there's a section for 'Contractual Work Report ID: 4' with similar fields.

Schedules 10 - add a new page first, (similar to schedule 08)
and then add records associated with each page

---	--	---

Includes Detailed Engineering Costs:

Distance km	Volume(m3)	\$/m3/km
End Haul Details: <input type="text"/>	<input type="text"/>	<input type="text"/>
Overland Details: <input type="text"/>	<input type="text"/>	<input type="text"/>

* Similar to old application

* Negatives now allowed for transfers

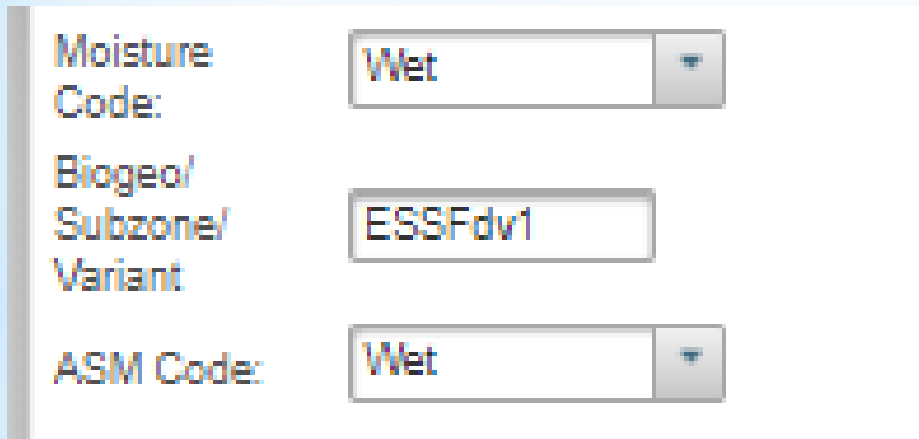

* Add and back (to page) option

* Save and close

* Material % must add to 100%

* Ballast, options the same

Schedule 10 - Soil Moisture

Moisture Code: Wet

Biogeol/ Subzone/ Variant ESSFdv1

ASM Code: Wet

Will look to get this automated, that is Moisture Code determined from tables. This would be a future enhancement

- * Select the BEC/Subzone/Variant combination from the drop down
- * Determine the Absolute Soil Moisture Code using the IAM table
- * Cross reference with relative soil moisture code (RSMC) from the site plan
- * Determine the Moisture Code from the drop down Wet Moist or Dry

Schedule 11

No records found.							
Totals:							

ILCR V1.0.0.28 [COPYRIGHT](#) | [DISCLAIMER](#) | [PRIVACY](#) | [ACCESSIBILITY](#)

- * Use your silviculture worksheet as in the past, but summarize tab 4 from the worksheet in the ILCR
- * Keep your detail support for review process
- * Enter Location Name, BEC info, NAR (ha) Actual Cost (\$) and Planned Cost (\$) - from your Silviculture Excel Survey Worksheet - TAB 3
- * For the BEC info, start to enter and a drop down list will appear which auto completes(see next slide)

Entering the summary data into the ILCR facilitates the deliver of the summary data rather than sending it by excel through email. This is more secure and allows a data extract so that multiple reports are merged and do not need to be combined manually

Schedule 11 - AUTO COMPLETE

When selecting BEC Zone - Sub-Zone and Variant enter the first letter and a list of all combinations starting with that letter is shown. As you fill in the remaining detail the list is adjusted/reduced accordingly

Type a B and list of all possible selections starting with B

Then type W (BW) get only BW possible selections

LCR -> Schedule 11: Basic Silviculture

Add New Location

Location: 11-1

Bioge/Subzone/Variant: B

NAR(ha): BWAun

Actual Cost (\$):

Planned Cost (\$):

Location: Subzone NAR(ha)

No records found.

Totals:

LCR v2.0.1.32

The screenshot shows the 'Add New Location' form with the following fields:

- Location:** 11-1
- Biogeo/Subzone/Variant:** A dropdown menu is open, displaying a list of options: BWSSsk1 (highlighted), BWSSsk2, BWSSskk, BWSSsmk, BWSSsw1, BWSSsw2, BWSSsw, BWSSun, BWSSvk, BWSSwk1, BWSSwk2, and BWSSwk3.
- NAR(ha):**
- Actual Cost (\$):**
- Planned Cost (\$):**

At the bottom of the form, there are columns labeled 'Location #' and 'Sub...', and a message 'No records found.' The page number '50' is visible at the very bottom.

**This last one had
BWBSd selected -
only 3 sections
possible**

BWBSdk
BWBSdk2
BWBSdk

Note the poor clarity is because it was necessary to use screen shot, not Snipping Tool, to show the selection in 1 and 2
