Briefly describe the top three actions taken by your organization in 2016 to reduce GHG emissions and/or improve sustainability from its operations:

Action

1.Replaced one school bus, fuel efficient

2.upgraded heating and ventilation on two buildings, energy saving

3. Replace two photo copy machines, energy saving, automatic two-sided copying, paper saving.

Briefly describe plans your organization has for continuing to reduce your GHG emissions in future years:

Continuing moving forward on heating and ventilation upgrades on other schools, energy saving, staff awareness on energy saving.

Describe any actions your organization took during 2016 to strengthen its ability to manage the likely effects of climate change in the coming years and decades (e.g., have assessed whether increased frequency of extreme weather events and/or long term changes in climate will affect your organization's infrastructure, its employees and/or its clients.)

Continue to improve heating, ventilation and building envelope systems in all facilities.

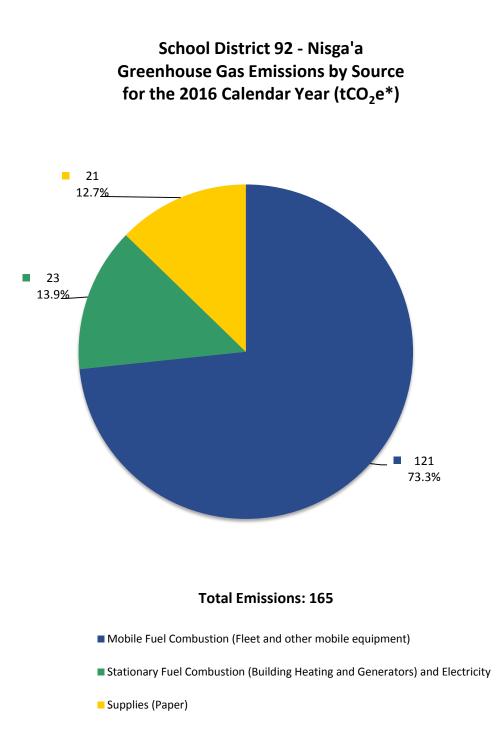

Retirement of Offsets:

In accordance with the requirements of the *Greenhouse Gas Reduction Targets Act* and Carbon Neutral Government Regulation, *[School District No. 92 (Nisga'a)]* (the Organization) is responsible for arranging for the retirement of the offsets obligation reported above for the 2016 calendar year, together with any adjustments reported for past calendar years. The Organization hereby agrees that, in exchange for the Ministry of Environment ensuring that these offsets are retired on the Organization's behalf, the Organization will pay the associated invoice to be issued by the Ministry in an amount equal to \$25 per tonne of offsets retired on its behalf plus GST.
