AND  
HAIDA NATION**

## 2019 INDIGENOUS ATMOSPHERIC BENEFIT AGREEMENT

THIS AGREEMENT made the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_

### BETWEEN:

**HER MAJESTY THE QUEEN IN RIGHT OF THE PROVINCE OF BRITISH COLUMBIA**, as represented jointly by the Minister of Indigenous Relations and Reconciliation, and the Minister of Forests, Lands and Natural Resource Operations

("British Columbia")

### AND

**Haida Nation**, as represented by the Council of the Haida Nation

("Haida Nation")

(Each a "Party" and collectively, the "Parties")

### WHEREAS:

- A. In December 2006 leadership of Haida Nation and other coastal First Nations passed a resolution to explore and work to realize revenues and other benefits related to the increased carbon sequestration that would occur as a result of their land and resource planning initiatives on Haida Gwaii;
- B. On December 12, 2007, British Columbia and Haida Nation entered into a Strategic Land Use Agreement which committed the parties to implement land use and ecosystem based management objectives and protected areas on Haida Gwaii ("Land Use Objectives Agreements");
- C. The Parties entered into the KUNST'AA GUU – KUNST'AAYAH Reconciliation Protocol, dated December 11, 2009, and amended on January 22, 2016, which amongst other things, established commitments related to the analysis and sharing of forest carbon offsets arising from land use decisions;
- D. The Parties are of the view that the implementation of the Land Use Objectives Agreements will continue to increase the amount of carbon sequestration and

reduce carbon emissions that occurs on forested land in the Haida Gwaii Project Area and will result in greenhouse gas reductions that are capable of being recognized as carbon emission offsets;

- E. The Parties utilized a spatial timber supply model to assess the timber supply implications of implementing Land Use Objectives Agreements in the Haida Gwaii Project Area;
- F. Based on the spatial timber supply model, the Parties have utilized an appropriate and credible model for estimating the forest carbon offsets in the Haida Gwaii Project Area;
- G. The Parties entered into the Original Agreement to establish the specific arrangements to utilize atmospheric benefits to achieve progress toward management objectives and satisfy the terms of the KUNST'AA GUU – KUNST'AAYAH Reconciliation Protocol;
- H. On February 22<sup>nd</sup>, 2017, British Columbia and the Great Bear Carbon Credit Limited Partnership entered into the Registration Agreement to support the registration of 100% of the Offset Units for Haida Gwaii and the North and Central-Mid Coast Great Bear Forest Carbon Project; and
- I. The Parties wish to enter into this Agreement to replace the Original Agreement.
