

ILRR Quick Reference Guide Public Report Data Reference Guide

Access the ILRR at: www.ILRR.ca

The ILRR is:

A spatially enabled integrated register of over 280 different types of Crown land interests and tenures, regulated uses, land and resource restrictions, and reservations (i.e. parks, mineral reserves).

In addition to the rights and interests, reference layers available in the ILRR include:

- Crown land parcels and private land parcels where available.
- Administrative boundaries including natural resource districts and provincial parks are available in the MapViewer.
- Base map information including roads, water features, and map grids.

Why use the ILRR?

- Access comprehensive current land and resource information in minutes, instead of days or weeks.
- A real time acquirer takes interest information from a variety of natural resource sector Ministries and registers it in the ILRR (target within 30 minutes) allowing you to immediately view and status the interests against other requested and active interests.
- Determine the current ownership status of the land (Crown and private).
- Identify if further research may be necessary, and then use ILRR information to locate records in systems such as the British Columbia Geographic Warehouse (BCGW) for digital spatial data and resource information, Tantalus GATOR for detailed Land Act and survey information and BC Online for information on private land.
- Identify potential land use conflicts.
- Supports:
 - land-use planning and treaty negotiations;
 - inter-agency referral processes;
 - applications for interests on land; and
 - emergency planning and response.
- Faster, more consistent decision making using common information.
- Reduced risk in decision making.
- Quickly generate queries, maps, reports, share reports with others, and get email notification if something changes on a specific interest.

ILRR Main Menu

Once the user logs into the ILRR the user will see the ILRR Main Menu. The main menu shows all of the functions available to the user to search for interests and rights in the ILRR application.

When working in the ILRR application the left side of the page always displays your ILRR menu functions.

These options allow the user to jump to the different functions of accessing ILRR information or allow the user to return to the ILRR Main Menu.

The screenshot shows the ILRR Main Menu interface. On the left is a sidebar with navigation links: B.C. Home, Ministry of Agriculture and Lands, Integrated Land and Resource Registry (ILRR), ILRR Main Menu (with sub-links: Map Inquiry, Query Interest Record, Survey Parcel Search, Custom Status, My Queries and Notifications, Public Reports, Business Reports), Other BC Land and Resource Services, ILRR Related Links, Reference Materials, and Exit this e-service. The main content area is titled 'ILRR Main Menu' and contains a section 'Select one of the following items to continue.' with links and descriptions for: Map Inquiry (Select an area of interest using an interactive map tool and generate a status report), Query Interest Record (Search for interests using an ILRR Interest Identifier or Agency Record Identifier and generate a status report), Survey Parcel Search (Search for survey parcels using legal description parameters), Custom Status (Build a custom status query to identify all interests that meet a set of parameters such as Interest Type, Holder, Size, Status and Location), My Queries and Notifications (Save and share queries to generate status reports), Public Reports (Generate a conflict and/or constraint report based on an ILRR Interest location, area of interest, shapefile or Geomark URL), and Business Reports (Access Line of Business Reports).

 A new **Public Report** has been added that presents a listing of interests over a particular area. This report will be useful to public users for tracking new authorizations / applications.

Interests in the ILRR

The following interests can be found in the ILRR. There are over 280 interest types in the ILRR and the list provided is just a sample of what is available.

For additional listings of interests refer to the following business area specific quick reference guides:

- Forest Data Quick Reference: http://geobc.gov.bc.ca/rrr/ilrr/files/reference_guides/ILRR-QR-Forest-Data.pdf
- Land Act Quick Reference: http://geobc.gov.bc.ca/rrr/ilrr/files/reference_guides/ILRR-QR-Land-Act-Data.pdf
- Ministry of Environment Quick Reference: http://geobc.gov.bc.ca/rrr/ilrr/files/reference_guides/ILRR-QR-Environment-Data.pdf
- Mineral, Placer and Coal Data Quick Reference: http://geobc.gov.bc.ca/rrr/ilrr/files/reference_guides/ILRR-QR-Mineral-Placer-Data.pdf
- Petroleum, Natural Gas and Geothermal Quick Reference: http://geobc.gov.bc.ca/rrr/ilrr/files/reference_guides/ILRR-QR-Petroleum-Natural-Gas.pdf
- Survey Parcel Fabric Quick Reference: http://geobc.gov.bc.ca/rrr/ilrr/files/reference_guides/ILRR-QR-Survey-Parcel-Fabric.pdf

Forest Recreation Interests

- Recreation Site
- Recreation Trail

Forest Roads

- Forest Service Road
- Road Permit
- Road Use Permit
- Forest Right-Of-Way

Forest Tenures

- Christmas Tree Permit
- Community Forest Agreement
- Community Salvage Licence
- Forest Communication Site
- Forest Land Reserve
- Forest Licence
- Forestry Licence To Cut
- Forest Map Notation
- Free-Use Permit
- Master Licence To Cut
- Occupant Licence To Cut
- Oil & Gas Timber Licence To Cut
- Pulp Licence
- Pulpwood Agreement
- Real Property Project
- Special Use Permit
- Timber Licence
- Timber Sale Licence
- Tree Farm Licence
- Wood Pulp Lease
- Woodlot Licence

Range Act Interests

- Grazing Licence
- Grazing Permit
- Hay Cutting Licence
- Hay Cutting Permit

Other Land Act Authorizations

- Adventure Tourism / Commercial Recreation
- Aggregates and Quarry Materials
- Agriculture - Extensive
- Agriculture - Intensive
- Airports (Ministry of Transportation & Infrastructure)
- All Seasons Resorts/Alpine Skiing
- Aquaculture
- Commercial - General
- Communication Sites
- Community and Institutional Use
- Film
- Floating Home Community
- Golf Courses
- Grazing
- Industrial - General
- Log Handling
- Marinas and Yacht Clubs
- Mining
- Ocean Energy
- Oil and Gas
- Private Moorage
- Residential
- Roadways
- Utilities
- Waterpower
- Wind Power

Land Act Crown Grants

- Agriculture Certificate of Purchase
- Agriculture Crown Grant
- Agriculture Dominion Patents
- Alpine Skiing Crown Grant
- Aquaculture Certificate of Purchase
- Aquaculture Crown Grant
- Commercial Certificate of Purchase
- Commercial Crown Grant
- Commercial Dominion Patents
- Commercial Recreation Crown Grant
- Commercial Revenue Sharing Agreement
- Communication Certificate of Purchase
- Communication Crown Grant
- Community Crown Grant
- Energy Production Crown Grant
- Environment, Conservation, & Recreation Crown Grant
- Environment, Conservation, & Recreation Dominion Patents
- First Nations Crown Grant
- Industrial Certificate of Purchase
- Industrial Crown Grant
- Industrial Dominion Patents
- Institutional Certificate of Purchase
- Institutional Crown Grant
- Institutional Dominion Patents
- Miscellaneous Land Uses Crown Grant
- Miscellaneous Land Uses Dominion Patents
- Pre-Tantalus Certificate of Purchase
- Pre-Tantalus Crown Grant
- Pre-Tantalus Dominion Patents
- Quarrying Crown Grant
- Residential Certificate of Purchase
- Residential Crown Grant
- Residential Dominion Patents
- Transportation Crown Grant
- Transportation Dominion Patents
- Utility Crown Grant

Other Interests in the ILRR

- Coal licences, leases and reserves
- Ecological Reserves
- First Nation Interests
- Guide Outfitter areas
- Heritage Conservation sites
- Mineral Tenure Act (mineral and placer) claims, leases and reserves
- Park Designations
- Petroleum and Natural Gas Interests
- Protected Area Designations
- Traps
- Water Act Interests

ILRR Quick Reference Guide Public Report Data Reference Guide

Access the ILRR at: www.ILRR.ca

Public Reports

The public report provides clients access to a single comprehensive report that utilizes the same data used for an internal report which conforms to the standards of the Freedom of Information and Protection of Privacy Act.

The reports allow a public user to generate a conflict and/or constraint report based on a geographic area of interest through either ILRR Interest location, Area of Interest, or Geomark URL.

Use the following steps to create a Public Report:

Step 1: Select Report Option

Conflict Report: This report will include a listing of overlapping legal interests which may or may not limit or restrict certain activities on the land base.

- Legal (conflicts) include: Act, right, manner and term associated with occupation of land for a specific purpose (for example: tenure, disposition, permit, etc.).

Constraint Report: This report will include a listing of overlapping physical constraints that may or may not limit or restrict certain activities on the land base.

- Physical (constraints) include: Having or constituting a classification based on elements or features existing in nature (for example: Mule deer winter range, Western Caribou habitat, etc.).

Conflicts and Constraints Combined Report: This report will include a combined listing of both conflicts and constraints that fall within your area of interest.

Public Reports

Conflict Report:

This report will include a listing of overlapping legal interests which may or may not limit or restrict certain activities on the land base.
Legal (conflicts):
Act, right, manner and term associated with occupation of land for a specific purpose (for example: tenure, disposition, permit, etc.)

Constraint Report:

This report will include a listing of overlapping physical constraints that may or may not limit or restrict certain activities on the land base.
Physical (constraints):
Having or constituting a classification based on elements or features existing in nature (for example: Mule deer winter range, Western Caribou habitat, etc.)

Conflicts and Constraints Combined Report:

This report will include a combined listing of both conflicts and constraints that fall within your area of interest.

Step 2: Define Search Location

Each report option has the same dialogue window for defining your search location to be used for your report. Users can use one of the three following options for defining a search location:

- ILRR ID (Number):** This is a unique number assigned to the record when the record is added to the ILRR database.
- Area of Interest (AOI):** Define an Area of Interest (AOI) using the map window by clicking the **Choose** button.
Users can **Draw an AOI** or **Pick an Existing Polygon for AOI** or **Upload Shapefile** in the MapViewer window.
- Geomark (ID or URL):** A Geomark is a geographic point, line or area of interest which can be shared in various spatial formats and projections with other people. It allows users to create an area of interest with free software.

More information on the Geomark Web Service can be found at:

http://www.data.gov.bc.ca/dbc/geographic/locate/geomark_web_srv/index.page

Users can also enter a buffer distance to identify interests that are within the specified distance of your specified location. Buffer units are in meters.

Public Conflicts Report

Select one of the following:

☐ ILRR ID (Number)

☒ Area of Interest (AOI)

Choose

Area has been selected.

☐ Geomark (ID or URL)

Enter a buffer size to identify interests that are close to your specified location.

*Buffer (meters):

10

A default buffer of 10 meters is suggested to account for projection issues that may occur between data sets. It is recommended you use this distance to ensure that you cover the area you wish to analyze.

Back

Submit

Step 3: Review Report

Generate PDF: Creates a PDF version of the report that can be printed or saved to a local drive.

Generate PDF

Generate CSV

- Does not include Interest Holder Details

Generate Referral CSV

- Includes Interest Holder Details

Generate CSV: Creates a Comma Separated Value (.csv) file that can be opened in MS Excel to view the report in a table format.

Generate Referral CSV:

Creates a Comma Separated Value (.csv) file that can be opened in MS Excel that contains all Interest Holders that would need to be contacted about any conflicts and/or constraints.

Report Results: The individual records returned from the report.

Page Numbers: Current page number and number of pages in this report.

Run By: CCABANILLA
Report Date: 2013 Sep 27
Time: 04:25 PM
Buffer (meters): 10
BCGS Mapsheet #: 92G.010

Important Note: Cadastral features (ownership class) returned with a value require further research and confirmation.

ILRR Public Report
Constraint (Physical)

Report Title: Displays the Report Title and type of report run (Conflict / Constraint / Combined).

Report Information: Displays information about the report, including who the report was requested by, the date the report was run, any buffer distance used on the report, and the BCGS Mapsheet(s) that the report records.
