Family Visitation Support Program

Family involvement is very important to us and we would like to do what we can to help you visit your child.

Family Visitation Support Program

Our goal is to ensure that your child continues to be supported by their family, Elder, or other positive adults from their community.

Funding support to travel to Burnaby Youth Custody Services is available to families, Elders, or other positive adults from the child's community.

This may include financial assistance with hotel accommodations, meals, and other transportation costs.

In addition to the Family Visitation Support Program, Burnaby Youth Custody Services offers a secure virtual platform that enables video visits with your child. Contact the Case Management team or your child's Youth Probation Officer to find out if a virtual visit is available.

Our Mission

Youth Custody Services contributes to public safety by providing healthy and supportive environments that:

- Empower youth to build on their strengths
- Facilitate engagement with families and community, and
- Support excellence in service delivery

FAMILY ~ Where life begins and love never ends.
