Honourable Lana Popham
Minister of Agriculture

Dear Minister Popham:

PUBLIC ACCOUNTABILITY AND REPORTING PROJECT (PARP) FINAL REPORT

As we recently discussed, I am pleased to share with you the finalized version of the BC Farm Industry Review Board's (BCFIRB) first "Public Accountability and Reporting Project Summary Report".

The overall goal of PARP is to support and demonstrate effective governance and sound leadership of BC's regulated and supply managed agriculture sectors.

The report and related documents and links can also be found on BCFIRB's web site [here](#):

I would like to take this opportunity to acknowledge B.C.'s eight regulated and supply managed boards for their hard work and investment in publicly reporting out on sector performance targets, governance measures and quota management and movement data. This information forms the basis for BCFIRB's PARP Summary Report, which is the first of its kind in BC. We thank the boards and commissions for their contributions.

If you have any questions, I would be pleased to discuss with you.

Yours truly,

Peter Donkers
Chair
