

BIG BAR LANDSLIDE UPDATE

AUGUST 20, 2019

Incident Webpage

BC River Forecast

- Helicopters continue to be successful in transporting salmon past the obstruction. Yesterday, a record number of 2,612 salmon were transported — the most in one day to date. The transport included 2,300 sockeye and 312 chinook, bringing the combined total to 23,479 so far.
- Beach seining specialists from the Gitxsan Watershed Authority, Secwepemc Nation and St'at'imc Nation have had great success capturing salmon for transport operations. Seining crews are also working to identify new seining areas daily.

The Skeena seining crew from the Gitxsan Watershed Authority.

- The incident is being managed by an innovative collaboration, government to government, between First Nations and federal and provincial governments.
