

Freshwater Fishing E-Licensing System: A Tutorial for Anglers

About the Freshwater Fishing E-Licensing System

The E-Licensing system allows individuals to purchase and pay online for a Freshwater Fishing Licence for recreational purposes.

E-licensing gives anglers a wider variety of choices about how, where and when they buy fishing licences. Licences can now be purchased online from a home computer any day, any time.

Vendors continue to play an important role. Anglers who are not comfortable making their purchases online themselves, can buy licences in person at a retail vendor, Service BC or FrontCounter BC office if they prefer. Click [here](#) for a list of retail vendors.

Types of fishing licences

1

Basic Licence: Every angler who is 16 years of age or older will need to buy a Basic Licence which allows them to fish in BC during a given time period.

A Basic Licence is required in order to purchase a Conservation Species Licence and/or a Classified Waters Licence.

2

Conservation Species Licence: Anglers who intend to fish for certain special species must buy a Conservation Species Licence (also called a **Conservation Surcharge**) for each species in addition to the Basic Licence. The special species are Steelhead, Non-Tidal Salmon, Kootenay Lake Rainbow Trout, Shuswap Lake Char, or Shuswap Lake Rainbow Trout.

Basic licences can be validated with up to five Conservation Surcharge stamps as well as a **White Sturgeon Conservation Licence**. A White Sturgeon Conservation Licence is required for anglers to participate in the catch and release White Sturgeon fishery.

Conservation Surcharges are valid for the licence year (April 1st to March 31st) except for White Sturgeon Conservation Licences which can be purchased for a one or eight day period, or as an annual licence.

3

Classified Waters Licence: Anglers who intend to fish in one of BC's specially designated trout streams must buy a Classified Waters Licence in addition to the Basic Licence. A Classified Waters Licence allows B.C. Residents to fish on any classified water in the province during the licensing year (April 1st to March 31st). For Non-Residents, the Classified Waters Licence is sold on a per diem basis and is date and water specific.

What you will need to buy an e-licence

- A computer or device connected to the Internet.
 - Optional: **printer** loaded with letter-sized (8.5 x 11) paper if you need to record your catch retention or choose not to carry your licence in an electronic format.

NOTE: If you are planning to purchase a licence to fish for a species that requires you to record retention record, you **must** carry a paper copy of your licence
 - If your printer doesn't work or you lose your licence, do not buy another licence, see the "Lost Licences" section of our Freshwater Fishing Licences webpage [here](#), for more information on how to retrieve or reprint your licence
- One of the following compatible web browsers:
 - Google Chrome (version 34 or greater)
 - Mozilla Firefox (version 29 or greater)
 - Microsoft Edge (all versions)
 - Microsoft Internet Explorer (version 11 or greater)
 - Any other modern web browser (Apple Safari OS or Apple Safari Mobile, etc) compatible with HTML5 and CSS3
- If the Freshwater Fishing E-Licensing System detects that you have an incompatible browser, it will display a "Browser Not Compatible" error message and you will not be able to use the system.
- The Freshwater Fishing E-Licensing System uses pop-up windows; therefore you must have **pop-up blocking software turned off**.
- **Adobe Reader version 6** or higher is needed to print your fishing licence which will be a PDF document. If you do not already have Adobe Reader, or you need to upgrade to a later version, you can download a free copy of Adobe Reader at http://www.adobe.com/products/acrobat/readstep2_allversions.html.
- A **valid credit card or debit number** to pay for your e-licence on the BC Government's secure payment web site. **VISA, VISA Debit, MasterCard, Debit MasterCard** and **American Express** are accepted.
- An **Angler Number**. You will already have one if you have registered yourself online or purchased an e-licence at a vendor or Service BC Office. If not, the System will give you an Angler Number when you register for the first time.
 - If you've previously held an e-licence, but cannot remember your login credentials (Angler Number or phone number on your profile); there are options available to retrieve your angler number (detailed below)

Step 1 – Getting started

Go to the [Freshwater Fishing Licence](#) home page.

This page provides information about licences, fees, and links to further information about freshwater fishing.

When you are ready to buy a licence, click the **Log In to e-Licence System** button located near the top right hand side of the page. The Logon screen (shown below) will appear.

The screenshot shows the 'BC Recreational Freshwater Fishing Licence' page. The header includes the British Columbia logo and a search icon. The main content area has a left sidebar with links like 'Hunting in B.C.', 'Freshwater Fishing in B.C.', and 'BC Recreational Freshwater Fishing Licence'. The main content area features a 'Please read: Important information about hunting and fishing during COVID-19' notice, followed by instructions on how to purchase a licence (online or in person). There are also buttons for 'Buy Your Fishing Licence Online' and 'Buy Your Fishing Licence In-Person'.

Step 2 – Logon

When you click the **Log In to e-Licence System** button on the previous screen, the Logon page will appear.

If you already have an Angler Number (from a previous visit to this site, or a licence issued by a vendor) enter your Angler Number, Birth Date and Phone number in the **Returning Angler Logon** section of the page. Click the **Logon** button and proceed to Step 5.

If you have never registered for an Angler Number through this web site or purchased an e-licence at a vendor, click the **Register Now** button and proceed to Step 3.

If you've previously held an e-licence but forget your Angler Number click the **Retrieve Angler Number** button and proceed to Step 4.

The screenshot shows the 'Logon' page. The header includes the British Columbia logo and a 'Help' link. The main content area has a left sidebar with links like 'B.C. Home', 'Ministry of Forests, Lands, Natural Resource Operations and Rural Development', and 'RESOURCES'. The main content area features a 'New Angler Registration' section with a 'Register Now' button, and a 'Returning Angler Logon' section with fields for 'Angler Number', 'Birth Date', and 'Phone Number', and a 'Logon' button. There is also a 'Forgot your Angler Number?' section with a 'Retrieve Angler Number' button.

Step 3 – Register and get an Angler Number

If you clicked the **Register Now** button on the Logon screen, the **New Angler Registration** screen will appear.

Enter the requested information and complete the mandatory fields. The personal information you provide will ultimately appear on your fishing licence.

Click the **Register** button and wait (this may take up to a minute). Your Angler Number will be displayed.

Record your new Angler Number. You will need it to buy licences on-line, or to buy additional licences from an e-licence-equipped vendor. **If you provided an email address** during registration you will receive a registration confirmation email which will include your Angler Number.

Proceed to Step 5 to buy licences.

New Angler Registration

Please enter your information below. This information will be used for your Angling licence.

Please check that you have correctly entered your name, sex and birth date - you will not be able to change them after a licence is issued.

Personal information is being collected under the authority of the Freedom of Information and Protection of Privacy Act and the Wildlife Act. The information will be used for program planning and evaluation and to administer the licensing program, including the processing and updating of licence applications. Questions about the use of the information being collected should be forwarded to Director, Fish, Wildlife and Habitat Management Branch, Resource Stewardship Division, Ministry of Forests, Lands and Natural Resource Operations.

* An asterisk indicates a required field.

Help

Retrieve Angler Number

There are three (3) methods of retrieving your Angler Number if you have forgotten it:

Email Address

If you entered an email address when you registered for your Angler Number, choose this option to receive your Angler Number by email. You will be asked to provide your email address and birth date.

Secret Question

If you entered a secret question when you registered for your Angler Number, choose this option to view your Angler Number. You will be asked to provide the answer to the secret question along with your last name, phone number and birth date.

Phone the Help Desk

You can phone the Help Desk from Monday through Friday during business hours at (877) 855-3222 and they will help you find your Angler Number.

Step 5 – Buy and pay for freshwater fishing licences

After you have logged on or registered, the **My Licences** screen will appear. It displays a list of all the angling licences that you have bought (either online yourself or at a vendor location) for the current, and (from March 1-31) upcoming licence year.

You can either buy additional licences now or exit and buy licences from a vendor. **To exit**, click the **Exit this e-service** button at the bottom of the left column.

If you wish to buy licences, select the **Click Here to Buy Licences** button. The Freshwater Licence Application screen will appear.

Questions?

On many of the e-licence screens, you can click the Help icons to see information about how to complete the fields on the screen.

You can also click the larger Help icon **Help** at the top right of every screen, which will display a popup window containing all help topics.

If the online help text doesn't answer your question, you can contact the **Help Desk** by:

- phoning toll free **1-877-855-3222** from Monday to Friday between 8:30 a.m. and 4:30 p.m., or
- sending an e-mail note to the Help Desk at **frontcounterbc@gov.bc.ca**

Thank you!

We welcome your feedback and suggestions for improvement. Please e-mail your comments to the Help Desk. Thank you for using this e-service from the Government of British Columbia, and Good Fishing!
