 - (b) the right to manage
 - (i) Schedule B Land, and
 - (ii) Schedule A Land subject to a timber licence,according to this Licence, the management plan in effect under this Licence, and operational plans approved in respect of this Licence, and
 - (c) the right to enter and use
 - (i) Schedule B Land, and
 - (ii) Schedule A Land subject to a timber licence,for the purpose of exercising a right or fulfilling an obligation under this Licence.
- 1.03 The following types of timber are specified for the purposes of paragraph 1.02:
- (a) on Schedule A Land subject to a timber licence, all merchantable timber; and
 - (b) on Schedule B Land, all types of timber other than deciduous types.
- 1.04 The following types of terrain are specified for the purposes of paragraph 1.02:
- (a) on Schedule A Land subject to a timber licence, all terrain containing merchantable timber; and
 - (b) on Schedule B Land, all types of terrain.
- 1.05 Subject to this Licence, the Licensee may also harvest timber from the Licence Area that is not
- (a) of a type specified in paragraph 1.03, or
 - (b) from a type of terrain specified in paragraph 1.04.

- 1.06 The Licensee will not harvest timber from the Licence Area except under a cutting permit or road permit, or a free use permit issued to the Licensee and as otherwise authorized under the Acts and regulations referred to in paragraph 9.01.
- 1.07 Subject to paragraph 1.08, the Licensee will not occupy Schedule B Land or Schedule A Land subject to a timber licence, except under and in accordance with a cutting permit, road permit, or special use permit authorizing such use or occupation.
- 1.08 Paragraph 1.07 does not apply to temporary occupation for the purpose of
- (a) carrying out silviculture,
 - (b) collecting inventory information,
 - (c) doing engineering layouts and surveys,
 - (d) carrying out protection and forest health activities, and
 - (e) fulfilling other obligations of the Licensee under or associated with this Licence.
- 1.09 Each year during the term of this Licence, the Regional Manager or District Manager may dispose of the following volumes of timber of a type specified in paragraph 1.03 from a type of terrain specified in paragraph 1.04, provided the timber is within areas of Schedule B Land agreed under paragraph 1.12 or specified under paragraph 1.13:
- (a) subject to paragraph 1.17, 80 700 m³ of the allowable annual cut, under non-replaceable timber sale licences; and
 - (b) a volume of timber not exceeding one half of one percent (0.5%) of the portion of the allowable annual cut the Chief Forester determines is attributable to Schedule B Land, under free use permits.
- 1.10 In addition to any timber disposed of under paragraph 1.09, each year during the term of this Licence, the Regional Manager or District Manager may dispose of timber of a type other than that specified in paragraph 1.03 from a type of terrain specified in paragraph 1.04, under timber sale licences issued pursuant to a pulpwood agreement, provided
- (a) the timber is
 - (i) of the type referred to in Section 40(1)(b) of the *Forest Act*,
 - (ii) within a pulpwood area designated by the Minister, and
 - (iii) within areas of Schedule B Land agreed to under paragraph 1.12 or specified under paragraph 1.13, and

- (b) the volume of timber disposed of does not exceed an amount equal to the portion of the allowable annual cut which the Chief Forester determines is attributable to timber of the type referred to in clause(a)(i), having regard to the factors and information considered by the Chief Forester in his or her most recent determination of the allowable annual cut.

1.11 In addition to any timber disposed of under paragraphs 1.09 and 1.10, the Regional Manager or District Manager may dispose of any timber in the Licence Area that is not

- (a) of a type specified in paragraph 1.03,
- (b) from a type of terrain specified in paragraph 1.04,

provided the timber is within areas of Schedule B Land agreed to under paragraph 1.12 or specified under paragraph 1.13.

1.12 Subject to paragraph 1.13, the District Manager and the Licensee will agree upon areas of Schedule B Land for the purposes of paragraphs 1.09, 1.10, 1.11 and 1.18, having regard to

- (a) the type and quality of timber on the area of Schedule B Land under consideration compared to the Schedule B Land as a whole,
- (b) the type of terrain on the area of Schedule B Land under consideration compared to the Schedule B Land as a whole,
- (c) in the case of paragraph 1.10, the type of timber referred to in Section 40(1)(b) of the *Forest Act*,
- (d) in the case of paragraph 1.18, the nature of the Licensee's failure to comply with the management plan,
- (e) the management plan in effect under this Licence and the forest development plan approved in respect of this Licence,
- (f) any potential interference with the operations of the Licensee under this Licence, and
- (g) use of the Licence Area for purposes other than timber production, including use of the Licence Area by
 - (i) trappers, guide outfitters, range tenure holders, and other licensed resource users, and
 - (ii) aboriginal people claiming an aboriginal interest in or to the area.

- 1.13 If under paragraph 1.12 the District Manager and the Licensee are unable to agree upon areas of Schedule B Land for the purposes of paragraphs 1.09, 1.10, 1.11 or 1.18, the District Manager or the Licensee may refer the matter to the Regional Manager, in which case the Regional Manager, subject to paragraph 1.16, and having regard to
- (a) the factors referred to in paragraph 1.12, and
 - (b) the recommendations of the District Manager and the Licensee,
- will specify areas for these purposes.
- 1.14 Subject to paragraphs 1.15 and 1.16, the Minister in a notice given to the Licensee may delete an area from Schedule B Land to enable the Regional Manager or District Manager to issue a woodlot licence over the area, if the Chief Forester determines that the portion of the allowable annual cut attributable to the area does not exceed the volume of timber referred to in subparagraph 1.09(a), having regard to the factors and information considered by the Chief Forester in his or her most recent determination of the allowable annual cut.
- 1.15 Before deleting an area under paragraph 1.14, the Minister will consult the Licensee and consider any recommendations made by the Licensee.
- 1.16 The Regional Manager will only specify an area under paragraph 1.13, and the Minister will only delete an area under paragraph 1.14, where the Regional Manager or the Minister, as the case may be, is satisfied that specifying or deleting the area will not
- (a) compromise the management plan in effect under this Licence or a forest development plan approved in respect of this Licence, or
 - (b) unreasonably interfere with the Licensee's operations under this Licence.
- 1.17 Where the Minister deletes an area under paragraph 1.14, the volume of timber referred to in subparagraph 1.09(a) is deemed to be reduced by an amount equal to the portion of the allowable annual cut that the Chief Forester determines is attributable to the deleted area, having regard to the factors and information considered by the Chief Forester in his or her most recent determination of the allowable annual cut.
- 1.18 If
- (a) a management plan referred to in paragraph 2.01 or approved under paragraph 2.28 provides that part of the allowable annual cut is to be harvested from a specified part of the Licence Area or from a specified type of timber or terrain, and the Licensee fails to comply with that provision, and

- (b) as a consequence, the Chief Forester, under Section 69 of the *Forest Act*, reduces the portion of the allowable annual cut available to the Licensee,

then, in addition to any timber disposed of under paragraphs 1.09, 1.10, and 1.11, the Regional Manager or District Manager may dispose of a volume of timber, from areas of Schedule B Land agreed to under paragraph 1.12 or specified under paragraph 1.13, up to an amount equal to the amount by which the Chief Forester reduces the allowable annual cut under Section 69 of the *Forest Act* multiplied by the number of years the reduction remains in effect.

- 1.19 If an area of Schedule A Land is

- (a) subject to a timber licence that expires, or
- (b) deleted from a timber licence,

then the area is deemed to be deleted from Schedule A Land and added to Schedule B Land.

2.00 MANAGEMENT PLANS

- 2.01 A management plan

- (a) approved under the tree farm licence replaced by this Licence, and
- (b) still in effect on the date immediately preceding the date referred to in paragraph 1.01,

- (b) the deposit is insufficient to indemnify the Crown for any liability which the Crown might incur as a consequence of the activity or operation,

the Regional Manager or District Manager may require the Licensee to maintain with the Crown a special deposit, in a form acceptable to the Minister, in the amount determined by the Regional Manager or District Manager, as the case may be, and the Licensee will comply.

12.14 Subject to the *Forest Act* and the regulations made under that Act, the Crown will return to the Licensee

 - (i) this Licence expires and is not replaced under Section 36 of the *Forest Act*, or is surrendered, and
 - (ii) the Regional Manager is satisfied that the Licensee has fulfilled its obligations under this Licence, and
- (b) a special deposit, less deductions made under paragraph 12.12, when the Regional Manager is satisfied that the Crown is no longer at risk of being held liable as a consequence of an activity or operation referred to in paragraph 12.11.

 - (b) becomes vested in the Crown by escheat, reversion, transfer or otherwise during the term of this Licence, except as provided in this Licence.
 - 3.2 The map(s) accompanying this Schedule are for convenience only, and if there is any discrepancy between the map(s) and the description of boundaries in Paragraph 2, the description in Paragraph 2 will be deemed to be correct.
 - 3.3 All alienated Crown Land may not be identified as such on the attached Schedules and maps.

 - (b) "butt log" means the log cut from the portion of the tree that was previously attached to the stump;
 - (c) "diameter at stump height" means
 - (i) in the case of standing timber, the diameter of the tree (outside bark) measured at the point of the maximum stump height shown in the table attached to this Schedule, and
 - (ii) in the case of a butt log, the diameter (outside bark) at the butt end of the log; and
 - (d) "slab" means one of 2 or more parts of a log produced as a result of the log fracturing along its length;
 - (e) "stump height" means the height of the stump measured on the side of the stump adjacent to the highest ground;
 - (f) "top diameter" means the diameter (inside bark) at the narrowest end of the log;
 - (g) "top log" means any log that is not a butt log.

2.00 FELLING SPECIFICATIONS

- 2.01** Subject to paragraph 4.06 of the Licence, standing timber of the species detailed in Table 1 of this Schedule must be felled in accordance with the following specifications:
- (a) all timber meeting the minimum diameter at stump height shown for species in Table 1 must be felled; and
 - (b) unless otherwise authorized in writing by the District Manager, timber must be felled to a stump height that does not exceed the maximum stump height shown for that species in Table 1.

3.00 BUCKING SPECIFICATIONS

- 3.01 Subject to paragraph 4.06 of this Licence, felled or dead-and-dow timber of the species referred to in paragraph 2.01 must be bucked so as to maximize the volume of logs and slabs which
- (a) meet the utilization specifications referred to in Part 4.00 of this Schedule, and
 - (b) are of the species and grades specified as obligatory utilization under Part 5.00 of this Schedule.

- (b) all top logs meeting
 - (i) the minimum log length,
 - (ii) the minimum top diameter, and
- (c) all slabs meeting
 - (i) the minimum slab length, and
 - (ii) the minimum slab thickness

shown for that species in Table 2 attached to this Schedule must be utilized.

- 4.02 The Licensee need not utilize timber of the species and grades specified in Part 6.00 of this Schedule as optional utilization.
