

# CYBERSECURITY AWARENESS MONTH

## AI: WEEK 3 - DAY 2 - CHALLENGE 10

**Ever explored the creative options AI offers?**

**Why not make a new recipe with ingredients you have at home?**

**Ask a text-based AI application to give you a recipe to make something based off of 5 ingredients in your fridge, pantry, or a combo of both.**

**Email a screenshot of the creative concoction the application suggests you to make to [OCIOSecurity@gov.bc.ca](mailto:OCIOSecurity@gov.bc.ca)**
