# Carbon Neutral Action Report North Island College

## **Executive Summary**

North Island College has continued towards carbon neutrality through initiatives, discussing, developing and sharing goals with user groups. We have continued to upgrade lighting through retrofit programs and revised operational procedures to change all lighting over to increase energy efficient lighting as the opportunity arises during regular maintenance cycles. Further, we have added energy recovery systems to our building heating systems to reduce consumption of fossil fuels. We are working towards a web based information site that will provide the users and public with an ongoing source of information on how we are progressing towards our goals and educate the staff on reducing and recycling.

## Part 1: Actions Taken to Reduce Greenhouse Gas Emissions in 2008

### Overview

North Island College has continued towards carbon neutrality through initiatives and education with user groups. We have rolled out a paper recycling initiative for the Comox Valley Campus as the first stage of a college wide implementation. NIC has completed an energy audit for our campuses in Port Alberni, Comox Valley and trades sites in Campbell River and Port Alberni. Further we have made application to PSECA for funding the retrofitting of lighting and boilers. The college has committed resources to replacing of all lighting to improve energy efficiency. In the community we promote Bike to Work Week Activities and encourage staff participation.

ction	Action Taken	Outcome/Performance Measure	Notes Clarifying Action Taken
Replaced # computers with EnergyStar models			
	In Progress	standard operational procedure	180 computers
Asked staff to close blinds daily	In Progress		Education of users through electronic
			newsletter
Turned off lights in unused rooms	In Progress		Education of users through electronic
			newsletter and stickers on switches
Installed multi-function devices (and removed stand-	In Progress		education of users as units are now available
alone printers/faxes)	-		
Replaced standard bulbs with CFLs	In Progress		replacement of all incandescent with LED,
	ŭ		Compact Fluorescent
Undertaken lighting retrofit	In Progress	ongoing retrofit	·
Undertaken building energy audit at LOCATION(s)	Complete	Energy audit completed Port Alberni,	
	·	Campbell River trades facility, Comox Valley	
		Campus Courtenay	
Initiated or completed a building energy retrofit	In Progress	,	
Update Building automation system	In Progress		Ongoing upgrade to increase efficiency

Purchased green cleaning products	Complete	changed janitorial practices and contracts	
Used green (low-e paints)	Complete	Facilities policy	
Part 2: Plans to Continue Reducing Gre	enhouse Gas En	nissions 2009 2011	

### Overview

North Island College has committed to reducing consumption of energy and burning of carbon fuels through upgrade to major boiler replacement with condensing technologies. Further we have applied to PSECA for funding to upgrade lighting on two campuses. Staff and students are encouraged to use alternate forms of transportation through education and support of bike to work week programs and increasing the number of bike racks available on campuses. We will use our paperless communication systems including emails and newsletters to educate users on the actions taken and planned by NIC to reduce and recycle. Our web based information systems will be upgraded to provide a resource for information and education.

2.1 Stationary Fuel Combustion (including electricity)						
Action	Action Planned	Outcome/Performance Measure	Notes Clarifying Action Taken	Timeframe		
Replace # computers with EnergyStar models	In Progress	replace 180 computers		annual		
Ask staff to close blinds daily	In Progress		education, newsletter	quarterly		
Encourage staff to use stairs	Planned					
Turn off lights in unused rooms	In Progress		educate janitorial staff			

June 30, 2009

Replace Refrigerators (EnergyStar rated appliance)	Planned	remove old appliances		
Install multi-function devices (and remove stand-alone printers/faxes)	Planned			
Replace standard bulbs with CFLs	Planned	energy retrofit		annual
Undertake lighting retrofit	Planned	PSECA application		
Utilize desk-top power management settings on computer	Planned	. ода, сарриовион	education, newsletter	
Initiate corporate computer shut-down/wake-up for maintenance	Planned		education, newsletter	
Initiate or complete a building energy retrofit	In Progress	PSECA Program	replace equipment	
2.2 Supplies				
Action	Action Planned	Outcome/Performance Measure	Notes Clarifying Action Taken	Timeframe
Commit to use 30% recycled paper	In Progress		policy with purchasing	
Initiate automatic double sided printing	In Progress		education of users through electronic newsletters	
Commit to hold paperless meetings	In Progress		education and support with IT	
Re-use non-confidential scrap paper	In Progress		Cadadan and Support With II	
Encourage re-use of furniture and equipment	In Progress	reduce purchasing of new furniture	Ongoing campus inventory and storage for future reassignment of furniture.	
2.3 Travel				
Action	Action Planned	Outcome/Performance Measure	Notes Clarifying Action Taken	Timeframe
Set a X% Travel reduction goal	Planned	Outcome/1 criormance incasure	email, newsletter	Timetranic
Train staff in the use of Live Meeting (or other desktop collaborative software)	In Progress		email, newsletter	
Install Video Conferencing facilities	In Progress			
Initiate Travel Policy	Planned			
Mandate car pooling to government meetings	In Progress			
Support alternative travel	Planned	Increase public awareness of opportunities.	install weather protected bike racks, support	
(bike/skateboard/walk/transit) for meetings			ride to work programs, increase opportunities for showers on campuses
