Halalt First Nation may formally opt out of receiving notification for certain types of decisions by providing this request in writing to British Columbia. In this case the decisions will be included in the annual list of decisions as per section 1.12.	British Columbia provides Halalt First Nation base level information and a short reasonable time (30 calendar day consultation period to comment). Halalt First Nation is able to comment or request additional information. Where Halalt has concerns about potential impacts to aboriginal interests, an additional 15-30 calendar days may be requested to allow Halalt to provide a more comprehensive response. If Halalt First Nation does not respond to the notification, the decision is included in the annual report of decisions (section 1.12).
<b>4. Expedited Consultation Process</b>	At any level of consultation where there is an imminent threat to a resource value (e.g. mountain pine beetle spread control) an expedited consultation process is undertaken.	Intense but short timeline (about 10 calendar days). A written justification for shortening the period must be given describing the imminent threat. A meeting may be required.
<b>5. Normal Consultation</b>	Follow on "normal" track for consultation guided by up-to-date consultation policy. Halalt First Nation and British Columbia will hold meetings to resolve issues as needed and make decision in a timely manner.	Intent to follow this course in most circumstances. Usually a 30 – 60 calendar day consultation period. May involve meaningful discussion of accommodation options where appropriate. Where Halalt First Nation communicates concerns about potential impacts to Aboriginal Interests during First Nation consultation, British Columbia will provide the Halalt First Nation with the final decision and rationale in writing.
<b>6. Deep Consultation</b>	Use reasonable effort to engage in meaningful a manner and to fully discussion the proposed decision. Make reasonable and meaningful efforts to accommodate where necessary. Preliminary assessments may indicate a significant Aboriginal Interest and a significant impact to that interest.	Would involve meaningful discussion of suitable accommodation options and interim solutions where appropriate. May require extended timelines as discussed and requested by either Party. British Columbia will provide the Halalt First Nation with the final decision and rational in writing.

- 1.11 The Parties agree to increase or decrease the consultation level for a specific proposed Administrative and/or Operational Decision or Operational Plan where specific Aboriginal Interest information is provided that indicates a different consultation level is appropriate. British Columbia will not unreasonably refuse a request from Halalt First Nation to increase or decrease the consultation level for a specific proposed Administrative and/or Operational Decision or Operational Plan where such information is provided. Where British Columbia does not agree to increase the level of consultation at the request of Halalt First Nation, rationale will be provided in writing.
- 1.12 British Columbia will provide Halalt First Nation with an annual list of decisions made by a Delegated Decision Maker as requested by Halalt First Nation.

## **APPENDIX C**

### **Revenue Sharing Contribution Methodology**

#### **Forest Consultation Area (HTG Core Area shown in Appendix A) Forest Revenue Sharing Component**

- 1.0 In each BC Fiscal Year that this Agreement is in effect, and subsequent to the release by the Minister of Finance of the previous BC Fiscal Year's public accounts, a summary document will be prepared of the South Island District forest revenue, defined as the total of stumpage, waste and annual rent payments received by the Crown for the previous 2 BC Fiscal Years. An average amount over 2 years will be calculated for the South Island District.
- 1.1 For the purposes of the summary document in section 1.0 of this Appendix, the stumpage payments from Eligible Volume in Halalt First Nation's Forest License (if applicable) will not be included in the calculations of forest revenue.
- 1.2 The amount of the forest revenue attributed to the Halalt First Nation's Forest Consultation Area (HTG Core Area shown in Appendix A) will be calculated by determining the percent of Halalt First Nation's Forest Consultation Area (HTG Core Area shown in Appendix A) that falls within the Timber Harvesting Land Base in the South Island District, applied against the forest revenue described in section 1.0 of this Appendix. This calculation will prorate for overlapping territories of other First Nations.
- 1.3 The Forest Consultation Area (HTG Core Area shown in Appendix A) Forest Revenue Sharing Component will be calculated by multiplying 3 percent of the forest revenue attributed to the Halalt First Nation as described in section 1.2 of this Appendix.
- 1.4 If Halalt First Nation is not receiving capacity funding for forestry consultation through a SEA or RA, then it will receive \$35,000 or the amount calculated in accordance with section 1.3, whichever is greater, which may be used by Halalt First Nation as capacity funding to participate in the consultation process in accordance with section 6.0 of this Agreement.
- 1.5 For each BC Fiscal Year that this Agreement is in effect, the calculations outlined in sections 1.0 to 1.4 of this Appendix will be performed.

#### **Direct Award Tenure Forest Revenue Sharing Component**

- 2.0 Subsequent to the release by the Minister of Finance of the previous BC Fiscal Year's public accounts, a summary document will be prepared of Halalt First Nation's Forest License forest revenue (if applicable), defined as the total of stumpage payments received by the Crown for the previous BC Fiscal Year from Eligible Volume within Halalt First Nation's Forest License.
- 2.1 The Direct Award Forest Tenure Revenue Sharing Component will be calculated by multiplying 35 percent of the forest revenue as described in section 2.0 of this Appendix.

- 2.2 For each Fiscal Year that this Agreement is in effect, the calculations outlined in sections 2.0 and 2.1 of this Appendix will be performed.

### **Forest Revenue Sharing Transition**

- 3.0 The Parties agree that a transition to revenue sharing based entirely on Forest Revenue will be phased in over the Term.
- 3.1 For each BC Fiscal Year that this Agreement is in effect, a portion of the Revenue Sharing Contribution is calculated by adding the total of the Forest Consultation Area Forest Revenue Sharing Component to the Direct Award Tenure Forest Revenue Sharing Component for that BC Fiscal Year.
- 3.2 For each BC Fiscal Year that this Agreement is in effect, the remaining portion of the Revenue Sharing Contribution is calculated by determining the value of the payments that were made by British Columbia to Halalt First Nation in any given full year under the *Halalt First Nation Forest Agreement 2005* ("the Annual Amount") and applying the following percentages to that Annual Amount:
- 3.2.1 2021/22 BC Fiscal Year: 40 percent;
- 3.2.2 2022/23 BC Fiscal Year: TBD; and
- 3.2.3 2023/24 BC Fiscal Year: TBD
- 3.3 Notwithstanding section 3.2 of this Appendix, if the Revenue Sharing Transition Calculation under section 3.1 provides:
- (a) an amount calculated under sections 1.3 and 2.1 of this Appendix that is equal to or greater than the annual payments received under the *Halalt First Nation Forest Agreement 2005*, then Halalt First Nation will receive the annual payments described by the Revenue Sharing Transition Calculation in section 3.1; and
  - (b) an amount calculated under the Revenue Sharing Transition Calculations in sections 3.1 and 3.2 of this Appendix that is greater than the annual payments received under the *Halalt First Nation Forest Agreement 2005*, then Halalt First Nation will receive an annual payment that is equal to the annual payment received under the *Halalt First Nation Forest Agreement 2005*.
