### School District Statement of Financial Information (SOFI)

### Board of Education of School District No. 36 (Surrey)

### Fiscal Year Ended June 30, 2022

### MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, Grant Thornton LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

Prepared as required by Financial Information Regulation, Schedule 1, section 9

#### MANAGEMENT REPORT

Version: 7124-6378-4395

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 36 (Surrey) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 36 (Surrey) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a monthly basis and externally audited financial statements yearly.

The external auditors, Grant Thornton LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 36 (Surrey) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

On behalf of School District No. 36 (Surrey)

## Independent Auditor's Report

Grant Thornton LLP Suite 1600 333 Seymour Street Vancouver, BC V6B 0A4

To the Board of Education of School District No. 36 (Surrey) and the Ministry of Education of the Province of British Columbia:

#### Opinion

We have audited the accompanying financial statements of School District No. 36 (Surrey) (the "School District"), which comprise the statement of financial position as at June 30, 2022, and the statements of operations, changes in net financial assets (debt) and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements of the School District for the year ended June 30, 2022 are prepared, in all material respects, in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

#### **Basis for opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the School District in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Emphasis of matter**

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

#### Other matter – supplementary information

We draw attention to the fact that the supplementary information included in Schedules 1 to 4 do not form part of the financial statements. We have not audited or reviewed this supplementary information and, accordingly, we do not express an opinion, a review conclusion or any other form of assurance on this supplementary information.

#### **Other information**

Management is responsible for the other information. The other information comprises the information included in the Annual Financial Report Discussion and Analysis for the year-ended June 30, 2022, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation of these financial statements in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the School District's ability to continue as a going concern, disclosing, as applicable, matters related to a going concern and using the going concern basis of accounting unless management either intends to liquidate the School District or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the School District's financial reporting process.

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
  a material misstatement resulting from fraud is higher than for one resulting from error, as fraud
  may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
  control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the School District's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the School District to cease to continue as a going concern.

© Grant Thornton LLP. A Canadian Member of Grant Thornton International Ltd 3

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Vancouver, Canada September 14, 2022

Grant Thornton LLP

### NOTE 1 AUTHORITY AND PURPOSE

The School District operates under authority of the School Act of British Columbia as a corporation under the name of "The Board of Education of School District No. 36 (Surrey)" and operates as "School District No. 36 (Surrey)". A board of education ("the Board") is elected for a four-year term and governs the School District. The School District provides educational programs to students enrolled in its schools in the cities of Surrey and White Rock and is principally funded by the Province of British Columbia through the Ministry of Education. School District No. 36 (Surrey) is exempt from federal and provincial corporate income taxes.

The COVID-19 outbreak was declared a pandemic by the World Health Organization in March 2020 and has had a significant financial, market and social dislocating impact worldwide. Under direction of the Provincial Health Officer, all school districts followed a modified in-class instruction delivery model and adopted new health and safety guidelines for the fiscal year as needed.

The ongoing impact of the pandemic presents uncertainty over future cash flows, may have a significant impact on future operations including decreases in revenue, impairment of receivables, reduction in investment income and delays in completing capital project work. As the situation is dynamic and the ultimate duration and magnitude of the impact are not known, an estimate of the future financial effect on the School District is not practicable at this time.

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act of the Province of British Columbia*. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except in regard to the accounting for government transfers as set out in Notes 2(f) and 2(m).

In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect.

As noted in Notes 2 (f) and 2 (m), Section 23.1 of the *Budget Transparency and Accountability Act* and its related regulations require the School District to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense.

As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

The impact of this difference on the financial statements of the School District is as follows:

Year Ended June 30, 2022

### **NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

a) Basis of Accounting (cont'd)

Year-ended June 30, 2022 - increase in annual surplus by \$49,614,307. June 30, 2022 - increase in accumulated surplus by \$775,282,079, a decrease in deferred revenue by \$6,823,860 and a decrease in deferred capital revenue by \$768,458,219.

Year-ended June 30, 2021 - increase in annual surplus by \$63,016,231. June 30, 2021 - increase in accumulated surplus by \$725,667,772, a decrease in deferred revenue by \$4,322,529 and a decrease in deferred capital revenue by \$721,345,243.

b) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand balances on deposit in financial institutions that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

d) Portfolio Investments

Investments in GIC's, term deposits, bonds and other investments held by the School District that are not quoted in an active market are reported at cost or amortized cost.

As at June 30, 2022, the School District did not hold any investments in portfolio investments.

e) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

f) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes both government transfers and other contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2(m).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished. See Note 2(a) for the impact of this policy on these financial statements.

Year Ended June 30, 2022

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2022 and projected to March 31, 2025. The next valuation will be performed at March 31, 2025 for use at June 30, 2025. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

h) Prepaid Expenses

Materials and supplies held in central stores for use within the School District are included as a prepaid expense and stated at acquisition cost and are charged to expense over the periods expected to benefit.

i) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved (see Notes 13 – Interfund Transfers and Note 20 – Internally Restricted – Operating Fund).

j) Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the School District:
  - o is directly responsible; or
  - accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

Year Ended June 30, 2022

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

k) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straightline basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

I) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School District's rate for incremental borrowing or the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

m) Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Year Ended June 30, 2022

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

m) Revenue Recognition (cont'd)

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions that are government transfers is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished. See note 2 (a) for the impact of this policy on these financial statements.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

n) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

Year Ended June 30, 2022

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

o) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in Note 2(a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contaminated sites, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

p) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, portfolio investments, accounts payable and accrued liabilities, and other liabilities. The School District does not have any derivatives.

Except for portfolio investments in equity instruments quoted in an active market that are recorded at fair value, all financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition and amortized using the effective interest rate method. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

All financial assets are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

q) Future Changes in Accounting Policies

**PS 3280 Asset Retirement Obligations** issued August 2018 establishes standards for recognition, measurement, presentation and disclosure of legal obligations associated with the retirement of tangible capital assets and is effective July 1, 2022. A liability will be recognized when, as at the financial reporting date:

- there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- the past transaction or event giving rise to the liability has occurred;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the Statement of Operations.

Year Ended June 30, 2022

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

q) Future Changes in Accounting Policies (Cont'd)

A modified retroactive application has been recommended by Government. Management is in the process of assessing the impact of adopting this standard on the School District's financial results.

**PS 3400 Revenue** issued November 2018 establishes standards on how to account for and report on revenue and is effective July 1, 2023. Specifically, it differentiates between revenue arising from transactions that include performance obligations, referred to as "exchange transactions", and transactions that do not have performance obligations, referred to as "non-exchange transactions".

Revenue from transactions with performance obligations should be recognized when (or as) the School District satisfies a performance obligation by providing the promised goods or services to a payor.

Revenue from transactions with no performance obligations should be recognized when a school district:

- (a) has the authority to claim or retain an inflow of economic resources; and
- (b) identifies a past transaction or event that gives rise to an asset.

This standard may be applied retroactively or prospectively. Management is in the process of assessing the impact of adopting this standard on the School District's financial results.

### NOTE 3 ECONOMIC DEPENDENCE

The operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

### NOTE 8 DEFERRED CAPITAL REVENUE

Deferred capital revenue includes grants and contributions received that are restricted by the contributor for the acquisition of tangible capital assets that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. Once spent, the contributions are amortized into revenue over the life of the asset acquired.

	2022 \$	2021 \$
Deferred Capital Revenue, (includes Work in progress), beginning of year, July 1st.	732,557,868	669,406,618
Increases:

Deferred Capital Revenue (includes Work in Progress), end of year, June 30th.	779,678,677	732,557,868

Work in progress amount as of June 30, 2022 was \$75,342,753 (June 30, 2021: \$51,556,231).

Year Ended June 30, 2022

### NOTE 9 EMPLOYEE FUTURE BENEFITS

Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance and death benefits. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

	June 30, 2022	June 30, 2021
	\$	\$
Reconciliation of Accrued Benefit Obligation

	1,100,470	1,110,047

Year Ended June 30, 2022

### **NOTE 9 EMPLOYEE FUTURE BENEFITS** (Continued)

The significant actuarial assumptions adopted for measuring the School District's accrued benefit obligations are:

	2022	2021
Discount Rate – April 1	2.50%	2.25%
Discount Rate – March 31	3.25%	2.50%
Long Term Salary Growth – April 1	2.50% + seniority	2.50% + seniority
Long Term Salary Growth – March 31	2.50% + seniority	2.50% + seniority
EARSL – March 31	9.5 years	8.6 years

The impact of changes in assumptions between the March 31, 2022 measurement date and June 30, 2022, reporting date have been considered and are not material.

### NOTE 10 OTHER LIABILITIES

Vacation pay and banked overtime are recognized as an expense at the time the entitlement is earned through service.

	June 30, 2022	June 30, 2021
	\$	\$
Salaries and Benefits Payable	60,301,354	63,299,930
Accrued Vacation Payable	9,095,439	9,419,781
	69,396,793	72,719,711

Year Ended June 30, 2022

### NOTE 11 EMPLOYEE PENSION PLANS

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan, jointly trusteed pension plans. The board of trustees for these plans, representing plan members and employers, are responsible for administering the plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits provided are based on a formula. Defined contribution plan accounting is applied to the plans as the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, plan assets and cost to individual employers participating in the plans. The School District's employer contributions to these plans in the fiscal year ended June 30, 2022 were \$66,583,319, (2021: \$64,088,192).

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry- age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

#### Teachers' Pension Plan

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2020, indicated a \$1,584 million surplus for basic pension benefits on a going concern basis. The next valuation will be December 31, 2023.

As of December 31, 2021, The Teachers' Pension Plan has about 50,000 active members from school districts, and approximately 40,000 retired members from school districts.

Teacher Pension Plan is determined on a formula based on contribution rates as a percentage of salary. The following rates were used for 2022 and 2021 fiscal years.

For 2022	Employer
Flat percent of salary	11.30%
For 2021	Employer
Flat percent of salary	11.30%

### (YMPE for 2021 set at \$61,600)

#### Municipal Pension Plan

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits and a balance of \$2,485 million in the rate stabilization account. The next valuation will be December 31, 2021, with results available in 2022.

As of December 31, 2021, The Municipal Pension Plan has about 227,000 active members, of which approximately 29,000 are from school districts.

Municipal Pension Plan is determined on a formula based on contribution rate of 9.31% of salary for 2022 (2021: 9.69%).

Year Ended June 30, 2022

Cost at June 30, 2021, includes work in progress on Buildings for \$60,162,761 that is not being amortized. Amortization of these assets will commence when the asset is put into service.

Year Ended June 30, 2022

### NOTE 13 INTERFUND TRANSFERS

The School District manages their accounts using three different funds – operating, special purpose and capital. Transfers between funds during the current year are as follows:

- Transfers of \$3,552,867 (2021: \$3,991,305) from the operating fund and \$2,677,776 (2021: \$4,874,330) from the special purpose fund, totalling \$6,230,643 (2021: \$8,865,635) to the capital fund, were made to purchase various capital assets;
- Transfers of \$nil were made to the operating fund from the capital fund's local capital (2021: \$5,000,000). Prior year transfers related to the School District's use of and commitment to approved government capital projects, furniture and equipment, vehicles and other infrastructure upgrades.

#### NOTE 14 RELATED PARTY TRANSACTIONS

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

#### NOTE 15 OPERATING LEASE OBLIGATIONS

The School District has operating lease agreements for facilities that require payments over the next five fiscal years ending June 30 as follows:

2023	\$805,699
2024	\$662,266
2025	\$532,694
2026	\$355,092
2027	\$48,000

Year Ended June 30, 2022

### NOTE 16 CONTRACTUAL OBLIGATIONS

The School District has a total of \$59,071,632 (2021: \$69,479,265) of contractual obligations at year end related to the construction or renovation of buildings, which are funded from deferred capital revenues of Ministry of Education Bylaw capital, Restricted Capital, Land Capital, Local Capital Reserve funds and operating funds. Disclosure relates to the unperformed portion of the contracts.

Total Contractual Commitments	\$ 59,071,632

Year Ended June 30, 2022

#### **CONTINGENT LIABILITIES** NOTE 17

In the ordinary course of operations, the School District has legal proceedings brought against it and provisions have been included in liabilities where appropriate. It is the opinion of management that final determination of these claims will not have a material effect on the financial position or operations of the School District. The resulting loss on the District, if any, will be recorded in the period in which it is determinable.

#### **NOTE 18 ASSET RETIREMENT OBLIGATION**

Legal liabilities may exist for the removal or disposal of asbestos in schools that will undergo major renovations or demolition. The value of the liability for asbestos removal or disposal will be recognized in the period in which a reasonable estimate of fair value can be made. As at June 30, 2022 the liability is not reasonably determinable.

#### **NOTE 19 EXPENSE BY OBJECT**

	2022		2021

#### Statement 2

The significant changes between the original budget and amended were:

Revenues:

- Ministry of Education Amended to reflect actual Operating grant adjustments of \$3.6 million due to higher student enrolment, and Special Purpose Funds of \$6.7 million, including Classroom Enhancement Fund Remedies of \$2.9 million and the Safe Return to School/Restart funding of \$1.8 million.
- Gain on Disposal of Tangible Capital Assets Property sale completed in October 2021.

Year Ended June 30, 2022

#### **NOTE 21 BUDGET FIGURES** (Continued)

Expenses:

- Instruction Increased salary and benefit costs to support student growth, increased substitute costs due to absenteeism, increased supply allocations to schools, and increased salaries related to Classroom Enhancement Fund Remedies.
- Operations and Maintenance costs related to Safe Return to School/Restart funding, and increase salary, benefit and utilities costs.

#### Statement 4

The significant changes between original budget and amended were:

• Revised forecast of Acquisition of Tangible Capital Assets.

#### NOTE 22 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized Canadian and British Columbia financial institutions.

b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. Currently, the School District does not hold any investments in portfolio investments. The School District is exposed to minimal interest rate risk through its cash and cash equivalents on deposit with financial institutions as some of the cash is interest bearing. The investment objectives are on protecting investments rather than the potential for superior returns. The School District has very low tolerance for risk with investments and prefers a low degree of price volatility.

#### c) Liquidity risk:

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

Year Ended June 30, 2022

### **NOTE 22 RISK MANAGEMENT** (Continued)

Liquidity risk (cont'd)

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk Management and insurance services for all school districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance. There have been no changes to risk exposure from 2021 related to credit, market or liquidity risks.

#### NOTE 23 COMPARATIVE FIGURES

Certain comparative figures have been restated where necessary to conform with current period presentation.

#### UNAUDITED SCHEDULE OF FINANCIAL INFORMATION REMUNERATION AND EXPENSES - EMPLOYEES For The Year Ended June 30, 2022

Schedule 4

#### DEFINITIONS

The *Financial Information Regulation*, Schedule 1, subsection 6(1) provides the following definitions in relation to remuneration and expenses paid in respect of employees.

Remuneration -

(a) includes any form of salary, wages, bonuses, gratuities, taxable benefits except MSP, payment into trust or any form of income deferral paid by the corporation to the employee or on behalf of the employee during the fiscal year being reported upon, whether or not such remuneration is reported under the Income Tax Act (Canada), and

(b) does not include anything payable under a severance agreement.

#### Expenses

(a) includes travel expenses, memberships, tuition, relocation, vehicle leases, extraordinary hiring expenses, registration fees and similar amounts paid directly to an employee, or to a third party on behalf of the employee, and which has not been included in "remuneration",

(b) is not limited to expenses that are generally perceived as perquisites, or bestowing personal benefit, and may include expenditures required for employees to perform their job functions, and

(c) excludes benefits of a general nature applicable to all employees pursuant to an agreement such as medical, dental, counselling, insurance and similar plans
