

# HOME LANDSCAPE PESTICIDE USE

Visit [www.gov.bc.ca/HomePesticideUse](http://www.gov.bc.ca/HomePesticideUse)

If you would like to use pesticides on your lawns, flower beds or ornamental trees and shrubs, first:

- Check with your municipality about any pesticide bylaws. Then, you have choices
- Hire a licenced service company
- Obtain a Residential Applicator Certificate (RAC), or
- Use a pesticide that doesn't require a certificate

- How do I hire a licenced company?
- Do I need a Residential Applicator Certificate? How can I get one?
- Which pesticides can I use without a certificate?
- How can I find out whether my municipality has a pesticide bylaw?
