

## SMALL SCALE SALVAGE PROFESSIONAL APPLICATION Mapping Standards

The following describe minimum standards for a map that must accompany a Small Scale Salvage Application (Forestry License to Cut). Applicants should check with the district salvage coordinator to determine whether additional local guidelines exist.

- 1. Scale 1:10000
- Reference to appropriate 1:20000 forest cover map sheet number
- 3. Geographic description (name of nearest known feature)
- 4. Description of access from nearest town or well known point
- 5. UTM coordinates or latitude and longitude
- 6. Legend
- 7. Boundaries of surveyed private land, Indian reserve, parks, woodlot license, or other active tenures and roads.
- 8. Boundary of the area proposed for harvesting under the Forestry License to Cut
- 9. Significant topographic features within the application area, including streams, wetlands and lakes
- 10. Resource features, as defined by legislation, in the vicinity of the salvage area
- 11. Clearcut areas, including plantations adjacent to the areas proposed for salvage
- 12. Access roads and trails to or between harvest sites (not including dispersed skid routes to conduct single tree removal within the area)
- 13. Landings to be utilized on or off the proposed salvage area
- 14. Stream crossings and machine free zones
- 15. Domestic water supply intakes and water supply infrastructure
- 16. Government approved experimental projects, growth and yield plots, operational trials and research installations
- 17. Range improvements, including structures, excavations or constructed livestock trails
- 18. Trapping cabins, identified trapping sites and access trails
- 19. Recreation sites and known features
- 20. Cultural heritage resource features
- 21. Critical wildlife habitat areas
